Package Contents

Ensure all items are present in the package:

- Cooler Master Devastator 3 Gaming Keyboard
- Cooler Master Devastator 3 Optical Mouse
- User Manual (this document)

Setup

Follow these steps to set up your Cooler Master Devastator 3 combo:

1. **Connect the Keyboard:** Locate an available USB port on your computer. Plug the USB connector of the Cooler Master

Devastator 3 Keyboard into the USB port.

2. **Connect the Mouse:** Locate another available USB port on your computer. Plug the USB connector of the Cooler Master Devastator 3 Mouse into the USB port.
3. **Driver Installation:** The keyboard and mouse are plug-and-play devices. Your operating system (Windows 10 or later recommended) should automatically detect and install the necessary drivers. This process may take a few moments.
4. **Verification:** Once drivers are installed, the keyboard backlighting should illuminate, and the mouse sensor should activate. Test basic functionality by typing and moving the mouse.

Operating Instructions - Keyboard

Basic Functions

The keyboard features a standard QWERTY layout with 104 keys, including a numeric keypad and function keys (F1-F12).

- **Typing:** Use the alphanumeric keys for text input.
- **Function Keys:** F1-F12 keys perform various system functions, often in combination with the 'Fn' key (if present) or directly depending on your operating system and software.
- **Multimedia Keys:** Dedicated multimedia keys (e.g., volume control, play/pause) are integrated for convenient media management.

RGB Backlighting Control

The Devastator 3 keyboard features RGB backlighting. Use the dedicated keys to cycle through lighting modes and colors.

- **Cycle Modes:** Press the **Fn + F1** key combination to cycle through different lighting effects (e.g., static, breathing, color cycle).
- **Change Colors:** Press the **Fn + F2** key combination to change the static color or the primary color of dynamic effects.
- **Adjust Brightness:** Use **Fn + Page Up** to increase brightness and **Fn + Page Down** to decrease brightness.

Operating Instructions - Mouse

Basic Functions

The Devastator 3 optical mouse provides precise tracking and an ergonomic grip.

- **Left/Right Click:** Standard mouse buttons for selection and context menus.
- **Scroll Wheel:** For vertical scrolling and as a middle-click button.
- **Side Buttons:** Typically used for forward/back navigation in web browsers or customizable in gaming software.

DPI Adjustment

The mouse features on-the-fly DPI adjustment to change sensitivity.

- **DPI Button:** Press the dedicated DPI button (usually located behind the scroll wheel) to cycle through preset DPI levels. Each press will change the sensitivity, indicated by a change in the mouse's LED color.

Maintenance

Proper maintenance ensures the longevity and performance of your Devastator 3 combo.

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the keyboard and mouse. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the device. Do not use harsh chemicals or abrasive materials.
- **Dust Removal:** Use compressed air to remove dust and debris from between the keyboard keys and around the mouse sensor.
- **Storage:** When not in use for extended periods, store the devices in a clean, dry environment away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter issues, try the following solutions:

- **Device Not Recognized:**
  - Ensure the USB cables are securely plugged into your computer's USB ports.
  - Try plugging the devices into different USB ports.
  - Restart your computer.
  - Check your computer's Device Manager to see if the devices are listed and if there are any driver issues.
- **Keyboard Backlighting Not Working:**
  - Ensure the keyboard is properly connected.
  - Try adjusting the brightness using **Fn + Page Up/Down**.
  - Cycle through lighting modes using **Fn + F1**.
- **Mouse Cursor Not Moving or Erratic:**
  - Ensure the mouse cable is securely connected.
  - Clean the optical sensor on the bottom of the mouse with a soft, dry cloth.
  - Ensure you are using the mouse on a suitable surface (e.g., a mouse pad, not a reflective or transparent surface).
  - Try adjusting the DPI settings.

Specifications

Feature	Detail
Brand	Cooler Master
