MAINTENANCE AND CARE

Proper maintenance will extend the life and appearance of your WLIVE dresser.

- **Cleaning the Top Surface:** Wipe the wooden top surface with a dry cloth to remove dust and spills. Avoid abrasive cleaners or excessive moisture.
- **Cleaning Fabric Drawers:** For light cleaning, use a soft, dry cloth. For tougher spots, a slightly damp cloth with mild soap can be used, but ensure the fabric dries completely to prevent mildew. Do not machine wash the fabric drawers.
- **Frame Care:** Periodically check the steel frame for any loose connections and tighten screws as needed.
- **Adjustable Feet:** Re-adjust the feet if the dresser becomes unstable or if moved to a new location with uneven flooring.
- **Avoid Overloading:** Do not exceed the weight capacity of the drawers or the top surface to prevent structural damage.

- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading of the fabric drawers.
