

BRIKSMAX 10325

BRIKSMAX LED Lighting Kit for LEGO 10325 Alpine Lodge - Standard Lighting Instruction Manual

Model: 10325 Standard Lighting

1. INTRODUCTION

This instruction manual provides detailed guidance for installing and operating your BRIKSMAX LED Lighting Kit for the LEGO 10325 Alpine Lodge. This kit is designed to enhance the visual appeal of your LEGO model by illuminating its various features. Please read these instructions carefully before beginning installation.

Note: The LEGO 10325 Alpine Lodge building set is not included with this lighting kit.

2. SAFETY INFORMATION

- Keep small parts away from children to prevent choking hazards.
- Handle LED lights and wires with care to avoid damage.
- Ensure power is disconnected before making or changing any connections.
- Do not expose the lighting kit to water or extreme temperatures.

3. PACKAGE CONTENTS

Before starting, please verify that all components listed below are present in your package:

- LED Light Strips and Individual LEDs
- Connection Cables
- USB Power Cables
- Expansion Boards
- Battery Box (batteries not included)
- Instruction Manual

NO
LEGO

PACKAGE LIST

57*LED LIGHTS

18*CABLES

3*USB CABLES

11*EXPANSION BOARDS

2*BATTERY BOX

4. SETUP AND INSTALLATION

Follow the step-by-step instructions provided in the included printed manual for precise installation. The general process involves integrating the LED components into your pre-assembled LEGO 10325 Alpine Lodge.

1. Carefully disassemble necessary sections of your LEGO model as indicated in the detailed instructions.
2. Position the LED lights and light strips in the designated areas. Ensure wires are neatly tucked away to maintain the model's aesthetic.
3. Connect the LED components to the expansion boards using the provided cables. The reversible plugs allow for easier insertion in any direction.
4. Connect the expansion boards to the power source (battery box or USB cable).
5. Reassemble the LEGO model sections, ensuring no wires are pinched or damaged.

5. OPERATING INSTRUCTIONS

Once installed, connect the power source. If using the battery box, ensure fresh batteries are inserted (3x AA batteries, not included). If using a USB cable, connect it to a compatible USB power adapter (5V/1A recommended, not included). The lights will illuminate, bringing your LEGO Alpine Lodge to life.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the LED components and wires. Avoid using liquids or abrasive cleaners.
- **Battery Replacement:** If using the battery box, replace all batteries simultaneously when lights dim or stop working. Ensure correct polarity.
- **Wire Management:** Periodically check that all wires are securely connected and not exposed or damaged. Re-tuck any loose wires.

7. TROUBLESHOOTING

If you encounter issues with your BRIKSMAX LED Lighting Kit, please refer to the following common problems and solutions:

- **Lights not turning on:**
 - Check that the power source (battery box or USB) is correctly connected and functional.
 - Ensure batteries in the battery box are fresh and inserted with correct polarity.

- Verify all cables are securely plugged into the LEDs and expansion boards.
- **Flickering lights:**
 - This may indicate a loose connection. Re-check all cable connections.
 - If using batteries, they may be low. Replace them with new ones.
- **Individual lights not working:**
 - Inspect the specific LED and its connection for any damage or dislodgement.
 - Ensure the wire leading to the non-functional LED is not pinched or cut.

If problems persist after following these steps, please contact customer support.

8. SPECIFICATIONS

Feature	Detail
Product Dimensions	6.69 x 4.72 x 2.17 inches
Item Weight	8.3 ounces
Item Model Number	10325
Manufacturer Recommended Age	8 years and up
Power Source	Battery Box (3x AA, not included) or USB (5V/1A, adapter not included)

9. WARRANTY AND SUPPORT
