### Key Features:

- **Chrome Finish:** Robust chrome-plated metal components for durability and easy cleaning.
- **Crystal Bubble Technology:** Thick, clear glass cylinder lampshades with internal crystal bubble bulbs create a unique visual effect.
- **5 Color Temperature Modes:** Adjustable from 2700K (Soft Warm White) to 6500K (Day White) to suit various preferences.
- **Dimmable:** Compatible with external dimmers (not included) for adjustable brightness.
- **Energy-Efficient LED:** High-quality 35W LED chip with up to 3300 lumens, bulbs included.
- **Versatile Application:** Suitable for bathrooms, vanity areas, mirrored cabinets, makeup rooms, living rooms, bedrooms, staircases, hallways, and more.

### What's Included:

- 1 x Chrome Base
- 5 x Clear Glass Shade

- 5 x Crystal Bubble Bulb
- Mounting Hardware
- Instruction Manual

## 2. SAFETY INFORMATION

---

Please read and understand all instructions before beginning installation. Failure to do so may result in electric shock, fire, or other injuries that could be fatal or cause property damage.

- Always turn off the power supply at the main circuit breaker before installing or servicing the fixture.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all electrical connections are made in accordance with local codes and ordinances.
- Do not exceed the recommended wattage for the bulbs.
- Handle glass components with care to prevent breakage.
- Keep children away from the installation area.

## 3. INSTALLATION

---

Ensure the electricity supply is cut off before beginning installation. This fixture is designed for wall-mount installation.

Video: Detailed guide on how to install the Quntis 5-Light bathroom vanity light fixture.

### Step-by-Step Guide:

1. **Remove Mounting Plate:** Carefully remove the mounting plate from the fixture base. Save the two screw caps that were unscrewed.
2. **Attach Mounting Plate:** Attach the mounting plate to the electrical outlet box on your wall using appropriate screws.
3. **Connect Wires:** Connect all electrical wires correctly (live, neutral, ground). Use wire nuts caps to secure connections. Attach the copper ground wire to the ground screw on the mounting plate.
4. **Install Fixture Base:** Install the vanity light fixture onto the mounting plate, securing it with the previously removed screw caps.
5. **Assemble Shades:** Place the metal cover on each glass lampshade. Then, carefully attach each glass lampshade to the light fixture with the acrylic column.
6. **Adjust Color Temperature:** After installation, adjust the color temperature using the CCT switch located on the fixture base to your desired setting (2700K, 3000K, 4000K, 5000K, or 6500K).

# INSTALLATION

1 Remove the mounting plate from the fixture base, save the two screw caps that were unscrewed

2 Attach the mounting plate to the outlet box.

3 Connect all wires correctly, and cover the wire knot with wire nuts caps. Attach copper wire to ground screw.

4 Install the vanity light fixture onto the mounting plate with screw caps.

5 Place the metal cover on the glass lampshade and then attach the glass lampshade to the light fixture with the acrylic column carefully.

6 Adjust color of light after installation.

## 4. OPERATING INSTRUCTIONS

The Quntis Vanity Light offers adjustable color temperature and dimming functionality to customize your lighting experience.

### Color Temperature Adjustment:

The fixture features a CCT (Correlated Color Temperature) switch, typically located on the fixture base, allowing you to select from five distinct color temperatures:

- **2700K:** Soft Warm White for a cozy atmosphere.
- **3000K:** Warm White for balanced natural light.
- **4000K:** Neutral White for cool yet comfortable illumination.
- **5000K:** Cool White for crisp, clear lighting.
- **6500K:** Day White for bright, invigorating radiance.

### **Dimming Capability:**

This light fixture is smoothly dimmable from 100% down to 10% brightness, without flickering or noise. To utilize the dimming feature, an external dimmer switch (not included) must be installed. Ensure the dimmer switch is compatible with LED lighting.

# 100%-10%

## SMOOTHLY DIMMABLE FROM

Brightness can be adjusted by dimmer, no flashing, no noise

Image: Illustration showing the Quntis Vanity Light dimming from 100% to 10% brightness, highlighting the need for an external dimmer.

## 5. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your Quntis Vanity Light.

- **Cleaning:** Use a soft, dry cloth to wipe down the chrome finish and glass shades. For stubborn spots, a slightly damp cloth with mild soap can be used, followed by drying thoroughly. Avoid abrasive cleaners or solvents that may damage the finish.
- **Bulb Replacement:** The fixture features integrated LED bulbs designed for an extended lifespan. If replacement is ever needed, consult the manufacturer or a qualified electrician.
- **Inspection:** Periodically check all connections and mounting hardware to ensure they remain secure.

## 6. TROUBLESHOOTING

If you encounter any issues with your Quntis Vanity Light, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Light does not turn on	No power supply; Loose wiring; Faulty switch	Check circuit breaker; Ensure all wires are securely connected; Test the wall switch.
Light flickers	Incompatible dimmer; Loose wiring; Power fluctuations	Ensure dimmer is LED compatible; Check wire connections; Consult an electrician for power issues.
Incorrect color temperature	CCT switch set incorrectly	Adjust the CCT switch on the fixture base to the desired setting.

If these steps do not resolve the issue, please contact Quntis customer support for further assistance.

## 7. SPECIFICATIONS

---
