## HOU T89S

# HOU Magic Keyboard Case User Manual

Model: T89S

Brand: HOU

## 1. INTRODUCTION AND COMPATIBILITY

---

Thank you for choosing the HOU Magic Keyboard Case. This manual provides essential information for setting up, operating, and maintaining your device. Please read it carefully before use.

### Product Overview

The HOU Magic Keyboard Case transforms your iPad into a versatile workstation, offering a comfortable typing experience, a responsive trackpad, and robust protection. Its magnetic floating design allows for adjustable viewing angles, while the backlit keys enhance usability in various lighting conditions.

### Compatibility

**Important:** Please verify your iPad model before purchasing. This keyboard is compatible with the following models only:

- iPad Air 11-inch (M3 2025 / M2 2024)
- iPad Air 10.9-inch (2022 5th Generation / 2020 4th Generation)
- iPad Pro 11-inch (4th / 3rd / 2nd / 1st Generation)

This keyboard is **NOT compatible** with iPad 11 (A16), iPad 10th Generation, or iPad Pro M4.

# 対応機種: iPad 10.9 / 11 のみ

## 2. SETUP INSTRUCTIONS

---

### 2.1 Unboxing and Initial Inspection

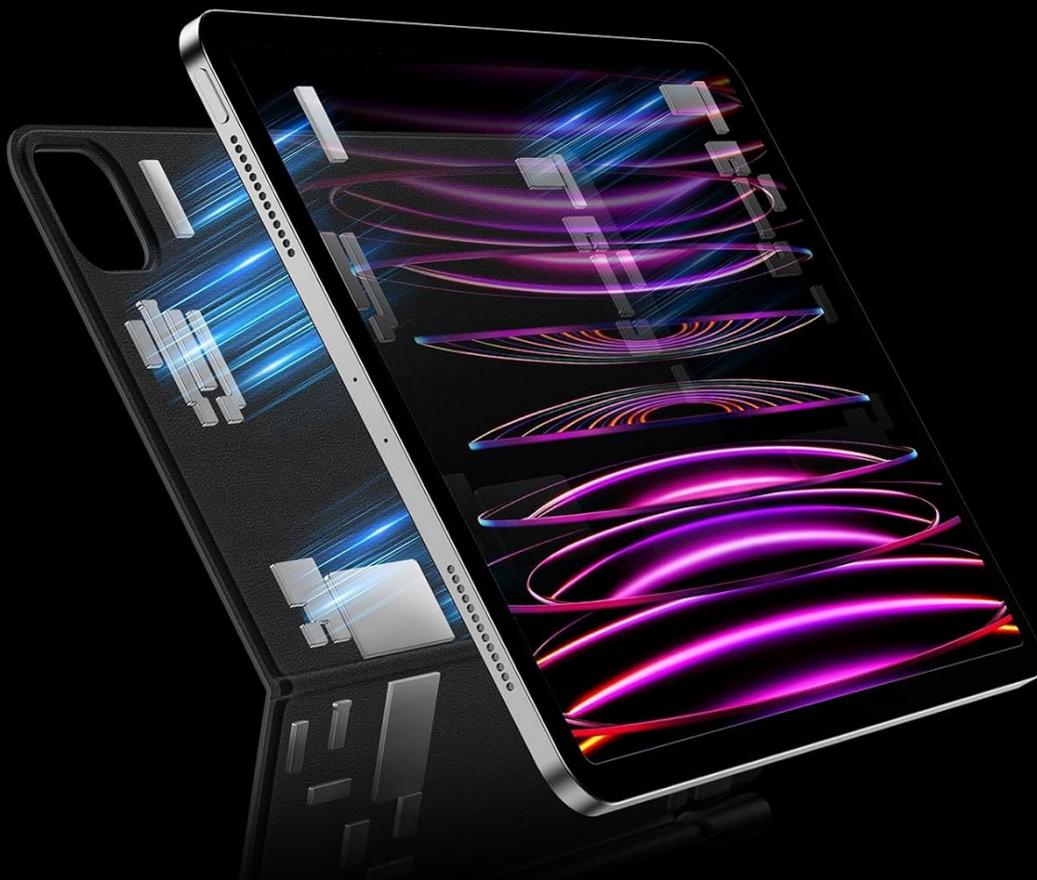

Carefully remove the keyboard case from its packaging. Inspect for any signs of damage. Ensure all components, including the USB cable, are present.

Video: This video demonstrates the unboxing and initial setup of the HOU iPad keyboard case, including how to open the package and remove the keyboard pouch.

### 2.2 Attaching Your iPad

1. Open the keyboard case.
2. Align your iPad with the magnetic back panel of the case. The powerful magnets will securely attach the iPad.
3. Adjust the viewing angle as desired (up to 135 degrees).

