

INOI A151 A63

Generic Phone Case and Screen Protector Instruction Manual for INOI A151 A63

Model: INOI A151 A63

INTRODUCTION

This manual provides instructions for the proper installation, operation, and maintenance of your Generic phone case and tempered glass screen protector, designed for the INOI A151 A63 smartphone. Please read these instructions carefully before use to ensure optimal performance and protection for your device.

PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- 1 x Phone Case (PC hard back panel + soft silicone frame + metal support finger ring)
- 1 x Tempered Glass Screen Protector

SETUP AND INSTALLATION

1. Phone Case Installation

The phone case is designed with a dual-layer structure for enhanced protection, featuring a hard PC back panel and a soft silicone frame with shock airbags at the corners.

1. Ensure your INOI A151 A63 phone is clean and free of dust or debris.
2. Gently insert the phone into the soft silicone frame, starting with one side.
3. Press the phone firmly into the case, ensuring all edges are securely seated within the silicone frame.
4. Verify that all ports, buttons, and camera cutouts align correctly with your phone.

Shockproof

2. Tempered Glass Screen Protector Installation

Follow these steps for a bubble-free application of the tempered glass screen protector:

1. **Clean the Screen:** Use the provided alcohol wipe to thoroughly clean your phone's screen. Remove any smudges, dust, or fingerprints.
2. **Dry the Screen:** Use the microfiber cloth to dry the screen completely. Ensure no lint or dust remains.
3. **Remove Protective Film:** Carefully peel off the protective film from the adhesive side of the tempered glass screen protector. Avoid touching the adhesive surface.
4. **Align the Protector:** Align the screen protector with your phone's screen, paying attention to the cutouts for the speaker and camera. Start from one edge and slowly lower it onto the screen.
5. **Apply:** Once aligned, gently press the center of the screen protector. The adhesive will spread outwards.
6. **Remove Bubbles:** If any bubbles appear, gently push them towards the edges using the microfiber cloth or a soft card.

3. Ring Support Attachment (Optional)

The adhesive metal finger ring support can be attached to the case or used separately. If attaching to the case:

1. Choose a suitable position on the back of the phone case for the ring support. Ensure the surface is clean and dry.
2. Peel off the protective film from the adhesive backing of the ring support.
3. Press the ring support firmly onto the chosen spot on the case for at least 30 seconds.
4. Allow the adhesive to cure for a few hours before heavy use to ensure maximum bond strength.

One-Hand Operation

Touch more spots on the screen

OPERATING INSTRUCTIONS

1. Using the Ring Support

- **Finger Grip:** Slide your finger through the ring for a secure grip, reducing the risk of accidental drops.
- **Kickstand Function:** Rotate the ring 360 degrees and flip it 180 degrees to position your phone at a comfortable viewing angle for media consumption.
- **One-Hand Operation:** The ring allows for easier reach across the screen, improving one-handed usability.

Gold glitter craft + Luminous style

The golden powder will appear in the light and sunlight will shine effect. Absorption of light and sunlight will produce a fluorescent effect in a dark environment.

Frosted surface, Scratch-free and fingerprint-free

2. Magnetic Car Mount Compatibility

The integrated metal plate within the ring support allows for compatibility with magnetic car mounts. Simply attach your phone case to a magnetic car mount (not included) for secure in-car navigation or hands-free use.

Note: This case does not support wireless charging due to the metal ring component. Please remove the case or use a wired charger for charging.

SUPPORT MAGNETIC CAR MOUNT

Not include magnetic car mount,
not support wireless charging.

MAINTENANCE

To keep your phone case and screen protector in optimal condition:

- **Cleaning the Case:** Wipe the case regularly with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by thorough rinsing and drying. Avoid harsh chemicals or abrasive materials.
- **Cleaning the Screen Protector:** Use a microfiber cloth to gently wipe the screen protector. For smudges, a screen cleaner spray designed for electronics can be used.
- **Avoid Extreme Temperatures:** Do not expose the case or screen protector to extreme heat or cold, as this may affect their material integrity.
- **Inspect Regularly:** Periodically check the case and screen protector for any signs of wear or damage. Replace if significant damage is observed to maintain protection.

TROUBLESHOOTING

- **Screen Protector Bubbles:** If bubbles appear after installation, gently lift the nearest edge of the protector and reapply, pushing the bubble out with a soft cloth. Small bubbles often disappear within 24-48 hours.

- **Ring Support Loosening:** If the adhesive ring support feels loose, ensure the surface it's attached to is clean and dry. Reapply with new adhesive if necessary, or consider using a stronger adhesive.
- **Case Fit Issues:** Ensure the case is correctly aligned and snapped onto the phone. Remove and re-install if it feels loose or misaligned.

SPECIFICATIONS

Compatible Phone Models	INOI A151 A63
