Filter-Monster Replacement Filter for Happi KJ80 Purifier Instruction Manual

Model: HA-KJ80-FM1

INTRODUCTION

This manual provides essential information for the proper installation and maintenance of your Filter-Monster HA-KJ80-FM1 Replacement Filter, designed for use with the Happi KJ80 Air Purifier. Adhering to these instructions will ensure optimal performance and longevity of your air purification system.

PRODUCT OVERVIEW

The Filter-Monster HA-KJ80-FM1 is a high-efficiency replacement filter engineered to maintain clean and fresh air. It features an initial effect layer designed to capture larger particles and a True HEPA certification for fine particulate removal.

Key Features:

- **Reliable Air Purification:** Designed for compatibility with the Happi KJ80 Purifier to maintain indoor air quality.
- **Efficient Initial Effect Layer:** Captures larger particles such as dust, pet dander, and pollen, extending filter lifespan.
- **True HEPA Certified:** Ensures effective removal of fine airborne contaminants.

COMPATIBILITY

This Filter-Monster HA-KJ80-FM1 Replacement Filter is specifically designed for use with the **Happi KJ80 Air Purifier**. Ensure your air purifier model matches this specification for proper fit and function.

INSTALLATION INSTRUCTIONS

Follow these steps to correctly install the replacement filter in your Happi KJ80 Air Purifier:

1. **Power Off:** Before beginning, ensure your Happi KJ80 Air Purifier is unplugged from the power outlet.
2. **Access Filter Compartment:** Refer to your Happi KJ80 user manual for instructions on how to open the filter compartment. This typically involves twisting or unlatching the bottom cover of the unit.
3. **Remove Old Filter:** Carefully remove the used filter from the air purifier. It may have a pull tab for easier removal. Dispose of the old filter according to local regulations.
4. **Unpack New Filter:** Remove the new Filter-Monster HA-KJ80-FM1 replacement filter from its protective packaging.
5. **Insert New Filter:** Place the new filter into the air purifier's filter compartment. Ensure it is seated correctly and securely. The filter may have a pull tab that should face outwards for future removal.
6. **Close Compartment:** Securely close the filter compartment cover.
7. **Restore Power:** Plug the air purifier back into the power outlet.
8. **Reset Filter Indicator (if applicable):** If your air purifier has a filter replacement indicator, follow the manufacturer's instructions to reset it. This usually involves pressing and holding a specific button for a few seconds.

MAINTENANCE

For optimal air purification performance, it is recommended to replace the Filter-Monster HA-KJ80-FM1 filter every **6 to 8 months**, or sooner depending on usage and air quality conditions. Do not attempt to wash or clean the filter, as this can damage the filter media and reduce its effectiveness. Always replace with a new, genuine Filter-Monster replacement filter.

TROUBLESHOOTING

- Filter Does Not Fit:**

Ensure you have the correct model filter (HA-KJ80-FM1) for your Happi KJ80 Air Purifier. Verify that the filter is oriented correctly according to your air purifier's instructions.
- Air Purifier Not Functioning After Filter Change:**

Check that the filter compartment cover is securely closed. Ensure the air purifier is properly plugged into a working power outlet. If applicable, reset the filter indicator as per your air purifier's manual.
- Reduced Airflow or Odor:**

If you experience reduced airflow or persistent odors shortly after changing the filter, ensure the new filter was removed from all plastic packaging. If the issue persists, the filter may need to be replaced sooner due to unusually heavy air pollution.

SPECIFICATIONS

Brand	Filter-Monster.com
