Gurexl gun shelf

Gurexl Compact Gun Shelf with Automatic Induction Lock User Manual

Model: Gun Shelf

1. Important Safety Information

- When assembling this product, keep children away from all accessories and packaging.
- Children are not allowed to play under the built-up cupboards or access the hidden compartment.
- Always ensure firearms are unloaded and stored securely within the compartment.
- Mount the shelf thoughtfully and securely to a wall stud, considering the weight of the shelf and its contents.

2. Product Overview

The Gurexl Compact Gun Shelf is a discreet and secure storage solution designed to blend seamlessly into your home decor. It features a hidden compartment with an automatic induction lock, providing quick access to stored items while maintaining a concealed appearance. The shelf is constructed from environmentally friendly wood and is designed for wall mounting.

5. Setup and Installation

Proper installation is crucial for the security and functionality of your Gurexl Compact Gun Shelf. It is recommended to have an additional person assist with installation due to the weight of the unit.

1. **Choose Location:** Select a suitable wall location, preferably where the shelf can be mounted directly into wall studs for maximum stability. Use a stud finder to locate studs.
2. **Mark Drilling Points:** Hold the shelf against the wall at the desired height and use a pencil to mark the drilling points for the mounting brackets. The black braces are designed for easy hanging.
3. **Drill Pilot Holes:** Drill pilot holes at the marked locations. If mounting into drywall without studs, use appropriate wall anchors provided.
4. **Secure Brackets:** Attach the mounting brackets to the wall using the provided screws. Ensure they are level and securely fastened.
5. **Mount Shelf:** Carefully align the shelf with the mounted brackets and secure it. The holes in the bottom of the shelf are predrilled for this purpose.
6. **Customize Interior:** Use the included foam inserts to customize the hidden compartment for your specific firearms or valuables, ensuring a snug and secure fit.

6. Operating Instructions

The Gurexl Compact Gun Shelf utilizes a magnetic induction locking system for quick and silent access.

1. **To Open the Compartment:** Place the provided magnetic key (or any reasonably strong magnet) on the designated area on the top surface of the shelf. This will trigger the induction lock, and the hidden compartment will silently ease downwards.
2. **Access Contents:** Once the compartment is open, you can access your stored items.
3. **To Close the Compartment:** Gently push the compartment upwards until it clicks into place, indicating it is securely locked. The latch under the lid has a button on the side to keep it open or to let it close, which is its normal state.

7. Maintenance

- **Cleaning:** Wipe the wooden surfaces with a soft, dry cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Lock Mechanism:** Keep the magnetic lock area clear of debris. Periodically check the latch and hinges for smooth operation. If the latch feels stiff, a small amount of silicone lubricant can be applied.
- **Structural Integrity:** Periodically check the mounting screws and brackets to ensure they remain tight and secure.

8. Troubleshooting

- **Compartment Does Not Open:**
  - Ensure the magnetic key is placed directly over the induction lock area.
  - Verify the magnetic key is sufficiently strong. Try another strong magnet if available.
  - Check if any objects on the shelf are obstructing the opening mechanism or adding excessive weight, which might put pressure on the plastic release hook. Try lifting the base slightly with one finger while applying the

magnet.

- **Compartment Does Not Close Securely:**
  - Ensure no items inside the compartment are obstructing the closing path.
  - Check the latch mechanism for any damage or debris.
- **Shelf Feels Loose on Wall:**
  - Tighten all mounting screws.
  - If mounted into drywall, ensure the wall anchors are properly installed and not damaged. Consider relocating to a wall stud if possible.

9. Warranty Information

For detailed warranty information regarding your Gurexl Compact Gun Shelf, please refer to the manufacturer's official website or contact their customer support directly. Keep your purchase receipt as proof of purchase.

10. Customer Support

If you have any questions, require assistance with installation, or need to report an issue, please contact Gurexl customer support through their official channels. You can typically find contact information on the manufacturer's website or on the product packaging.
