Havit MS959S

Havit MS959S Wired RGB Gaming Mouse User Manual

Model: MS959S | Brand: Havit

INTRODUCTION

Thank you for choosing the Havit MS959S Wired RGB Gaming Mouse. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new gaming mouse. Please read it carefully to ensure optimal performance and longevity of your device.

PACKAGE CONTENTS

- Havit MS959S Wired RGB Gaming Mouse
- User Manual (this document)

SETUP INSTRUCTIONS

Follow these steps to set up your Havit MS959S Gaming Mouse:

- Unpack the Mouse:** Carefully remove the mouse and its accessories from the packaging.
- Connect to Your Computer:** Locate an available USB port on your desktop computer or laptop. Insert the USB connector of the Havit MS959S mouse firmly into the USB port.
- Driver Installation:** The mouse is typically plug-and-play. Your operating system (Windows, macOS, etc.) should automatically detect and install the necessary drivers. No additional software installation is usually required for basic functionality.
- Test Functionality:** Once connected, move the mouse and click the buttons to ensure it is working correctly. The RGB lighting should illuminate automatically.

OPERATING INSTRUCTIONS

The Havit MS959S mouse offers intuitive controls for an enhanced gaming and computing experience.

- **Left Click Button:** Primary action button for selecting items, opening files, and interacting with software.
- **Right Click Button:** Secondary action button for context menus and special functions.
- **Scroll Wheel:** Used for scrolling through documents and web pages. It also functions as a middle click button.
- **DPI Adjustment Buttons:** (Located near the scroll wheel or on the side) Press these buttons to cycle through different DPI (Dots Per Inch) sensitivity settings. This allows you to adjust cursor speed on the fly to suit various tasks or game situations. The mouse features optical movement detection for precise tracking.
- **RGB LED Backlight:** The mouse features a colorful RGB LED backlight. The lighting pattern is typically pre-programmed and cycles automatically. There may be a dedicated button (often on the underside or a side button) to change lighting modes or turn it off, if available. Refer to the product packaging or manufacturer's website for specific lighting control details if not immediately apparent.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your Havit MS959S mouse.

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid using harsh chemicals or abrasive materials.
- **Sensor Cleaning:** Occasionally, dust or debris may accumulate around the optical sensor on the underside of the mouse. Use a cotton swab or compressed air to gently clean the sensor area.
- **Cable Care:** Avoid bending, twisting, or pulling the USB cable excessively. Store the mouse in a way that prevents the cable from being crimped or damaged.
- **Storage:** When not in use, store the mouse in a clean, dry environment away from extreme temperatures and direct sunlight.

TROUBLESHOOTING

If you encounter issues with your Havit MS959S mouse, try the following solutions:

Problem	Possible Solution
Mouse not responding	Ensure the USB cable is securely connected to your computer. Try connecting the mouse to a different USB port. Restart your computer. Test the mouse on another computer to rule out a system-specific issue.
Cursor erratic or not moving smoothly	Clean the optical sensor on the underside of the mouse. Ensure you are using the mouse on a clean, non-reflective surface or a mouse pad. Adjust the DPI settings using the DPI buttons.
RGB lighting not working	Check if the mouse is properly connected to the USB port. If there is a lighting control button, press it to cycle through modes or turn the lighting on. Ensure your computer's USB ports are providing sufficient power.

SPECIFICATIONS

Key technical specifications for the Havit MS959S Wired RGB Gaming Mouse:
