## BLAUX BLAUX Electric Bidet

# BLAUX Portable Electric Handheld Bidet User Manual

Comprehensive guide for your BLAUX Portable Electric Handheld Bidet.

## 1. PRODUCT OVERVIEW

The BLAUX Portable Electric Handheld Bidet is designed for personal hygiene on the go, offering a convenient and effective cleaning solution. This rechargeable device provides two water pressure options and features a leakproof design for reliable use.

### Included Components:

- BLAUX Portable Electric Handheld Bidet unit
- 170ml Water Tank
- Nozzle
- Magnetic Charging Dongle (USB-A 5V/1A)
- 3x ID Color Rings
- Instruction Manual (this document)

# EASY TO CLEAN

Figure 1: Included components of the BLAUX Portable Electric Handheld Bidet.

This image displays all items included in your BLAUX Portable Electric Handheld Bidet package: the main bidet unit, the detachable water tank, the magnetic charging cable, three identification color rings, and the instruction manual.

## 2. SETUP

- 1. Attach the Water Tank:** Ensure the nozzle is retracted. Align the water tank with the base of the bidet unit and twist clockwise until securely fastened.
- 2. Fill the Water Tank:** Unscrew the water tank from the bidet unit. Fill the tank with clean water (warm or cold, as preferred). Do not overfill.

Figure 2: Filling the water tank with water.

This image demonstrates the process of filling the detachable water tank of the bidet with water from a faucet, preparing it for use.

3. **Reattach the Water Tank:** Screw the filled water tank back onto the bidet unit, ensuring a tight seal to prevent leaks.
4. **Extend the Nozzle:** Gently pull the nozzle upwards until it locks into its extended position.

### Setup Video Guide:

This video provides a visual guide on how to prepare your BLAUX Portable Bidet for use, covering the steps of filling the water tank, assembling the unit, and initiating the water spray.

### 3. CHARGING

The BLAUX Portable Bidet is equipped with a rechargeable Lithium Polymer battery. A full charge provides up to 100

uses.

- 1. Connect the Charging Cable:** Locate the magnetic charging port on the top of the bidet unit. Connect the magnetic end of the provided USB-A charging dongle to this port.
- 2. Connect to Power Source:** Plug the USB-A end of the charging cable into a compatible 5V/1A USB power adapter (not included), such as a power bank, mobile phone charger, laptop, or car charger.
- 3. Charging Indicator:** The indicator light will illuminate during charging and change color or turn off when fully charged (approximately 2 hours).

Figure 3: Charging the bidet and battery life indication.

This image illustrates the charging process of the BLAUX Portable Bidet using its magnetic USB cable and highlights its impressive battery life, offering up to 100 uses on a single 2-hour charge.

## 4. OPERATING INSTRUCTIONS

- 1. Power On:** Press the power button once to activate the bidet. It will start spraying at the low-pressure setting.

# JUST PRESS AND SPRAY

Figure 4: Activating the bidet for use.

This image shows the BLAUX Portable Bidet in action, with a hand pressing the button to initiate the water spray, emphasizing its ease of use.

2. **Adjust Water Pressure:** Press the power button a second time to switch to the high-pressure setting.

# EFFORTLESSLY CLEAN EVERY DIRTY SPOT

Figure 5: Two water pressure options: Soft and Strong.

This image illustrates the two distinct water pressure settings available on the BLAUX Portable Bidet: a softer flow for sensitive areas and a stronger flow for more thorough cleaning.

3. **Maneuver the Nozzle:** The nozzle can be rotated 180 degrees to adjust the spray direction for optimal cleaning.

# NO LEAKS OR SPILLS

Mess-Free Hygiene  
Everywhere You Go

Figure 6: Adjusting the 180-degree rotating nozzle.

This image shows the bidet's nozzle being adjusted, highlighting its 180-degree rotation capability for precise and effortless cleaning.

