To maintain the quality and appearance of your building set:

- **Cleaning:** Wipe the assembled model with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. The

included display stand is ideal for safe and prominent display.

- **Handling:** While durable, avoid dropping the model or applying excessive force, as this may cause pieces to detach or break.

If you encounter issues during or after assembly, consider the following:

- **Missing Pieces:** If you discover any missing pieces in your kit, please contact customer support with details of the part required.
- **Loose Connections:** Ensure all bricks are firmly pressed together. If a section feels loose, gently re-press the connecting pieces.
