

Mpayel 7867

Mpayel 16-inch Black Low Profile Ceiling Fan with Light (Model 7867) - User Manual

Model: 7867

Brand: Mpayel

1. SETUP AND INSTALLATION

This Mpayel low profile ceiling fan is designed for easy installation. Most functional parts are pre-assembled. All necessary mounting hardware is included in the package.

Installation Steps:

1. **Prepare the Mounting Location:** Identify the desired ceiling location for the fan. Ensure the electrical box is securely mounted and capable of supporting the fan's weight.
2. **Attach the Mounting Bracket:** Secure the provided mounting bracket to the ceiling electrical box using the included screws. Mark and drill holes for additional anchors if necessary to ensure stability.
3. **Connect Wiring:** Carefully connect the fan's electrical wires to your household wiring. Typically, white wire connects to white, and black wire connects to black. Ensure all connections are secure using wire nuts.
4. **Mount the Fan Body:** Lift the fan body and align it with the mounting bracket. Secure the fan body to the bracket using the provided screws.
5. **Final Assembly:** Ensure all connections are tucked neatly into the canopy and the fan is securely fastened to the ceiling.

For a visual guide, please refer to the installation video provided below.

2. OPERATING INSTRUCTIONS

Your Mpayel ceiling fan can be controlled via the included remote control or a dedicated smartphone application.

Remote Control Functions:

- **Light ON/OFF:** Press the light button to turn the light on or off.
- **Stepless Dimming:** Use the brightness adjustment buttons (+/-) to adjust the light intensity from 10% to 100%.
- **Color Temperature Selection:** Cycle through three color temperatures: Warm (3000K), Neutral (4000K), and White (6500K).
- **Fan Speed Control:** Select from 6 fan speeds (1-2 Low, 3-4 Medium, 5-6 High).
- **Timer Setting:** Set the fan to turn off automatically after 2 hours.

- **Forward/Reverse Function:** Press the 'R' key on the remote. The fan will stop completely, wait 5-8 seconds, and then automatically reverse direction. This function is useful for circulating air in different seasons.
- **Memory Function:** The fan remembers your last light setting (color temperature and brightness) when turned off with the remote control.

3. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Mpayel ceiling fan.

Cleaning:

- **Blades:** The fan features 7-ABS transparent blades that are easy to clean. Use a soft, damp cloth to wipe away dust and debris. Avoid abrasive cleaners.
- **Light Fixture:** Gently wipe the acrylic lampshade with a soft, dry or slightly damp cloth.
- **General Cleaning:** Ensure the fan is turned off and disconnected from power before cleaning.

4. TROUBLESHOOTING

If you encounter any issues with your Mpayel ceiling fan, please refer to the following common problems and solutions:

Problem	Possible Cause	Suggested Remedy
Fan/Light Not Working	No power supply; Loose wiring; Remote battery low.	Check power switch and circuit breaker; Ensure all wires are securely connected; Replace remote battery.
Remote Not Responding	Remote battery low; Remote not paired; Obstruction between remote and receiver.	Replace remote battery; Re-pair remote with the fan (refer to pairing instructions); Remove any obstructions.
Light Not Functioning	Loose wiring; LED driver malfunction.	Check light wiring connections; Contact customer support for LED driver replacement.
Excessive Noise	Loose mounting screws; Unbalanced fan blades.	Tighten all mounting screws; Ensure blades are properly installed and balanced.
