SETUP

Before first use, ensure the device is fully charged. The device features a USB charging interface for convenience. Connect the provided USB cable to the device and a suitable power source. The indicator light will show charging status. Once fully charged, the device is ready for use.

OPERATING INSTRUCTIONS

Three Light Modes

THREE LIGHT MODES

Promotes collagen renewal and reduces the appearance of fine lines

BLUE LIGHT MODE

This mode can gently wake and relax skin and help skin recover lustre and creativity.

GREEN LIGHT MODE

This mode can effectively clean the dirt in the pores and make the skin become translucent.

RED LIGHT MODE

This mode can effectively stimulate and relax the skin and help skin care products moisten the deep skin; cotton pad fixing ring can be removed. (There is a slight sense of current)

An illustration detailing the three distinct light modes (Blue, Green, Red) and their specific benefits for skin treatment.

- **Blue Light Mode:** This mode gently wakes and relaxes skin, helping to recover luster and creativity. It is also beneficial for anti-acne cleansing and tightening pores.
- **Green Light Mode:** This mode effectively cleanses dirt in the pores and makes the skin translucent. It helps to calm skin, balance, and firm.
- **Red Light Mode:** This mode stimulates and relaxes the skin, aiding in better absorption of skincare products. It accelerates circulation, vitality, and rejuvenation. (Note: A slight sense of current may be felt in this mode).

Recommended Usage Method

RECOMMENDED USING METHOD

1

Lift up from
chin to cheek

2

Lift up from cheek
to outer canthus

3

Lift up from
neck to chin

4

Lift up from
chin to maxilla

Recommended methods for using the device on different areas of the face and neck to achieve optimal results.

1. **Step 1:** Lift up from chin to cheek.
2. **Step 2:** Lift up from cheek to outer canthus.
3. **Step 3:** Lift up from neck to chin.
4. **Step 4:** Lift up from chin to maxilla.

General Usage Tips

The device's high-frequency vibration helps lift and tighten skin, promoting better absorption of nutrients from your skincare products. It can deep heat collagen cells, encouraging collagen fiber and elastic fiber regeneration to fade fine lines.

A visual comparison showing the potential reduction of neck fine lines with consistent use of the device.

For comprehensive benefits, push the instrument down in the direction of meridians through the shoulders. This action helps in dredging meridians, promoting detoxification, and protecting breast health.

**Push instrument down in the direction
of meridians through shoulders
While dredging meridians
Promote detoxification of meridians
and protect breast health**

Demonstration of the proper technique for using the instrument to massage along meridians, promoting detoxification and breast health.

MAINTENANCE

To ensure the longevity and hygiene of your device, clean it regularly. After each use, gently wipe the device head with a soft, damp cloth. Do not submerge the device in water or use abrasive cleaners. Store the device in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. If the issue persists, try charging with a different USB cable or power adapter.
- **Vibration is weak:** Check battery level. A low battery can affect vibration intensity.
- **Light modes not working:** Ensure the device is powered on and fully charged. If a specific light mode is not activating, refer to the operating instructions for proper mode selection.
- **Skin irritation:** Discontinue use immediately. Ensure your skin is clean before use and apply a suitable skincare product as

recommended. Consult a dermatologist if irritation persists.
