Quntis Quntis Bathroom Light Fixtures 5-Light

Quntis 5-Light Dimmable Modern Bathroom Vanity Light User Manual

Brand: Quntis | Model: Quntis Bathroom Light Fixtures 5-Light

1. Introduction and Product Overview

Thank you for choosing the Quntis 5-Light Dimmable Modern Bathroom Vanity Light. This fixture is designed to provide versatile and comfortable illumination for your bathroom, bedroom, living room, or other indoor spaces. It features a stylish brushed nickel finish, high-quality clear glass shades with crystal bubble acrylic columns, and integrated LED lighting with 5 adjustable color temperature modes.

The Quntis vanity light is UL Certified, ensuring safety and reliability. Its energy-efficient LED technology offers a long lifespan and supports stepless dimming (dimmer switch not included) for customizable brightness. This manual will guide you through the installation, operation, and maintenance of your new lighting fixture.

2. Package Contents

Please ensure all components are present and undamaged before beginning installation. If any parts are missing or damaged, please contact customer support.

- Clear Glass Shades (5x)
- Metal Light Fixtures (1x)
- Crystal Bubble Bulbs (5x, integrated LED)
- Mounting Hardware (screws, wire nuts, mounting plate)
- Installation Manual (this document)

3. Installation Instructions

WARNING: Always ensure the electricity supply is turned off at the main circuit breaker before beginning any electrical installation to prevent electric shock.

Follow these steps for safe and proper installation:

1. **Prepare the Fixture:** Remove the mounting plate from the fixture base. Keep the two screw caps that were unscrewed in a safe place.
2. **Attach Mounting Plate:** Securely attach the mounting plate to your electrical outlet box using the provided screws.
3. **Connect Wiring:** Connect all wires correctly according to local electrical codes. Use the provided wire nuts to secure connections. Attach the copper ground wire from the fixture to the ground screw in the outlet box.
4. **Mount the Fixture:** Carefully install the vanity light fixture onto the attached mounting plate using the screw caps previously set aside.
5. **Install Glass Shades and Acrylic Columns:** Place the metal cover onto the glass lampshade, then carefully attach the crystal bubble acrylic column into the light fixture.
6. **Adjust Color Temperature:** After installation and restoring power, adjust the desired color temperature using the 5CCT switch located on the fixture.

4. Operating Instructions

4.1. Color Temperature Adjustment

Your Quntis vanity light features a 5CCT switch, allowing you to select from five different color temperature modes to suit your preference and mood. The available options are:

- 2700K (Soft Warm White)
- 3000K (Warm White)
- 4000K (Neutral White)
- 5000K (Cool White)
- 6500K (Day White)

Locate the 5CCT switch on the fixture and slide it to your desired color temperature setting. It is recommended to adjust the color temperature after the light has been fully installed.

4.2. Dimmable Functionality

The Quntis vanity light supports stepless dimming from 1% to 100% brightness. To utilize this feature, a compatible dimmer switch (not included) must be installed. Ensure the dimmer switch is suitable for LED lighting to avoid flickering or noise.

4.3. Reversible Mounting

This wall-mounted light fixture can be installed facing upwards for enhanced illumination or downwards to create a softer ambiance, depending on your preference and room design.

5. Maintenance

The Quntis vanity light is designed for long-lasting performance with its integrated LED lights, boasting a lifespan of at least 50,000 hours, significantly reducing the need for frequent bulb replacements.

To maintain the appearance and functionality of your fixture:

- **Cleaning:** Ensure the power is off before cleaning. Wipe the fixture and glass shades with a soft, dry, or slightly damp cloth. Avoid using abrasive cleaners, solvents, or polishes as they may damage the finish.
- **Inspection:** Periodically check for any loose connections or signs of wear. If any issues are found, consult a qualified electrician.

6. Troubleshooting

If you encounter any issues with your Quntis vanity light, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Light does not turn on	No power, loose wiring, faulty switch	Check circuit breaker. Ensure all wire connections are secure. Test the wall switch.
Light flickers or hums	Incompatible dimmer switch, loose connection	Ensure dimmer switch is LED compatible. Check wiring connections.
Incorrect color temperature	5CCT switch setting	Adjust the 5CCT switch on the fixture to the desired setting.
Light is too dim/bright	Dimmer setting, 5CCT switch setting	Adjust the dimmer switch. Ensure the 5CCT switch is set to a preferred brightness level (some color temperatures may appear brighter).

If the problem persists after attempting these solutions, please contact Quntis customer service for further assistance.

7. Specifications