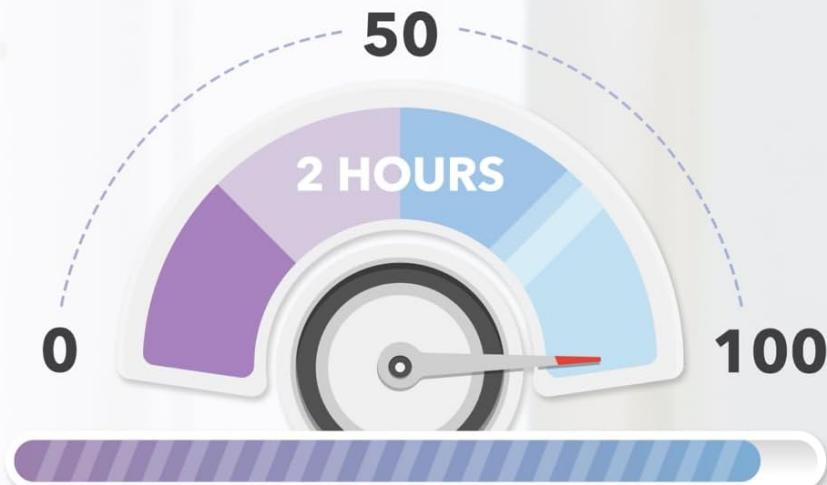

4. **Power Off:** Press the power button a third time to turn off the bidet.
5. **Retract Nozzle:** Gently push the nozzle back into the unit for storage.

## 5. MAINTENANCE

1. **Empty and Dry:** After each use, empty any remaining water from the tank and allow it to air dry to prevent mold or mildew buildup.
2. **Clean the Tank:** The water tank can be easily detached and cleaned with mild soap and water.

# LONG BATTERY LIFE

100 cycles from 2-hour charge

Figure 7: Cleaning the water tank.

This image demonstrates the ease of cleaning the detachable water tank of the BLAUX Portable Bidet using a small brush.

3. **Clean the Nozzle:** Periodically clean the nozzle with a soft cloth and mild soap. Ensure no debris obstructs the spray holes.
4. **Nozzle Replacement:** The bidet features a replaceable nozzle. To replace, gently pull the old nozzle out and insert a new one until it clicks into place.

Figure 8: Replacing the bidet nozzle.

This image illustrates the simple process of replacing the nozzle on the BLAUX Portable Bidet, highlighting its user-friendly maintenance.

5. **Storage:** Store the bidet in a cool, dry place when not in use. Ensure the nozzle is retracted and the tank is empty.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
No water spray or weak spray.	Water tank is empty; nozzle is clogged; battery is low.	Refill water tank; clean the nozzle; charge the battery.
Bidet turns on/off randomly.	Internal electrical issue; button malfunction.	Ensure the unit is dry. If problem persists, contact customer support.
Water leakage from the tank.	Water tank not securely attached; damaged seal.	Ensure tank is tightly screwed on; check for damage to seals and replace if necessary.

Problem	Possible Cause	Solution
Bidet not charging.	Charging cable not properly connected; faulty cable or power source.	Ensure magnetic connector is flush; try a different USB port or power adapter; inspect cable for damage.

## 7. SPECIFICATIONS

- Product Dimensions:** 15.75 x 1.97 x 1.97 inches
- Weight:** 0.01 ounces
- Model Name:** BLAUX Electric Bidet
- Batteries:** 1 Lithium Polymer battery (included)
- Material:** Acrylonitrile Butadiene Styrene (ABS)
- Color:** Black
- Water Tank Capacity:** 5.75oz (approximately 170ml)
- Charging:** USB-A 5V/1A (Magnetic connector)
- Water Pressure Options:** Two (High and Low)
- Nozzle:** 180-degree maneuverability, replaceable
- Water Resistance:** IPX6

## 8. WARRANTY AND SUPPORT

Your BLAUX Portable Electric Handheld Bidet comes with a manufacturer's warranty. For specific warranty details, claims, or technical support, please refer to the warranty card included in your product packaging or visit the official BLAUX website.

For further assistance, you may contact BLAUX customer service through their official channels. Please have your product model number (BLAUX Electric Bidet) and purchase information ready when contacting support.
