7. TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common solutions:

- **No Power:** Ensure the power cord is securely connected to both the TV and a working power outlet. Check if the power indicator light is on.
- **No Picture/Sound:** Verify that the correct input source is selected. Check all cable connections (HDMI, AV) for looseness.
- **Poor Picture Quality:** Adjust picture settings (brightness, contrast, sharpness) in the TV menu. Ensure the input source is providing a high-quality signal.
- **Remote Not Working:** Check the batteries in the remote control and replace them if necessary. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **Network Connection Issues:** Restart your Wi-Fi router. Re-enter your Wi-Fi password in the TV's network settings.

For more complex issues, consult the full user manual or contact Panasonic customer support.
