Obee Odee 4-in-1 Baby Bassinet, Pack and Play, Bedside Crib Sleeper, Diaper Changer Instruction Manual

Model: UP670S | Brand: Obee Odee

1. INTRODUCTION

This manual provides essential instructions for the safe and proper use of your Obee Odee 4-in-1 Baby Bassinet, Pack and Play, Bedside Crib Sleeper, and Diaper Changer. This versatile product is designed to adapt to your child's growth, offering multiple functionalities from newborn to toddler stages. Please read all instructions carefully before assembly and use.

2. IMPORTANT SAFETY INFORMATION

WARNING: Always follow assembly instructions carefully. Keep the mosquito net fully zipped when in use to prevent entrapment. Ensure the bottom locking mechanism is securely engaged to prevent collapse. Do not leave children unattended in the crib.

Regularly inspect the product for any signs of wear, damage, or loose parts. Discontinue use if any components are compromised. Always place the product on a flat, level surface. Keep small parts away from children during assembly.

5. OPERATING INSTRUCTIONS

5.1 Bassinet Mode (Newborn)

In bassinet mode, the elevated sleeping surface is suitable for newborns. Ensure the bassinet insert is securely fastened. The mosquito net can be used to protect the baby from insects.

5.2 Bedside Sleeper Mode

To use as a bedside sleeper, lower one side of the main unit by disengaging the side rail locks. Adjust the height to match your bed. Use the included straps to secure the unit to your bed frame, ensuring there are no gaps between the bassinet and your bed.

6. MAINTENANCE AND CARE

- **Cleaning:** The changing table features water-resistant fabric and can be wiped clean with a damp cloth and mild soap. For other fabric components, spot clean as needed. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, fold the unit into its compact form and store it in the provided carry bag in a dry, cool place.
- **Inspection:** Regularly check all parts, including fasteners, fabric, and mesh, for any signs of damage or wear. Ensure all locking mechanisms function correctly.

7. TROUBLESHOOTING

- **Unit not locking:** Ensure all side rails are fully extended and the central locking mechanism is engaged. Apply firm pressure until you hear a click.
- **Difficulty folding:** Ensure all accessories (changing table, toy bar, bassinet insert) are removed. Release all side rail locks and the central locking mechanism before attempting to fold.
- **Instability:** Verify that all locking mechanisms are engaged and the unit is placed on a flat, level surface. Check for any loose or damaged parts.
