

## HOOBRO SV02BJ01

# HOOBRO SV02BJ01 15.7-Inch Floating Tempered Glass Bathroom Shelves Instruction Manual

Model: SV02BJ01 | Brand: HOOBRO

## 1. INTRODUCTION

Thank you for choosing the HOOBRO SV02BJ01 Floating Tempered Glass Bathroom Shelves. This manual provides essential information for the safe assembly, installation, and maintenance of your new shelves. Please read these instructions carefully before beginning assembly and retain them for future reference.

### Important Safety Information

- Due to the characteristics of glass, please wear gloves or take other appropriate protective measures when handling the glass components. Handle with care to prevent injury.
- Ensure to choose appropriate expansion screws for wall fixation based on your specific wall type (e.g., drywall, concrete, tile). Incorrect fasteners may compromise stability.
- Do not exceed the maximum recommended load capacity of 11 lb (5 kg) per shelf. Overloading can lead to product failure and potential injury.
- Regularly check all connections and fasteners to ensure they remain tight and secure.

## 2. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 2 x Tempered Glass Bathroom Shelves
- 1 x Accessory Kit (includes mounting hardware, brackets, guardrails, and towel rod)
- 1 x Instruction Manual (this document)

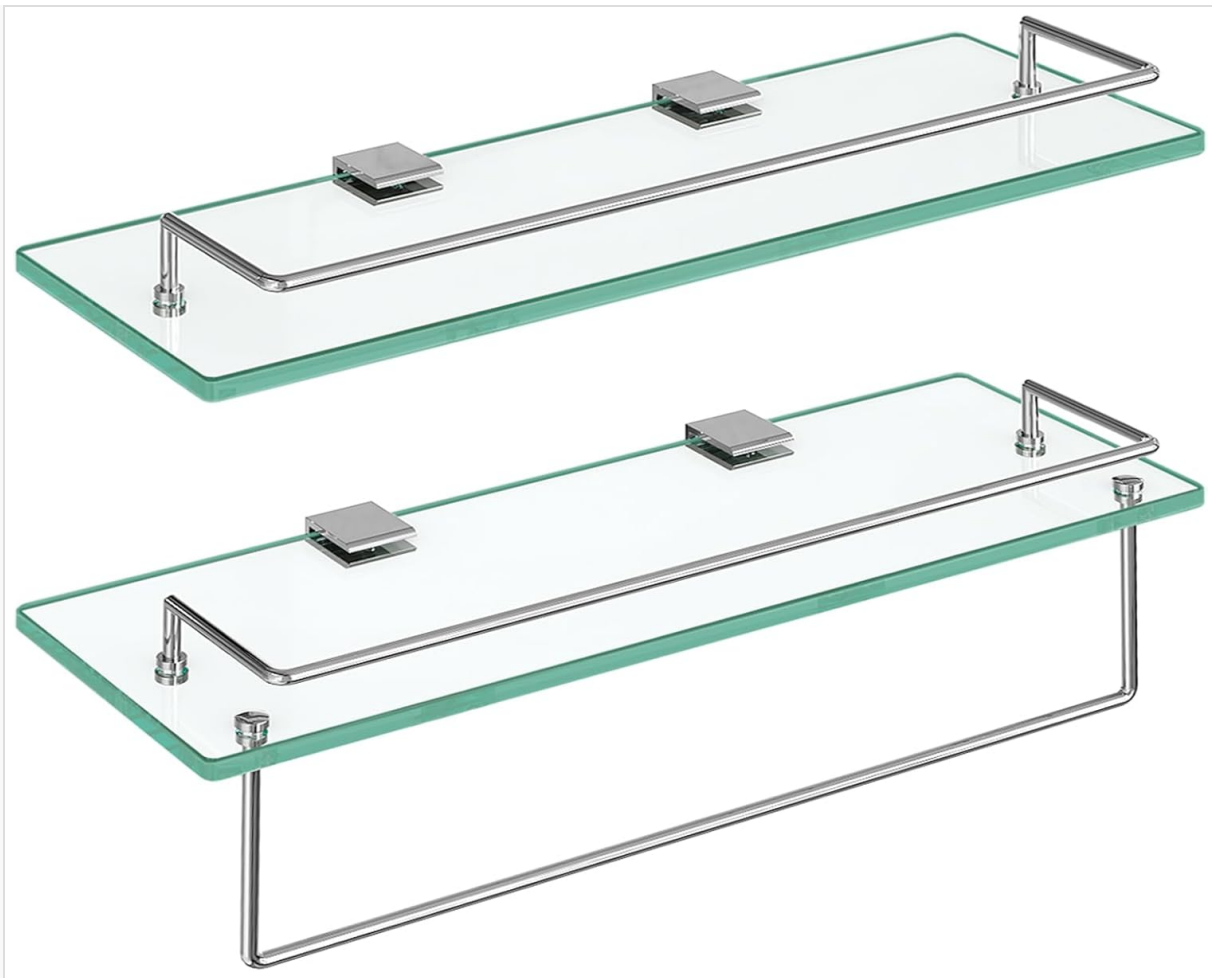

Figure 2.1: Included Components Overview

This image displays the complete set of components for the HOOBRO SV02BJ01 glass shelves. It includes two rectangular tempered glass shelves, four metal brackets for wall mounting, two stainless steel guardrails (one for each shelf), and one stainless steel towel rod designed to attach to the lower shelf. All necessary screws and anchors are part of the accessory kit.

### 3. ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Please follow these steps carefully.

1. **Prepare the Wall:** Choose a suitable location on your wall. Use a level to mark the desired positions for the mounting brackets. Ensure the marks are level and spaced correctly for the shelf dimensions (15.7 inches in length).
2. **Drill Pilot Holes:** Using an appropriate drill bit for your wall type, drill pilot holes at the marked locations. Insert wall anchors if necessary (e.g., for drywall).
3. **Attach Mounting Brackets:** Secure the metal mounting brackets to the wall using the provided screws. Ensure they are firmly attached and level.
4. **Install Glass Shelves:** Carefully place the tempered glass shelves onto the installed brackets. The brackets are designed to securely hold the glass.
5. **Attach Guardrails:** For each shelf, attach the stainless steel guardrail to the designated holes on the glass shelf using the small screws provided in the accessory kit. The guardrail helps prevent items from falling off.
6. **Install Towel Rod (Lower Shelf Only):** For one of the shelves (typically the lower one), attach the stainless steel towel rod to the underside of the shelf using the provided hardware. This provides additional hanging space for towels.

