2. SAFETY WARNINGS

Important: Failure to follow these safety instructions may result in injury or damage to the product.

- Do not exceed the maximum load capacities for drawers, shelves, or hanging rails to prevent damage or injury.
- Exercise caution with sharp edges and the mirror during assembly and use.
- Ensure the product is assembled on a flat, stable surface.
- Always use appropriate tools for assembly and follow all steps in the correct order.
- Keep small parts and packaging materials away from children to prevent choking hazards.

- If the product is designed to be anchored to a wall, ensure it is securely fastened to prevent tipping.

Maximum Load Capacities

Component	Maximum Load
Drawer	3 kg
Shelf (Lingère)	10 kg
Hanging Rail (Penderie)	3 kg

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts and hardware are present and undamaged. If any components are missing or damaged, do not proceed with assembly and contact customer support.

The Vitorio High Chest of Drawers is typically shipped in two packages:

- **Package 1:** Approximately 153 cm (Length) x 51 cm (Width) x 12 cm (Height), Weight: 38 kg.
- **Package 2:** Approximately 82 cm (Length) x 53 cm (Width) x 13 cm (Height), Weight: 17 kg.

Refer to the included assembly diagram for a complete list of parts and hardware.

4. SETUP AND ASSEMBLY

This product requires self-assembly. It is recommended to assemble the unit with two people. Ensure you have sufficient space and a soft, clean surface to prevent scratching the furniture during assembly.

4.1 Tools Required

- Screwdriver (Phillips head)
- Hammer (for dowels, if applicable)
- Measuring tape

4.2 Assembly Steps

1. **Unpack Components:** Carefully remove all parts from the packaging. Check against the parts list in the assembly diagram.
2. **Assemble Base:** Connect the base panels using the provided hardware.
3. **Construct Drawer Unit:** Assemble the frame for the three drawers. Install the drawer slides on the side panels.
4. **Assemble Drawers:** Construct each of the three drawers and install their respective slides. Insert the assembled drawers into the drawer unit.
5. **Construct Wardrobe Unit:** Assemble the frame for the wardrobe section. Install the hanging rail and any internal shelves.
6. **Attach Mirror Door:** Secure the mirror door to the wardrobe unit using the hinges. Ensure the door opens and closes smoothly.
7. **Combine Units:** The chest of drawers and wardrobe unit can be assembled together or separated, depending on your preference. Follow the specific instructions in the assembly diagram for combining or separating the modules.
8. **Final Placement:** Position the assembled unit in its desired location. This unit is suitable for sloped rooms.

9. **Secure (Optional but Recommended):** If possible, secure the unit to a wall using anti-tip hardware (not always included, but highly recommended for tall furniture).

5. OPERATION

The Vitorio High Chest of Drawers provides versatile storage solutions for your belongings.

5.1 Using the Drawers

- Gently pull the handles to open the drawers.
- Push firmly to close them completely.
- Distribute weight evenly within each drawer and do not exceed the maximum load of 3 kg per drawer.

Figure 4: Open drawers for storage

5.2 Using the Wardrobe Section

- The wardrobe features a hinged door with an integrated mirror.
- Use the hanging rail for clothes that require hanging, ensuring not to exceed 3 kg.
- The internal shelf can be used for folded items or accessories, with a maximum load of 10 kg.

5.3 Mirror Use

- The full-length mirror on the wardrobe door provides a convenient dressing area.
- Handle the mirror with care to avoid scratches or breakage.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Vitorio High Chest of Drawers.

6.1 Cleaning

- For general cleaning, wipe surfaces with a soft, damp cloth.
- Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish.
- For the mirror, use a standard glass cleaner and a lint-free cloth.
- Immediately wipe up any spills to prevent staining or water damage.

6.2 General Care

- Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.

- Avoid placing hot items directly on the surface; use coasters or protective pads.
- Keep the furniture away from direct sunlight and heat sources to prevent fading or warping.
- Do not drag the furniture when moving it; always lift it to prevent damage to the legs and base.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your chest of drawers.

7.1 Drawers are Sticking or Not Closing Properly

- **Check Alignment:** Ensure the drawer slides are correctly aligned and free from obstructions.
- **Overload:** Verify that the drawer is not overloaded, exceeding the 3 kg limit. Remove some items if necessary.
- **Loose Screws:** Check if any screws on the drawer slides or drawer box are loose and tighten them.

7.2 Unit Feels Unstable

- **Level Surface:** Ensure the unit is placed on a level surface. Adjust any leveling feet if present.
- **Tighten Fasteners:** Re-check all assembly screws and fasteners throughout the unit and tighten them securely.
- **Wall Anchoring:** For added stability and safety, especially with tall furniture, consider anchoring the unit to a wall using appropriate anti-tip hardware.

7.3 Mirror Appears Distorted or Damaged

- **Inspect for Cracks:** Carefully inspect the mirror for any cracks or chips. If damaged, avoid use and contact support.
- **Cleaning Residue:** Ensure the mirror is clean and free from streaks or residue from cleaning products.
