2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety warnings before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Assembly Caution:** Be cautious while assembling the cabinet. Ensure all components are securely installed according to the instructions.
- **Sliding Door Operation:** Handle sliding doors with care to avoid potential pinching hazards. Keep fingers clear of the tracks during operation.
- **Weight Distribution:** Distribute weight evenly across shelves and compartments to prevent tipping. Do not overload the cabinet.
- **Child Safety:** Keep small parts and assembly hardware away from children. If possible, secure the cabinet to a wall to prevent accidental tipping.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

- Cabinet Panels (various sizes for hutch, base, drawers, doors)
- Sliding Barn Door Hardware (tracks, rollers, handles)
- Wine Rack Inserts
- Glass Holders
- Drawer Slides and Handles
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly of the ARTPOWER Wine Bar Cabinet requires careful attention to the provided step-by-step illustrations. All screws and parts are labeled for ease of identification. It is recommended to have two people for assembly.

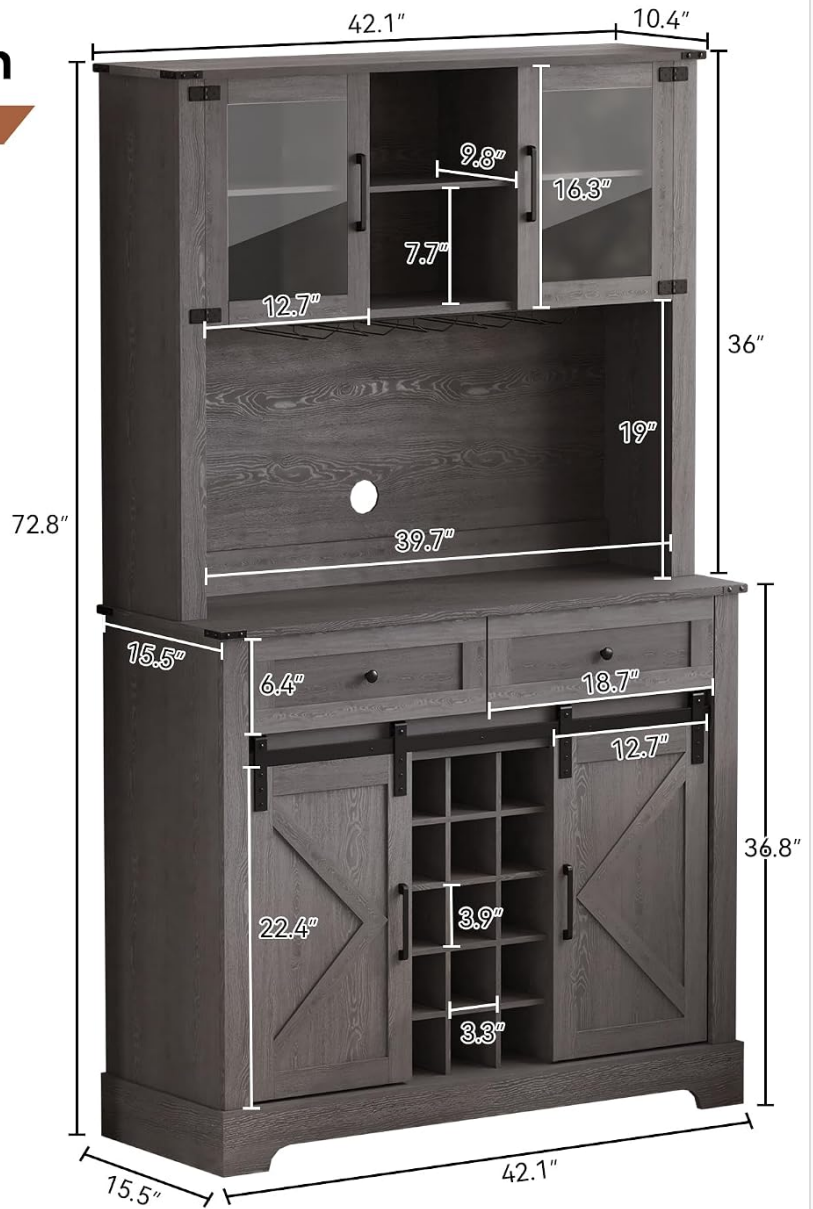

4.1. Preparation

- Clear a spacious, clean, and flat area for assembly.
- Unpack all components and lay them out, matching them with the parts list in the separate assembly guide.
- Gather necessary tools (e.g., screwdriver, hammer). A power drill can expedite the process but use with caution to avoid overtightening.

4.2. Assembly Steps

1. Begin by assembling the base frame of the cabinet, ensuring all connections are firm.
2. Attach the side panels and internal shelves as indicated in the assembly guide.
3. Install the drawer slides and assemble the utility drawers. Insert the drawers into their designated slots.
4. Mount the sliding barn door tracks and attach the barn doors. Ensure they slide smoothly.
5. Assemble the upper hutch section, including the glass doors and internal shelves.
6. Carefully place the assembled hutch onto the base cabinet, securing it with the provided hardware.
7. Install the wine rack inserts and glass holders in their respective positions.
8. Attach any remaining decorative elements or handles.

5. OPERATING INSTRUCTIONS

The ARTPOWER Wine Bar Cabinet is designed for versatile storage and display. Utilize its various features to organize your items efficiently.

5.1. Sliding Barn Doors

The lower section features two sliding barn doors on smooth metal tracks. Gently push or pull the doors to reveal or conceal the wine rack and additional storage shelves. Ensure the tracks are clear of obstructions for optimal movement.

5.2. Storage Utilization

- **Upper Hutch:** Use the shelves behind the glass doors for displaying glassware, decorative items, or frequently accessed bar accessories.
- **Glass Racks:** Hang wine glasses or other stemware from the integrated racks beneath the hutch.

- **Countertop:** The large central countertop provides space for preparing drinks, holding small appliances like a coffee maker or toaster, or displaying decor.
- **Utility Drawers:** Two utility drawers are available for storing smaller items such as corkscrews, bottle openers, napkins, or other bar essentials.
- **Wine Rack:** The central wine rack holds up to 15 standard wine bottles horizontally, ensuring proper storage.
- **Lower Shelves:** Additional shelves behind the sliding barn doors offer concealed storage for larger bottles, spirits, or other pantry items.

6. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your ARTPOWER Wine Bar Cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood finish.
- **Sliding Tracks:** Periodically check the sliding barn door tracks for dust or debris and clean as needed to maintain smooth operation.
- **Hardware:** Periodically check and tighten any loose screws or hardware to maintain stability.
- **Environment:** Avoid placing the cabinet in direct sunlight or near heat sources, as this can cause fading or warping. Maintain a stable humidity level.

7. TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Sliding doors do not move smoothly.	Tracks are dirty or obstructed; rollers are misaligned.	Clean tracks of debris. Check roller alignment and adjust if necessary.
Drawers do not align or close properly.	Drawer slides are incorrectly installed or damaged; cabinet frame is not square.	Recheck drawer slide installation. Ensure all cabinet screws are tightened to square the frame. Contact support if parts are damaged.
Cabinet feels unstable or wobbly.	Loose assembly hardware; uneven floor.	Tighten all assembly screws. Place shims under the cabinet legs if the floor is uneven. Consider securing to a wall.
Backing panel does not fit correctly.	Misalignment during assembly.	Carefully re-align the backing panel. If necessary, slightly adjust the main cabinet frame to ensure a proper fit.

For issues not covered here, or if problems persist, please contact ARTPOWER customer support.
