

## Samsers KF06S

# Samsers KF06S Foldable Bluetooth Keyboard User Manual

Model: KF06S

## INTRODUCTION

---

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your Samsers KF06S Foldable Bluetooth Keyboard. Please read this manual thoroughly before using the product to ensure proper function and longevity.

## PRODUCT OVERVIEW

---

### Key Features

- **Full-Size Folding Design:** Unfolded dimensions of 13.5 x 4.5 inches with 0.63-inch standard keys for comfortable typing.
- **Durable Construction:** Features an innovative seamless metal hinge and non-slip PU leather base.
- **Multi-Device Connectivity:** Supports simultaneous connection to up to three Bluetooth 5.1 devices, allowing seamless switching.
- **Integrated Numeric Keypad:** Includes a standard numeric keypad for efficient data entry and calculations.
- **Multimedia Shortcuts:** Equipped with multimedia shortcuts and an Fn lock function for enhanced productivity.
- **Rechargeable Battery:** Built-in battery provides up to 90 hours of working time or 120 days of standby on a 2-3 hour charge via Type-C.
- **Portable Design:** Lightweight at 9.3 ounces, designed for easy transport.

### Package Contents

- 1 x Samsers KF06S Foldable Bluetooth Keyboard
- 1 x Type-C Charging Cable
- 1 x Phone Holder
- 1 x Velvet Storage Bag
- 1 x Instruction Manual (this document)

# Compact Size

9.3  
oz

Weight

The Samsers KF06S keyboard in its folded, compact state, measuring 7.28 inches long, 4.53 inches wide, and 0.71 inches thick, placed inside a travel bag.

Contents of the Samsers KF06S package, including the folded keyboard, Type-C charging cable, phone holder, velvet storage bag, and instruction manual.

## SETUP

### Charging the Keyboard

1. Locate the Type-C charging port on the keyboard.
2. Connect the provided Type-C charging cable to the keyboard and a compatible USB power source (e.g., computer USB port, USB wall adapter).
3. The charging indicator light will illuminate. A full charge typically takes 2-3 hours.
4. Once fully charged, the indicator light may change color or turn off, depending on the model. Disconnect

the charging cable.

5. A full charge provides approximately 90 hours of continuous working time or 120 days of standby time.

## Powering On/Off

- **To Power On:** Unfold the keyboard. The power indicator light will turn on briefly.
- **To Power Off:** Fold the keyboard. The keyboard will automatically power off to conserve battery.

## Bluetooth Pairing

The Samsers KF06S keyboard supports connection to up to three Bluetooth devices simultaneously. Follow these steps to pair your keyboard:

1. Ensure the keyboard is powered on (unfolded).
2. Press and hold the **Fn** key and one of the Bluetooth channel keys (**BT1**, **BT2**, or **BT3**) for 3-5 seconds until the corresponding indicator light flashes rapidly. This indicates the keyboard is in pairing mode.
3. On your device (smartphone, tablet, laptop), navigate to the Bluetooth settings.
4. Enable Bluetooth and search for available devices.
5. Select "Samsers Keyboard" or a similar name from the list of found devices.
6. If prompted, enter the pairing code displayed on your screen using the Samsers keyboard and press **Enter**.
7. Once paired, the indicator light for the selected Bluetooth channel will stop flashing and remain solid for a few seconds before turning off. The keyboard is now connected.
8. Repeat these steps for up to two additional devices using the other BT channel keys.

## OPERATING INSTRUCTIONS

---

### Folding and Unfolding

- **To Unfold:** Gently open the keyboard from its folded position until it lies flat. The magnetic lock will secure it in the open position, and the keyboard will power on.
- **To Fold:** Close the keyboard by bringing the two side panels inwards. The magnetic lock will hold it securely in the folded position, and the keyboard will power off.

### Switching Between Devices

To switch between paired devices, simply press the **Fn** key simultaneously with the corresponding Bluetooth channel key (**BT1**, **BT2**, or **BT3**) for the desired device. The keyboard will connect to the selected device within a few seconds.

### Using Function (Fn) Keys and Multimedia Shortcuts

The keyboard features a row of function keys (F1-F12) that also serve as multimedia shortcuts. To use the multimedia functions, press the **Fn** key along with the desired function key. Some models may include an Fn lock function to toggle between standard F-keys and multimedia functions without holding Fn.

- **Fn + Q:** Switch to iOS system layout
- **Fn + W:** Switch to Android system layout
- **Fn + E:** Switch to Windows system layout
- Other Fn combinations are typically indicated by icons on the keys (e.g., volume control, playback control, screen lock).

## Numeric Keypad Usage

The integrated numeric keypad functions like a standard desktop numeric keypad. Ensure Num Lock is enabled if necessary on your operating system for full functionality.

## Changing Input Language

To change the input language on your connected device using the keyboard, you typically use a key combination specific to your operating system:

- **Android:** Try **Shift + Space** or **Ctrl + Space**.
- **iOS:** Try **Ctrl + Space**.
- **Windows:** Try **Windows key + Space** or **Alt + Shift**.
- Ensure the desired language is added to your device's language settings before attempting to switch.

## MAINTENANCE

---

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the keyboard surface. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid excessive moisture.
- **Storage:** When not in use, fold the keyboard to protect the keys and conserve battery. Store it in the provided velvet storage bag to prevent scratches and dust accumulation.
- **Avoid Extremes:** Do not expose the keyboard to extreme temperatures, direct sunlight, or high humidity.

## TROUBLESHOOTING

---

Problem	Solution
Keyboard does not power on.	Ensure the keyboard is unfolded. Check battery level and charge if necessary.
Unable to pair via Bluetooth.	Ensure the keyboard is in pairing mode (indicator light flashing). Turn off and on your device's Bluetooth. Remove previous pairings and try again. Ensure the keyboard is within range.
Keyboard disconnects frequently.	Ensure the keyboard is fully charged. Move closer to the connected device to reduce interference. Re-pair the keyboard.
Keys are not responding or typing incorrectly.	Ensure the keyboard is connected to the correct device. Check the operating system layout (Fn+Q/W/E). Restart the keyboard and device.
Cannot type into text fields on iOS/Android.	After connecting, tap the text field on your device's screen to activate it. Some applications may require this initial touch. Pressing the Enter key might also activate the text field.

## SPECIFICATIONS

---
