## HMOVPL 230803A1

# HMOVPL 5-Light Rattan Farmhouse Chandelier (Model 230803A1) Instruction Manual

Model: 230803A1 | Brand: HMOVPL

## 1. PRODUCT OVERVIEW

The HMOVPL 5-Light Rattan Farmhouse Chandelier is a versatile lighting fixture designed to enhance various indoor spaces. Featuring a hand-woven natural rattan lampshade and a durable metal frame, this chandelier combines bohemian and farmhouse aesthetics. It provides ample illumination with its five E26 bulb sockets and offers adjustable height for flexible installation.

## 2. SAFETY INFORMATION

---

- Always turn off the main power supply at the circuit breaker before beginning any installation or maintenance.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all electrical connections are secure and comply with local electrical codes.
- Do not exceed the maximum wattage specified for the bulbs (40W per bulb).
- This fixture is designed for indoor use only and is not water resistant.
- The E26 sockets are UL listed for safety.

## 3. PACKAGE CONTENTS

---

Verify that all components are present before beginning installation:

- Rattan Lampshade
- Metal Fixture Body with 5 E26 Sockets
- Adjustable Chain

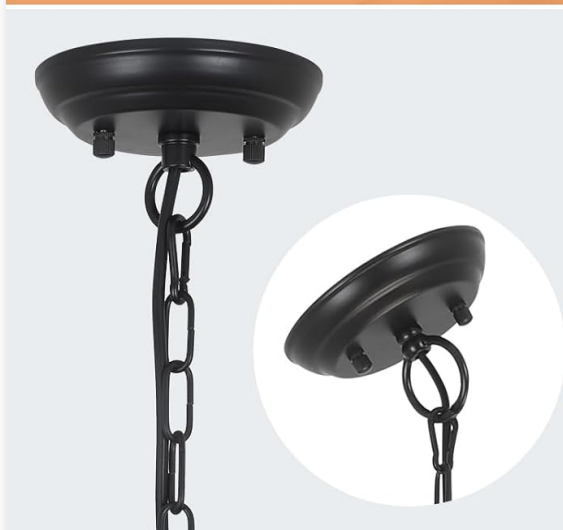

- Ceiling Canopy
- Mounting Hardware (screws, nuts, anchors)
- Instruction Manual

**100% Natural Material**

**UL List Sockets**

**Flat or Sloped Ceiling**

**Height Adjustment**

#### 4. SETUP AND INSTALLATION

This chandelier requires hardwiring. Follow the steps below for proper installation. It is recommended to have two people for installation.

1. **Turn off Power:** Locate the circuit breaker for the area where you will install the chandelier and turn off the power.
2. **Prepare Mounting Plate:** Attach the mounting plate to the junction box in the ceiling using the provided screws.
3. **Adjust Chain Length:** Determine the desired hanging height. The chain is adjustable; remove links as needed to achieve the correct length. The maximum height is 80 inches.
4. **Wire Connections:** Connect the fixture's wires to your household wiring according to the instruction manual's wiring diagram (typically black to black, white to white, and ground to ground). Secure connections with wire nuts.

5. **Secure Canopy:** Carefully push the ceiling canopy up to the ceiling, covering the junction box, and secure it with the provided hardware.
6. **Install Bulbs:** Screw five E26 base bulbs (not included) into the sockets. Ensure bulbs do not exceed 40W each. For dimming functionality, use dimmable E26 bulbs and a compatible dimmer switch.
7. **Attach Lampshade:** Secure the rattan lampshade to the metal fixture body.
8. **Restore Power:** Turn the power back on at the circuit breaker.

## 5. OPERATING INSTRUCTIONS

Once installed and powered, the chandelier can be operated via a standard wall switch. For dimming capabilities, ensure you have installed dimmable E26 bulbs and a compatible dimmer switch. The chandelier provides warm white light, creating a cozy and inviting atmosphere.

The product specifications mention "App" as a control method, however, this model primarily uses a "Push

Button" switch type. If advanced smart home integration is desired, ensure compatible smart bulbs are used with your existing smart home system.

## 6. MAINTENANCE

- **Cleaning:** To clean the rattan lampshade, gently wipe it with a dry, soft cloth. Avoid using abrasive cleaners or excessive moisture, as this may damage the natural material.
- **Bulb Replacement:** Always turn off the power before replacing bulbs. Allow bulbs to cool completely before handling. Replace with E26 base bulbs, not exceeding 40W.
- **Inspection:** Periodically check all connections and the chain for any signs of wear or damage.

## 7. TROUBLESHOOTING

- **Light does not turn on:**
  - Check the circuit breaker to ensure power is on.
  - Verify that bulbs are securely screwed into sockets and are not burnt out.
  - Confirm all wiring connections are correct and secure.
- **Flickering lights:**
  - Ensure bulbs are fully tightened.
  - If using a dimmer, confirm bulbs are dimmable and compatible with the dimmer switch.
- **Chandelier is unstable:**
  - Check that the mounting plate and canopy are securely fastened to the ceiling.
  - Ensure the chain is properly attached and links are secure.

If you encounter any issues not covered here, please refer to the Warranty & Support section for assistance.

## 8. SPECIFICATIONS

Feature	Detail
Brand	HMVPL
Model Number	230803A1
Color	Brown
Material	Metal, Rattan
Style	Bohemian, Farmhouse
Light Fixture Form	Chandelier
Room Type	Dining Room, Kitchen Island, Bedroom, Living Room, Nursery
Indoor/Outdoor Usage	Indoor
Power Source	Corded Electric
Special Features	Adjustable Height
