TXXTOL Magnetic Wireless Charger with Stand

Instruction Manual for iPhone 15/14/13/12 Series

1. PRODUCT OVERVIEW

The TXXTOL Magnetic Wireless Charger with Stand is a versatile charging solution designed for iPhone 12, 13, 14, 15 series, and AirPods with wireless charging cases. It features strong magnetic alignment for secure device placement and offers both upright stand charging and flat pad charging options. This package includes a 20W USB-C PD adapter and a 5ft cable for fast and secure charging.

2. PACKAGE CONTENTS

- Magnetic Wireless Charger (1)
- Magnetic Wireless Charger Stand (1)
- PD 20W USB-C Charging Adapter (1)
- 5ft USB-C Charging Cable (1)
- User Manual (1)

3. KEY FEATURES

- **Strong Magnetic Alignment:** Ensures your device is securely held in place for optimal charging.
- **2-in-1 Design:** Functions as both a charging stand and a removable charging pad.
- **Fast Charging:** Includes a 20W USB-C PD adapter and 5ft cable for rapid power delivery.
- **Versatile Viewing:** Supports both vertical and horizontal charging positions on the stand, ideal for video calls, watching media, or checking notifications.
- **Broad Compatibility:** Specifically designed for iPhone 15/15 Pro/15 Pro Max/15 Plus, iPhone 14/14 Pro/14 Pro Max/14 Plus, iPhone 13/13 Pro/13 Pro Max/13 Mini, iPhone 12/12 Pro/12 Pro Max/12 Mini, and AirPods 3/2 Pro (with wireless charging case). Compatible with Mag-Safe cases.
- **Safety Protections:** Built-in intelligent chip provides over-current, short-circuit, over-voltage, and over-temperature protection.

4. SETUP INSTRUCTIONS

1. **Assemble the Stand:** If the magnetic charging pad is separate from the stand, gently insert the charging pad into the designated circular slot on the stand. Ensure the cable is routed through the cable management channel on the stand.
2. **Connect Power Adapter:** Plug the USB-C end of the charging cable into the provided 20W USB-C PD charging adapter.
3. **Connect to Power Outlet:** Plug the 20W charging adapter into a standard wall power outlet.
4. **Ready for Use:** The charger is now ready to power your compatible devices.

Figure 1: Connecting the 20W USB-C power adapter and cable.

5. OPERATING INSTRUCTIONS

1. **Charging with the Stand:** Place your compatible iPhone (12 series or newer) or AirPods (with wireless charging case) onto the magnetic charging pad on the stand. The strong magnets will automatically align your device for optimal charging. You can position your iPhone vertically or horizontally.
2. **Charging as a Pad:** The magnetic charging pad can be removed from the stand. Simply pull it out from the stand. You can then place your device directly onto the detached magnetic pad for flat charging.
3. **Case Compatibility:** For magnetic charging to function, your iPhone must be a 12 series or newer, or use a Mag-Safe compatible case. Standard cases without magnetic capabilities may prevent proper magnetic attachment and charging.

6. MAINTENANCE

- Keep the charger and stand clean by wiping with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents.
- Ensure the charging surface is free of dust and debris for efficient charging.
- Store in a cool, dry place when not in use.

7. TROUBLESHOOTING

- **Device not charging:**
 - Ensure the power adapter is securely plugged into a working wall outlet.
 - Verify the USB-C cable is firmly connected to both the adapter and the charging pad/stand.
 - Check if your device is correctly aligned on the magnetic charging surface.
 - Confirm your device (iPhone 12 series or newer) or case is Mag-Safe compatible.
 - Remove any foreign objects between the device and the charger.
- **Slow charging:**
 - Ensure you are using the provided 20W PD adapter and cable.
 - Avoid using your device extensively while charging, as this can slow down the process.
 - Ensure proper alignment for efficient power transfer.
- **Overheating:**
 - Slight warmth during wireless charging is normal. If the device or charger becomes excessively hot, discontinue use and contact support.
 - Ensure adequate ventilation around the charger.

8. SPECIFICATIONS

Model Number	c01-02
---------------------	--------

Input Voltage	120 Volts
Amperage	2 Amps
Wattage	20 Watts
Connector Type	USB Type C
Compatible Devices	iPhone 15/14/13/12 Series, AirPods Pro/3/2, iPhone Cases with Magnetic for iPhone 11 Series/XS/XR/X/8/8 Plus
