## Brightever ST648W-50-ND-C

# Brightever ST64 LED Edison Bulb Instruction Manual

Model: ST648W-50-ND-C

## INTRODUCTION

---

Thank you for choosing the Brightever 12-Pack LED Edison Bulb. These ST64 vintage filament light bulbs are designed to provide high brightness and energy efficiency, offering a long-lasting lighting solution for your home or commercial space. With a daylight white 5000K color temperature, 1400 lumens, and a CRI of 90+, they ensure vivid and accurate color representation. Please read this manual carefully before installation and use.

## SAFETY INFORMATION

---

- Always turn off power at the main circuit breaker before installing or replacing bulbs.
- Do not use with dimmers. These bulbs are non-dimmable.
- Ensure the bulb is securely screwed into the E26 medium base socket.
- Do not exceed the maximum wattage rating of your fixture.
- Avoid touching the bulb with wet hands.
- For indoor use only.
- If the bulb is damaged, discontinue use immediately.

## WHAT'S IN THE BOX

---

- LED Edison Bulbs (12 Count)
- User Manual

## SETUP

---

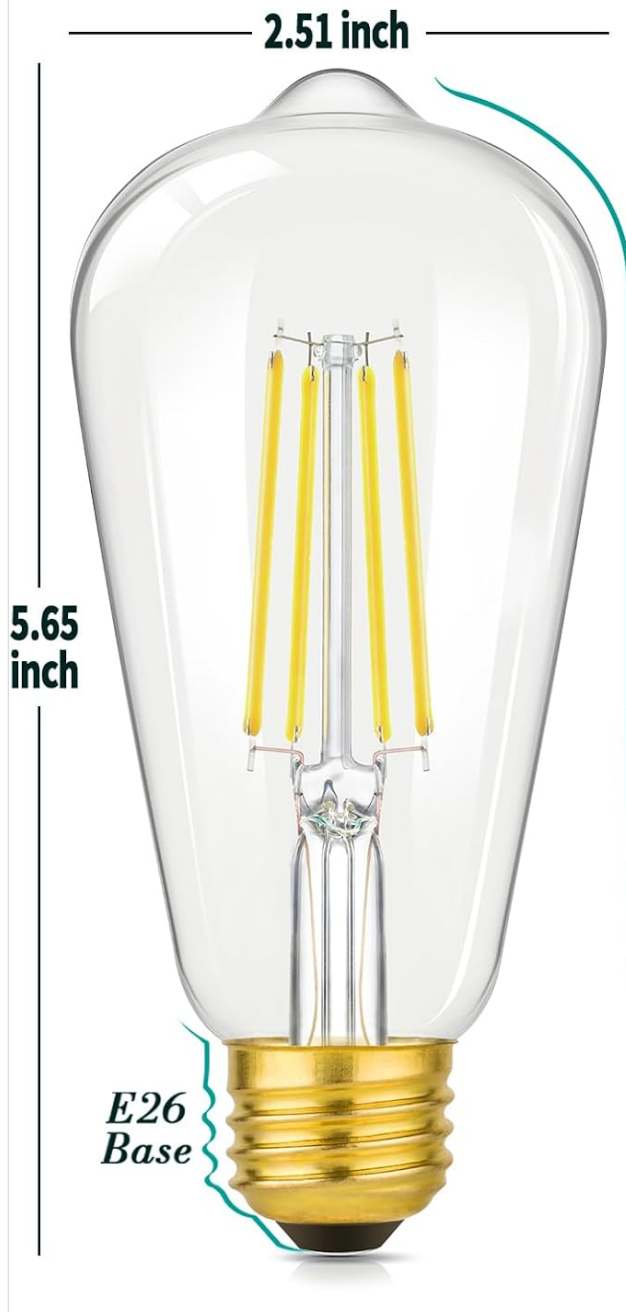

1. **Power Off:** Before installation, ensure the power to the light fixture is turned off at the circuit breaker to prevent electrical shock.
2. **Unpack:** Carefully remove the LED Edison bulb from its packaging.

3. **Install:** Screw the bulb clockwise into a standard E26 medium base socket until it is snug. Do not overtighten.
4. **Power On:** Restore power to the fixture at the circuit breaker.

## OPERATING INSTRUCTIONS

Once installed, operate the Brightever LED Edison Bulb like any standard light bulb using your fixture's switch.

- **Turning On/Off:** Use the wall switch or fixture switch to turn the light on or off.
- **Non-Dimmable:** These bulbs are designed for on/off operation only and are not compatible with dimmer switches. Using them with a dimmer may cause damage to the bulb or the dimmer.

## MAINTENANCE

- **Cleaning:** To clean the bulb, ensure the power is off and the bulb is cool. Wipe gently with a soft, dry cloth. Do not

use liquid cleaners.

- **Replacement:** With an average lifespan of 25,000 hours, these bulbs require infrequent replacement. When replacement is needed, follow the setup instructions.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Bulb does not light up.	No power to the fixture, loose connection, or faulty bulb.	Check circuit breaker. Ensure bulb is screwed in tightly. Test bulb in another working fixture.
Bulb flickers or buzzes.	Incompatible dimmer switch, loose connection, or electrical interference.	Ensure no dimmer switch is being used. Tighten bulb. Consult an electrician if problem persists.
Light is too dim/bright.	Incorrect bulb for desired brightness.	These bulbs provide 1400 lumens (100W equivalent). If different brightness is needed, consider other Brightever models.

**With high CRI, good color rendering of illuminated objects.  
Provide the most accurate color portrayal for your home.**
