Operation and Use

The MERITLINE L Shaped Twin House Bed provides two twin-sized sleeping areas arranged in an L-shape, ideal for shared rooms or maximizing space. The integrated house-shaped roof structure offers a unique aesthetic and can be decorated as desired.

Storage Drawers:

Three storage drawers are located beneath the bed frames. These drawers are designed to roll on the floor and are not permanently attached to the bed frame. They provide additional space for storing daily necessities, toys, or bedding.

Maintenance

Regular maintenance will help preserve the appearance and structural integrity of your MERITLINE bed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Inspections:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Drawer Care:** The storage drawers roll on the floor. Ensure the floor area is clear of debris to allow smooth operation.
- **Weight Capacity:** Adhere to the maximum weight capacity of 220 pounds per bed to prevent structural damage.

Troubleshooting

If you encounter issues during assembly or use, refer to the following common solutions:

- **Missing Parts:** If any components are missing upon unboxing, please contact customer service immediately. Refer to the parts list in your included installation manual.
- **Assembly Difficulties:** Ensure all parts are correctly oriented according to the manual. Sometimes, parts may appear similar but have subtle differences. Do not force components together.
- **Loose Connections:** If the bed feels wobbly after assembly, re-check all bolted connections and tighten them securely.
- **Board Splitting:** If wood components split during assembly, it may indicate incorrect screw size or overtightening. Ensure you are using the correct hardware for each step and avoid excessive force. Contact customer service for replacement parts if damage occurs.
- **Drawers Not Rolling Smoothly:** Check for obstructions under the drawers. Ensure the small wheels are properly attached and free of debris.