7. **Final Check:** Gently test the stability of the installed shelves. Ensure all screws are tight and the shelves are securely mounted to the wall before placing any items on them.

#### 4. USAGE GUIDELINES

These HOOBRO glass shelves are designed for organizing toiletries and small decorative items in bathrooms or other rooms.

- **Load Capacity:** Each shelf has a maximum recommended load capacity of 11 lb (5 kg). Distribute weight evenly across the shelf surface.
- **Item Security:** The integrated stainless steel guardrail (3cm / 1.2 inches high) provides a barrier to help keep items secure on the shelf.
- **Towel Rod:** The lower shelf includes a towel rod suitable for hanging hand towels or washcloths.
- **Placement:** Ideal for use in bathrooms, near toilets, or in other areas where compact, wall-mounted storage is beneficial.

Figure 4.1: Example of Shelves in Use

This image illustrates the HOOBRO glass shelves installed in a bathroom setting, showcasing their practical application for storing various personal care products and small decorative elements. The upper shelf holds items like soap dispensers and small jars, while the lower shelf, equipped with a towel bar,

displays similar items along with two neatly folded hand towels.

## 5. CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your HOOBRO glass shelves.

- **Cleaning:** Wipe the glass and stainless steel components with a dry, soft cloth. For more thorough cleaning, use a mild glass cleaner on the glass and a damp cloth with a gentle, non-abrasive cleaner on the stainless steel, then dry immediately.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can scratch the glass or damage the stainless steel finish.
- **Moisture:** While the materials are moisture-resistant, prolonged exposure to standing water should be avoided. Wipe up spills promptly.
- **Inspection:** Periodically inspect the mounting hardware and connections to ensure they remain secure. Tighten any loose screws as needed.

## 6. TROUBLESHOOTING

If you encounter any issues with your HOOBRO glass shelves, consider the following common solutions:

- **Shelf Instability:** If the shelf feels wobbly, re-check all mounting screws and ensure they are fully tightened. Verify that the wall anchors (if used) are properly installed and suitable for your wall material.
- **Items Sliding Off:** Ensure the guardrail is correctly installed and securely fastened. Avoid placing excessively tall or unstable items near the edge.
- **Scratches on Glass:** Minor scratches can sometimes be minimized with specialized glass polishing compounds, but prevention is key. Avoid dragging rough objects across the glass surface.

For persistent issues or concerns not addressed here, please contact HOOBRO customer support.

## 7. SPECIFICATIONS

| Feature                              | Detail   |
|--------------------------------------|--|
| Product Dimensions (each shelf)      | 15.75" L x 5.12" W x 3.94" H (40cm L x 13cm W x 10cm H)        |
| Item Weight (total)                  | 5.7 pounds (2.59 kg)   |
| Maximum Recommended Load (per shelf) | 11 lb (5 kg)   |
