## Brookstone PACKING CUBE SET

# Brookstone 6-Piece Compression Packing Cubes Instruction Manual

## INTRODUCTION

This manual provides instructions for the Brookstone 6-Piece Compression Packing Cubes. These organizers are designed to help you efficiently pack and organize your belongings for travel, maximizing space within your luggage and keeping items neatly separated.

## PRODUCT COMPONENTS

The Brookstone 6-Piece Compression Packing Cube set includes:

- 3 Compression Packing Cubes (Small, Medium, Large)
- 3 Flat Packing Pouches (Small, Medium, Large)

All components are constructed from durable, tear-resistant fabric with reliable zippers.

## SETUP AND INITIAL USE

1. **Unpacking:** Carefully remove all packing cubes and pouches from their packaging.
2. **Inspection:** Inspect each item for any signs of damage or manufacturing defects. If any issues are found, refer to the 'Warranty and Support' section.
3. **Familiarization:** Identify the different sizes and types of organizers. The compression cubes feature a mesh top and two zippers (one for the main compartment, one for compression), while the pouches are flat with a single zipper.

**10.25 IN x 6.5 IN**  
SMALL POUCH

**11.75 IN x 8 IN x 4.75 IN**  
SMALL CUBE

**10.5 IN x 10.25 IN**  
MEDIUM POUCH

**12 IN x 10.75 IN x 4.75 IN**  
MEDIUM CUBE

**13.5 IN x 10.5 IN**  
LARGE POUCH

**15.5 IN x 11.75 IN x 4.875 IN**  
LARGE CUBE

**Figure 1:** Dimensions of the Brookstone 6-piece packing cube set. This image illustrates the various sizes of the small, medium, and large pouches, as well as the small, medium, and large compression cubes, along with their respective length, width, and height measurements.

# OPERATING INSTRUCTIONS

## 1. Packing the Compression Cubes

- Prepare Items:** Fold your clothes and other items neatly. Rolling clothes can also be an effective method to save space and reduce wrinkles.
- Fill the Cube:** Open the main zipper of the compression cube. Place your folded or rolled items inside, ensuring they fit within the cube's boundaries without excessive bulging. Avoid overfilling the cube beyond its capacity before compression.
- Close Main Zipper:** Once filled, carefully close the main zipper of the cube. Ensure no fabric is caught in the zipper teeth.
- Compress the Cube:** Locate the secondary zipper, which runs along the perimeter of the cube. Slowly and firmly zip this compression zipper around the cube. This action will reduce the cube's volume, compacting your items.

**Figure 2:** A person efficiently packing a suitcase using Brookstone compression packing cubes. The image demonstrates how various items like clothing and shoes can be neatly organized into the different sized cubes, making the most of luggage space.

## 2. Using the Flat Packing Pouches

The flat pouches are ideal for smaller items, accessories, toiletries, or separating clean and dirty laundry. Simply open the zipper, place your items inside, and close the zipper securely.

**Figure 3:** Three Brookstone flat packing pouches, shown in small, medium, and large sizes. These pouches are designed for organizing smaller items and accessories within your luggage.

### 3. Arranging in Luggage

Once packed and compressed, arrange the cubes and pouches strategically within your suitcase or travel bag. Their rectangular shapes are designed to fit efficiently, allowing for organized and compact packing.

## MAINTENANCE AND CARE

- **Cleaning:** Hand wash the packing cubes and pouches with mild soap and cold water. Avoid using harsh detergents or bleach.
- **Drying:** Air dry thoroughly. Do not tumble dry or iron, as high heat can damage the fabric and zippers.
- **Storage:** When not in use, store the cubes and pouches in a clean, dry place away from direct sunlight to prolong their lifespan.
- **Zipper Care:** Periodically check zippers for any debris and clean if necessary. Lubricate with a zipper lubricant if they become stiff.

## TROUBLESHOOTING

- **Difficulty with Compression Zipper:** If the compression zipper is hard to close, the cube may be overfilled. Remove some items and try again. Ensure items are folded flat and evenly distributed.
- **Zipper Snagging:** If a zipper snags, gently pull the fabric away from the zipper teeth and slowly try to move the slider. Do not force the zipper, as this can cause damage.
- **Tears or Damage:** While made from tear-resistant fabric, extreme force or sharp objects can cause damage. Minor tears may be repaired with fabric repair kits. For significant damage, consider replacement.

## SPECIFICATIONS

Feature	Detail
Brand	Brookstone
Model Number	PACKING CUBE SET
Material	Tear-resistant fabric
Number of Items	6 (3 compression cubes, 3 flat pouches)
Color	Orange
Small Pouch Dimensions	10.25" L x 6.5" W
