

INOI A151 A63

Generic Case for INOI A151 A63 Phone with Tempered Glass Screen Protector User Manual

Model: INOI A151 A63

INTRODUCTION

This user manual provides comprehensive instructions for the installation, operation, and maintenance of your Generic protective case and tempered glass screen protector designed for the INOI A151 A63 smartphone. Please read this manual carefully to ensure proper use and to maximize the lifespan of your product.

WHAT'S IN THE BOX

- 1 x Phone Case for INOI A151 A63
- 1 x Tempered Glass Screen Protector

SETUP AND INSTALLATION

1. Installing the Tempered Glass Screen Protector

1. **Clean the Screen:** Use the provided cleaning wipes (if included, otherwise a microfiber cloth) to thoroughly clean your phone's screen. Ensure there is no dust, smudges, or fingerprints.
2. **Align the Protector:** Carefully align the tempered glass screen protector with your phone's screen. Pay attention to cutouts for the camera and sensors.
3. **Apply:** Once aligned, gently lower the protector onto the screen. It will adhere automatically.
4. **Remove Bubbles:** If any air bubbles appear, gently push them towards the edges of the screen using a soft cloth or squeegee.

Image: The tempered glass screen protector is designed to be scratch-proof, effectively resisting damage from sharp objects and abrasions.

Image: Key features of the tempered glass screen protector include 9H high hardness for durability, perfect adhesion for

secure fit, shatterproof design, case-friendly compatibility, 99.9% super transparency for clear viewing, and an anti-fingerprint coating.

2. Installing the Phone Case

1. **Insert Phone:** Gently place your INOI A151 A63 phone into the case, ensuring all buttons and ports align correctly with the case's openings.
2. **Secure Fit:** Press firmly around the edges to ensure the soft silicone frame fully encloses your phone, providing a secure fit.

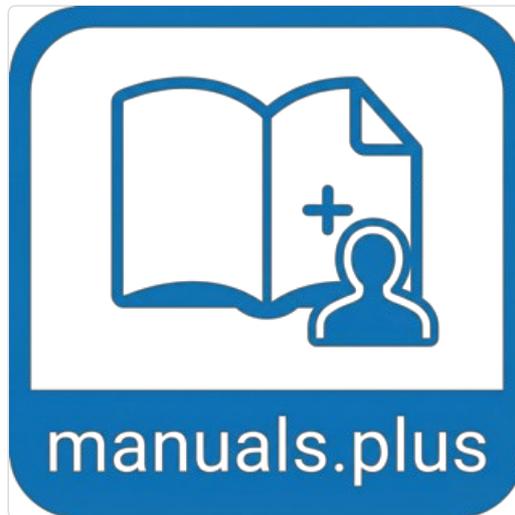

Image: The phone case features a shockproof design with a 2-in-1 construction of hard PC and soft silicone. It includes four-corner thickening and integrated shock airbags to protect against impacts.

OPERATING INSTRUCTIONS

Using the Ring Support

The integrated metal finger ring support offers enhanced grip and functionality:

- **One-Hand Operation:** Insert your finger through the ring to securely hold your phone, allowing for easier one-handed use and reaching more areas of the screen.
- **Kickstand Function:** Rotate the ring 360 degrees and adjust it 180 degrees to prop your phone up for hands-free viewing in landscape or portrait mode.

Image: The ring support facilitates comfortable one-handed operation, extending the user's reach across the phone screen.

Magnetic Car Mount Compatibility

The metal ring support is compatible with magnetic car mounts. Simply attach your phone case to a magnetic car mount (not included) for secure in-car navigation and hands-free use.

Note: This case does not support wireless charging due to the metal ring. Please remove the case for wireless charging or use a wired charger.

Image: The integrated ring support allows for compatibility with magnetic car mounts. Please note that a magnetic car mount is not included, and wireless charging is not supported with the case on.

MAINTENANCE AND CARE

- **Cleaning the Case:** Wipe the phone case with a soft, damp cloth to remove dust and smudges. Avoid harsh chemicals or abrasive materials.
- **Cleaning the Screen Protector:** Use a microfiber cloth to gently clean the tempered glass screen protector. For stubborn smudges, a screen cleaner spray can be used.
- **Avoid Extreme Conditions:** Do not expose the case or screen protector to extreme temperatures or direct sunlight for prolonged periods, as this may affect material integrity and color.
- **Luminous Feature:** The luminous effect of the case is achieved by absorbing light. Exposure to light (sunlight or artificial light) will enhance its glow in dark environments.

Image: The case features a multi-layered design including a gold glitter craft and luminous style, a frosted scratch-free surface, a light-absorbing layer, an ultra HD print pattern layer, and a rugged PC protective backplate.

TROUBLESHOOTING

- **Screen Protector Bubbles:** If bubbles persist after installation, gently lift the nearest edge of the protector and reapply, pushing out air as you go. Ensure the screen is completely dust-free before reapplication.
- **Case Fit Issues:** Ensure your phone model is INOI A151 A63. If the case does not fit correctly, double-check that the phone is inserted properly and all edges are seated.
- **Ring Stand Stiffness:** The ring stand may be stiff initially. Gentle rotation and use will loosen it over time.