## 2.3 Powering On and Bluetooth Pairing

1. Locate the power switch on the keyboard and slide it to the 'ON' position. The indicator light will turn on.
2. On your iPad, go to **Settings > Bluetooth** and ensure Bluetooth is enabled.
3. Look for 'F91 Magic OCA5' (or similar) in the 'Other Devices' list and tap to connect.
4. Once paired, the keyboard will automatically connect to your iPad in the future.

Video: This video demonstrates the Bluetooth pairing process for the HOU keyboard case, showing how to turn on the keyboard, enable Bluetooth on the iPad, and connect the devices.

## 3. OPERATING INSTRUCTIONS

---

### 3.1 Trackpad Usage

The advanced touchpad supports iOS full-screen clicks and multi-touch gestures for smooth navigation. The etching finish and powerful linear motor provide a responsive experience for scrolling, swiping, and tapping.

- **Scrolling:** Use two fingers to scroll up or down.
- **Swiping:** Use two or three fingers to swipe between apps or home screens.
- **Tapping:** Single tap for selection, double tap for opening.
- **Click Function:** To enable the 'click' function on the trackpad, first ensure the keyboard is active. Then, go to iPad **Settings > General > Trackpad** and toggle the 'Click' switch to ON.

Image: The AG glass trackpad offers stress-free operation and supports 18 different gestures for enhanced control.

## 3.2 Keyboard Shortcuts

The keyboard supports full iPadOS shortcuts, allowing for efficient operation. Use the dedicated function keys for quick access to various features.

- **Volume Adjustment:** Use the dedicated volume keys.
- **Screen Brightness:** Use the dedicated brightness keys.
- **Cmd + Space:** Search.
- **Cmd + Tab:** Quickly switch between applications.
- **Cmd + H:** Return to the main screen.

Video: This video demonstrates various iPadOS shortcuts and trackpad gestures, including copy/paste, app switching, and returning to the home screen, enhancing productivity with the HOU keyboard case.

### 3.3 Backlight Adjustment

The keyboard features 7-color backlighting with 3 adjustable brightness levels, allowing for comfortable typing in low-light environments and protecting your eyes at night.

- **Change Color:** Press the backlight key (often Fn + a specific key, refer to keyboard layout) to cycle through colors.
- **Adjust Brightness:** Press the brightness adjustment keys (often Fn + up/down arrow or dedicated keys) to change the intensity.

## 7色3明るさ調整

Image: The HOU Magic Keyboard features 7-color backlighting with 3 brightness levels, showcasing its scissor-switch key structure for comfortable typing.

### 3.4 Adjustable Viewing Angle

The floating cantilever stand allows for a 135° angle adjustment, enabling you to find the most comfortable viewing position for your iPad.

Image: The HOU Magic Keyboard Case features a floating cantilever stand, allowing for a 135-degree angle adjustment for optimal viewing comfort.

### 3.5 Charging the Keyboard

The keyboard is equipped with a Type-C charging port. Connect the provided USB cable to the keyboard and a power source to charge. The keyboard has a battery life of up to 220 hours without backlight and 6 hours with backlight.

- You can check the keyboard's battery level from your iPad's battery widget.

Video: This video demonstrates the charging process for the HOU Magic Keyboard, showing the Type-C port connection and the real-time battery display on the keyboard.

## 4. MAINTENANCE

### 4.1 Cleaning

The keyboard case is made from durable semi-silicon polymer leather, which is resistant to dirt and easy to clean. Simply wipe with a damp cloth to remove stains.

極細フロッキング粒子内蔵 - iPadの取り出し時に画面を傷から守ります。

Image: The durable semi-silicon polymer leather of the HOU Magic Keyboard Case is shown being easily cleaned, highlighting its stain-resistant properties.

### 4.2 General Care

- Avoid exposing the keyboard to extreme temperatures or direct sunlight.
- Do not use harsh chemicals or abrasive materials for cleaning.
- Keep liquids away from the keyboard to prevent damage.

## 5. TROUBLESHOOTING

- **Keyboard not connecting via Bluetooth:** Ensure the keyboard is powered on and Bluetooth is enabled on your iPad. Try forgetting the device in iPad Bluetooth settings and re-pairing.
- **Trackpad 'Click' function not working:** Verify that the keyboard is active and the 'Click' switch is enabled in iPad Settings > General > Trackpad.
- **Occasional initial character input delay:** Due to power-saving features, the first 1-2 characters typed after a period of inactivity may not register immediately. Subsequent characters should input normally.
- **Keys feel loose or peel off:** If a key becomes loose, gently press it back into place. If the issue persists, contact customer support.

## 6. SPECIFICATIONS

Feature	Specification
