Janboe KTS-710-W-SSR

Janboe 28-inch White LED Round Medicine Cabinet

Model: KTS-710-W-SSR

1. Important Safety Information

Please read all instructions carefully before installation and use. Retain this manual for future reference.

- Always ensure the cabinet is securely mounted to the wall.
- Keep electrical components dry to prevent electrical shock.
- Be cautious when handling the cabinet to prevent injury from breakage.
- Always unplug the cabinet before cleaning or performing any maintenance.
- Installation should be performed by a qualified electrician if you are unsure about electrical wiring.

2. Product Overview

The Janboe LED Round Medicine Cabinet is designed to enhance your bathroom with both functionality and modern aesthetics. It features durable steel construction, integrated LED lighting with adjustable color temperature and brightness, and an anti-fog function for clear visibility.

3. Package Contents

Please verify that all components are present before beginning installation.

- Janboe 28-inch LED Round Medicine Cabinet (1 unit)
- Mounting Hardware (screws, anchors)
- Instruction Manual

4. Setup and Installation

This medicine cabinet is designed for **surface mount only**. It cannot be recessed mounted.

Image 4.1: Surface mount installation guide.

Installation Steps:

1. **Prepare the Wall:** Choose a suitable location on your bathroom wall, ensuring it is free from electrical wires or plumbing. Mark the desired height and center point for the cabinet.
2. **Mounting Bracket Installation:** Use the provided mounting hardware to securely attach the cabinet's mounting bracket to the wall. Ensure the bracket is level and firmly anchored.
3. **Electrical Connection:** Connect the cabinet's electrical wiring to your bathroom's power supply. This step should be performed by a qualified electrician to ensure safety and compliance with local electrical codes.
4. **Hang the Cabinet:** Carefully lift the medicine cabinet and align it with the wall bracket. Secure the cabinet to the bracket according to the manufacturer's instructions.
5. **Final Check:** Verify that the cabinet is stable and all electrical connections are secure.

5. Operating Instructions

5.1 LED Lighting Control

The cabinet features touch-sensitive controls on the mirror surface for lighting adjustments.

- **Power On/Off:** Short press the power touch switch to turn the LED light on or off.
- **Change Color Temperature:** Short press the color temperature touch switch to cycle through three color temperatures: Warm (3000K), Natural (4500K), and Cool (6500K).
- **Adjust Brightness (Dimming):** Long press the color temperature touch switch to adjust the brightness from 10% to 100%. Release when the desired brightness is achieved.

5.2 Anti-Fog Function

The integrated anti-fog film ensures a clear mirror surface even in steamy conditions.

- **Activate/Deactivate:** Short press the anti-fog touch switch to turn the defogger on or off.
- The anti-fog function will clear a central area of the mirror for optimal visibility.

6. Maintenance

6.1 Cleaning the Mirror and Cabinet

- Always unplug the cabinet from the power source before cleaning.
- Use a soft, damp cloth with a mild, non-abrasive cleaner to wipe the mirror surface and cabinet frame.
- Avoid using harsh chemicals, abrasive pads, or spray cleaners directly on the mirror or electrical components.
- Dry thoroughly with a clean, soft cloth to prevent water spots.

6.2 Internal Storage

The cabinet features multiple compartments for organized storage.

7. Troubleshooting

If you encounter any issues, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
LED light does not turn on.	No power supply; loose connection; faulty switch.	Check power outlet and circuit breaker. Ensure all electrical connections are secure. Contact customer support if the issue persists.
Anti-fog function not working.	Function not activated; electrical issue.	Ensure the anti-fog touch switch is pressed. Check power supply.
Light brightness or color temperature cannot be adjusted.	Incorrect operation; switch malfunction.	Refer to Operating Instructions (Section 5.1) for correct touch switch usage.

Problem	Possible Cause	Solution
Mirror surface is scratched or damaged.	Improper cleaning or handling.	Avoid abrasive materials. Contact customer support for replacement options.

8. Specifications

Feature	Detail
