Nuwave Bravo XL Pro Air Fryer Toaster Oven User Manual

Brand: Nuwave | **Model:** Nuwave Bravo XL Pro

INTRODUCTION AND OVERVIEW

The Nuwave Bravo XL Pro Air Fryer Toaster Oven is a versatile kitchen appliance designed to simplify your cooking experience. Featuring improved super convection technology, it delivers quicker and crispier results. With 12 cooking functions and 100 one-touch presets, this 30-quart capacity oven is equipped to handle a wide range of culinary tasks, from air frying and toasting to roasting and dehydrating. Its integrated smart digital thermometer ensures precise cooking, while PFAS-free accessories prioritize your health and safety.

The Nuwave Bravo XL Pro Air Fryer Toaster Oven, showcasing its sleek stainless steel design and digital display.

KEY FEATURES

- **Faster Fan, Better Results:** Newly designed fan and housing produce 100% faster fan speed for quicker cooking and crispier, golden-brown results.
- **Customizable Heating:** Adjust top and bottom heater ratios (0-100%) and 3 fan speeds for different heating zones, ideal for perfect pizzas.
- **112 Easy-Cook Presets:** Programmed with 12 cooking functions (air fry, toast, grill, bake, roast, slow cook, dehydrate, defrost, etc.) and 100 one-touch recipe presets.
- **Multi-Layer Even Cooking:** Upgraded convection system ensures temperature differences of only 0-1°F between layers for efficient, even cooking.
- **Wide Temperature Range:** Cook from 50°F to 500°F in precise 5°F increments.
- **30QT Compact Size:** Accommodates two 13-inch pizzas, 10-lb chicken, 6-lb roast, or 2-lb French fries, fitting perfectly in small kitchens.
- **Integrated Smart Digital Thermometer:** Monitors internal food temperature and automatically ends cooking when the desired doneness is reached.
- **Intuitive Digital Controls:** Easy-to-read, user-friendly cool white display with panel lock and mute/unmute functions.
- **Heavy-Duty, Expertly Designed:** Made from food-grade stainless steel for durability, corrosion resistance, and no plastic odors.
- **PFAS-Free Accessories:** All included accessories are PFAS-free, ensuring a healthier cooking environment.

SETUP

Before first use, ensure all packaging materials are removed from the oven and accessories. Place the Nuwave Bravo XL Pro on a stable, heat-resistant, and level surface with adequate clearance from walls and other appliances for proper ventilation. Wash all accessories (cooking racks, crumb tray, baking pan, broiler rack, air fry basket, smart thermometer) with warm, soapy water, rinse thoroughly, and dry completely before first use.

Heavy-duty Accessories

All accessories are triple-thick, capable of supporting up to 30lb

Included heavy-duty accessories: two cooking racks, crumb tray, enamel baking pan, broiler rack, air fry basket, and smart thermometer.

Insert the pull-out crumb tray at the bottom of the oven. Position the cooking racks or other accessories according to your recipe's requirements. Plug the power cord into a grounded electrical outlet.

OPERATING INSTRUCTIONS

The Nuwave Bravo XL Pro features an intuitive digital control panel for easy operation. Use the large dial to navigate menus and adjust settings, and the surrounding buttons for specific functions.

General Operation

- **Power On/Off:** Press the "ON/OFF" button to turn the oven on or off.
- **Menu Selection:** Press the "MENU" button to cycle through the 12 pre-programmed cooking functions. Use the dial to select your desired function.
- **Temperature/Time Adjustment:** Use the "TEMP/TIME" buttons and the dial to set the desired temperature and cooking time.
- **Preheat:** Many functions include an automatic preheat cycle. Press "PREHEAT" if you wish to preheat manually.
- **Start/Pause:** Press the large "START/PAUSE" dial to begin or temporarily stop cooking.

Specific Functions

Toast Function

The toast function offers 10 different toast levels, from light to dark, ensuring your bread is toasted to perfection. The default setting is level 5 for a golden brown toast.

- Select "Toast" from the menu.
- Press the "TEMP/TIME" button to adjust the toast level.
- Turn the dial to select your desired toast level (1-10).
- Press "START/PAUSE" to begin toasting.

Air Fry Function

Achieve crispy results with minimal oil using the Air Fry function. The improved fan speed ensures even cooking and superior crispness.

- Select "Air Fry" from the menu.
- Adjust temperature and time as needed using the "TEMP/TIME" button and dial.
- Place food in the air fry basket on the appropriate rack level.
- Press "START/PAUSE" to begin air frying.

Smart Probe Cooking

For precise cooking of meats and poultry, use the integrated Smart Digital Thermometer. The oven will automatically stop cooking once the target internal temperature is reached.

- Insert the Smart Thermometer probe into the thickest part of your food, avoiding bone.
- Plug the probe into the designated "Probe" port on the control panel.
- Select your desired cooking function (e.g., Roast, Grill).

- Press the "PROBE" button and use the dial to set the target internal temperature.
- Press "START/PAUSE" to begin cooking. The display will show the current internal temperature.

MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and longevity of your Nuwave Bravo XL Pro. Always unplug the oven and allow it to cool completely before cleaning.

- **Crumb Tray:** The pull-out crumb tray should be emptied and cleaned regularly to prevent grease buildup and potential fire hazards. Simply slide it out, discard crumbs, and wash with warm, soapy water.
- **Accessories:** All included accessories (cooking racks, baking pan, broiler rack, air fry basket) are PFAS-free and dishwasher safe for easy cleaning.
- **Interior:** Wipe the interior of the oven with a damp cloth and mild detergent. Avoid abrasive cleaners or scouring pads that could damage the non-stick surfaces.
- **Exterior:** Clean the stainless steel exterior with a soft, damp cloth. For stubborn spots, use a stainless steel cleaner.

TROUBLESHOOTING

If you encounter any issues with your Nuwave Bravo XL Pro, please refer to the following common troubleshooting tips:

- **Oven not turning on:** Ensure the power cord is securely plugged into a working electrical outlet. Check your household circuit breaker.

- **Food not cooking evenly:** Ensure food is placed on the correct rack level and that the appropriate cooking function and temperature are selected. Utilize the convection fan for more even results.
- **Smoke or unusual odors:** This may occur during initial use due to manufacturing residues. If it persists, ensure the crumb tray and interior are clean and free of food debris.
- **Digital display not responding:** Try unplugging the unit for a few minutes and then plugging it back in to reset the controls.

For further assistance, please contact Nuwave Customer Support.
