SETUP

Initial Charging:

Before first use, it is recommended to fully charge the stylus. You have two charging options:

1. **USB-C Fast Charging:** Connect the provided USB-C cable to the stylus's charging port and a compatible USB power adapter. A full charge takes approximately 30 minutes.
2. **Magnetic Wireless Charging:** For compatible iPad models (listed in the Compatibility section), simply attach the stylus magnetically to the side of your iPad. The stylus will begin charging wirelessly. A full magnetic charge takes approximately 1.5 hours.

Pairing:

The HATOKU Stylus does not require Bluetooth pairing or any special applications. Simply press the power button located at the top of the stylus to turn it on. It will automatically connect to your iPad, ready for use.

MAGNETIC CHARGING

Display power in real time on iPad, automatically charges and pairs on the go

Indicator (Flash while charging)

- Green: Battery at Full-70%
- Blue: Battery at 70%-30%
- Red: Battery below 30%

- 👍 Magnetic charging
- 👍 Magnetic for adsorption
- 👍 Real time power display

Note : The magnetic charging feature is only available for iPad pro 11", iPad Pro12.9" 3rd / 4th / 5th / 6th, iPad Air 4th / 5th and iPad mini 6th

OPERATING INSTRUCTIONS

Basic Use:

Once powered on, the stylus is ready for writing, drawing, marking, signing, and taking notes directly on your iPad screen.

Palm Rejection:

The stylus features palm rejection technology, allowing you to rest your hand naturally on the iPad screen while writing or drawing without causing unintended marks or interference.

PALM REJECTION

You can rest your hand naturally on the screen without worrying the accidental inking.

Image: A hand comfortably resting on the iPad screen while using the stylus, illustrating the effective palm rejection feature.

Tilt Function:

The stylus is equipped with tilt sensing technology. This allows you to vary the thickness and depth of your lines by simply tilting the stylus, mimicking the effect of a traditional pencil or brush. Note that this stylus does not have pressure sensitivity.

Image: The stylus in use on an iPad, illustrating how tilting the pen changes the line thickness, along with various compatible drawing application icons.

Battery Level Indicator:

When connected to your iPad via Bluetooth (for battery level display only, not for operation), you can view the stylus's battery level directly in the iPad's status bar or through the battery widget.

Smart Power Off:

To conserve battery, the stylus will automatically power off after 5 minutes of inactivity.

CHARGING

The HATOKU Stylus offers flexible charging options:

- **USB-C Charging:** Provides a full charge in approximately 30 minutes, offering up to 10 hours of continuous use.
- **Magnetic Wireless Charging:** For compatible iPad models, charging takes about 1.5 hours for a full charge.

Ensure the stylus is properly aligned for magnetic charging. The iPad's battery widget will display the stylus's charge status.

MAINTENANCE

Replacing Pen Nibs:

Over time, the pen nib may wear down. Replace it with one of the included spare nibs to maintain optimal performance.

1. Gently twist the old nib counter-clockwise to remove it.
2. Align a new nib with the stylus tip and twist clockwise until securely fastened. Do not overtighten.

THE BEST ALTERNATIVE TO PENCIL FOR APPLE

Newest model for 2023 with new upgraded features

Image: A close-up of three yellow replaceable pen nibs, highlighting their availability for maintenance.

Cleaning:

Wipe the stylus body with a soft, dry cloth. Avoid using abrasive cleaners or solvents.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stylus not responding	Battery is low or depleted. Stylus is off.	Charge the stylus. Press the power button to turn it on. Ensure iPad is compatible.
Magnetic charging not working	iPad model is not compatible with magnetic charging. Stylus not properly aligned.	Refer to the Compatibility section. Realign the stylus on the iPad's magnetic strip. Use USB-C charging as an alternative.
Palm rejection not working	Ensure your iPad's settings do not interfere with stylus input.	Check iPad settings for any conflicting stylus or accessibility options.
Inaccurate or skipping lines	Worn-out pen nib. Screen protector interference.	Replace the pen nib. Ensure screen protector is thin and properly applied.
