3. SETUP AND ASSEMBLY

Follow these step-by-step instructions to assemble your JUMMICO Ergonomic Massage Gaming Chair. All parts are labeled for easy identification.

1. **Attach Casters to Base:** Insert the five casters into the holes at the end of each leg of the star base. Push firmly until they click into place.
2. **Install Gas Lift:** Place the gas lift cylinder into the center hole of the star base. Cover it with the gas lift cover.
3. **Attach Mechanism to Seat:** Align the mechanism plate with the screw holes on the underside of the seat cushion. Ensure the front of the mechanism faces the front of the seat. Secure with screws and washers using the provided Allen key.
4. **Attach Armrests:** Secure the armrests to the sides of the seat cushion using the designated screws. Ensure they are oriented correctly.
5. **Connect Backrest to Seat:** Attach the backrest to the seat cushion using the screws provided. Ensure a secure connection.
6. **Place Assembled Top onto Gas Lift:** Carefully place the assembled seat and backrest onto the gas lift

cylinder. The tapered end of the gas lift should fit into the mechanism's central hole.

7. **Attach Headrest and Lumbar Pillows:** Position the headrest and lumbar support pillows as desired. The lumbar pillow includes the massage function.

4. OPERATING INSTRUCTIONS

Familiarize yourself with the various adjustable features of your JUMMICO chair to optimize your comfort and support.

4.1. Height Adjustment

- To raise the chair, lift the lever located under the seat while taking your weight off the seat.
- To lower the chair, lift the lever while remaining seated.
- The chair height can be adjusted by up to 10 cm, accommodating users between 160 cm and 190 cm tall.

4.2. Backrest Recline

- Pull the recline lever on the side of the chair to adjust the backrest angle.
- The backrest can be locked at any angle between 90° (upright for work) and 150° (for resting).
- Release the lever to lock the backrest in your desired position.

4.3. Lumbar Massage Function

- The lumbar support pillow features a built-in vibrating massage function.
- To activate the massage, connect the USB cable from the lumbar pillow to a compatible USB power source (e.g., computer, power bank, USB wall adapter).
- Adjust the position of the lumbar pillow for optimal massage effect on your lower back.

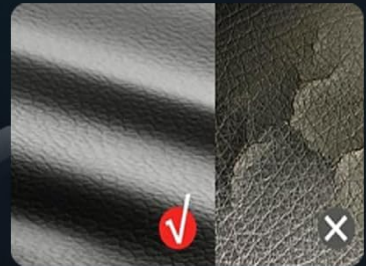

DESIGNED FOR MORE COMFORT

Connect USB to enjoy the vibrating massage

Wooden board + 8cm foam
= stable and soft

High-quality PU fabric
does not deform

5. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and optimal performance of your JUMMICO chair.

- **Cleaning:** The chair's high-quality PU synthetic leather upholstery is designed for durability. For general cleaning, use a soft, damp cloth. For deeper cleaning, dry cleaning is recommended. Avoid harsh chemicals or abrasive cleaners.
- **Casters:** The polyurethane wheels are designed to be silent and smooth, and will not scratch floor surfaces. Periodically check casters for hair or debris and clean as needed to maintain smooth movement.
- **Hardware:** Occasionally check all screws and bolts to ensure they are tight. Retighten if necessary to maintain stability.
- **Massage Unit:** Ensure the USB cable for the massage function is not pinched or damaged.

6. TROUBLESHOOTING

If you encounter any issues with your chair, refer to the following common problems and solutions.

- **Chair Squeaks:**
Check all bolted connections and tighten any loose screws. A small amount of silicone lubricant can be applied to moving parts if the squeaking persists.
- **Difficulty Adjusting Height:**
Ensure the gas lift lever is fully engaged. If the issue persists, the gas lift cylinder may need replacement. Contact customer support.
- **Casters Not Rolling Smoothly:**
Inspect casters for accumulated hair, dust, or debris. Clean them thoroughly. Ensure the casters are securely inserted into the base.
- **Massage Function Not Working:**
Verify the USB cable is securely connected to both the lumbar pillow and a working USB power source. Try a different USB port or power source.
- **Chair Feels Unstable:**
Ensure all assembly screws are tightened. Check that the star base is fully assembled and the gas lift is properly seated.

7. SPECIFICATIONS

Feature	Specification
Brand	JUMMICO
