VONADO 71461

VONADO LED Light Kit

INSTRUCTION MANUAL FOR LEGO FANTASTICAL TREE HOUSE 71461

Introduction

This manual provides detailed instructions for installing and operating your VONADO LED Light Kit, designed specifically for the Lego Fantastical Tree House 71461 model. This kit enhances the visual appeal of your model by illuminating its various features. Please note that the Lego model itself is not included with this light kit.

Safety Information

This product contains small parts and is intended for adults aged 16 years and up. Keep out of reach of small children to prevent choking hazards. Ensure all connections are secure and correctly installed to avoid electrical issues. Do not modify the light kit components. Only use the power source provided or recommended by the manufacturer.

What's Included

Your VONADO LED Light Kit package contains the following items:

- LED Light Kit components (various lights and connection wires)
- Instruction Manual (this document)

The lighting set is made of high-quality copper lines and ABS material. All lighting accessories have undergone rigorous quality checks.

LED Light Brings Your LEGO Models to Life!

What's included in the package?

1. LED Light Kit

2. Instruction

 **Lights**

Setup and Installation

Follow these general steps to install your LED Light Kit. For detailed, step-by-step guidance, refer to the provided video or PDF installation instructions.

- Preparation:** Ensure your Lego Fantastical Tree House 71461 model is fully assembled and stable.
- Disassembly (Partial):** Carefully disassemble only the necessary sections or bricks of your Lego model where lights need to be installed. The design allows for minimal disassembly.
- Light Placement:** Strategically place the LED lights according to the detailed instructions. The wires are designed to be hidden and integrate seamlessly with the Lego bricks.
- Connection:** Connect the light components to the main power hub. Ensure all connections are firm.
- Reassembly:** Reassemble the disassembled sections of your Lego model, ensuring wires are not pinched or damaged.
- Power On:** Connect the power source and test the lights.

Operating Instructions

Once installed, connect the light kit to a compatible USB power source (e.g., power bank, USB wall adapter). The lights will illuminate, bringing your LEGO model to life. Disconnect the power source to turn off the lights.

Maintenance

To ensure the longevity of your LED Light Kit:

- Keep the light kit and your LEGO model clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the kit to excessive moisture or extreme temperatures.
- Do not pull on the wires forcefully, as this can damage the connections.
- If any light stops working, check the connections before assuming a faulty component.

Troubleshooting

If you encounter issues with your light kit, consider the following:

- **Lights not turning on:**

- Ensure the power source is connected and functional.
- Check all wire connections to ensure they are securely plugged in.
- Verify that the power source provides sufficient voltage (e.g., 5V USB).

- **Flickering lights:**

- Check for loose connections.
- Ensure the power source is stable and not fluctuating.

- **Some lights not working:**

- Inspect the specific light and its connections for damage or dislodgement.

If problems persist after following these steps, please contact customer support.

Specifications

Product Dimensions	6.1 x 4.13 x 1.18 inches
Item Weight	3.52 ounces
Item Model Number	71461
Manufacturer Recommended Age	16 years and up
Manufacturer	VONADO
