LostCat Twin Over Twin

LostCat Twin Over Twin Bunk Bed Instruction Manual

Model: Twin Over Twin (Natural) | Brand: LostCat

Important Safety Information

WARNING: Failure to follow these safety guidelines may result in serious injury.

- Do not exceed the maximum weight recommendation of**200 lbs per bed**. Exceeding this limit may lead to structural failure and injury.
- Proper assembly is required to ensure structural integrity and prevent collapse. Failure to follow assembly instructions may result in injury.
- This product is not intended for children under 6 years of age.
- Young children should be supervised when using the ladder and accessing the upper bed to prevent falls and injuries.
- Ensure all connections are securely tightened before use and periodically check for looseness.

Product Overview

The LostCat Twin Over Twin Bunk Bed is designed for comfort and space efficiency, suitable for children, teens, and adults. Constructed from durable pine wood, plywood, and MDF, this bunk bed features a low-profile design for enhanced safety, especially for younger users.

Key Features:

- **Material:** Pine Wood, Plywood, MDF
- **Size:** Twin Over Twin
- **Color:** Natural
- **Design:** Low profile for increased safety, especially for lower bunk users.
- **Guardrails:** Full-length guardrail on the upper bunk.
- **Ladder:** Integrated short ladder for easy and safe access.
- **Support:** Slat support system, no box spring required.

Setup and Assembly

Assembly of the LostCat Twin Over Twin Bunk Bed is required. It is recommended to have two adults for assembly.

Please ensure you have sufficient space and all components before beginning.

Before You Begin:

1. **Unpack:** Carefully unpack all components and hardware. Place them on a clean, soft surface to prevent scratches.
2. **Verify Parts:** Refer to the included parts list to ensure all pieces are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.
3. **Tools:** All necessary assembly tools are typically provided. Keep them handy.

Assembly Steps:

Follow the detailed, step-by-step instructions provided in the separate assembly manual included with your product. Ensure all bolts and screws are tightened securely at each stage, but do not overtighten until instructed.

Operating Instructions

This bunk bed is designed for safe and comfortable use when operated according to guidelines.

- **Weight Capacity:** Each bed (upper and lower) has a maximum weight capacity of 200 lbs. Do not exceed this limit.
- **Mattress:** A mattress thickness of 6 inches or less is suggested for both bunks to ensure proper guardrail height on the upper bunk.
- **Upper Bunk Access:** Always use the provided ladder to access the upper bunk. Do not jump onto or off the upper bunk.
- **Guardrails:** The upper bunk is equipped with full-length guardrails. Ensure they are always in place and securely fastened.

- **Children:** Supervise young children when they are near or using the bunk bed, especially the upper bunk and ladder.

Maintenance

Regular maintenance will help prolong the life and ensure the safety of your bunk bed.

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Fasteners:** Periodically (e.g., every 3-6 months) check all screws, bolts, and connections. Tighten any that have become loose due to normal use. Do not overtighten.
- **Inspection:** Regularly inspect the bed frame for any signs of wear, damage, or structural weakness. Address any issues promptly.

Troubleshooting

If you encounter any issues with your LostCat Twin Over Twin Bunk Bed, please refer to the following common solutions:

- **Bed feels unstable or wobbly:** Re-check all assembly steps. Ensure all bolts and screws are fully tightened. Uneven flooring can also contribute to instability; consider using furniture pads to level the bed.
- **Squeaking noises:** Squeaking can often be resolved by tightening all fasteners. If the issue persists, ensure the slats are properly seated and consider applying a small amount of lubricant (e.g., paraffin wax) to contact points between wood components.
- **Missing or damaged parts:** Do not attempt to use the bed with missing or damaged parts. Contact LostCat customer support immediately for replacement parts.
