4. MAINTENANCE AND CARE

To ensure your PANDORA Sparkling Taurus Zodiac Charm retains its beauty and sparkle, follow these care guidelines:

- **Cleaning:** Clean your sterling silver charm regularly with a soft polishing cloth. For deeper cleaning, use a mild soap and warm water, then rinse thoroughly and dry completely with a soft cloth. Avoid harsh chemicals or abrasive cleaners.
- **Avoid Chemicals:** Remove your charm before applying lotions, perfumes, hairspray, or engaging in activities involving harsh chemicals (e.g., swimming in chlorinated pools, cleaning with household products).
- **Storage:** Store your charm in a dry, airtight jewelry box or pouch to prevent tarnishing and scratches. Keep it separate from other jewelry that might scratch its surface.
- **Professional Cleaning:** For professional cleaning or if you notice any damage, consult an authorized PANDORA retailer.

5. TROUBLESHOOTING

While PANDORA charms are crafted for durability, minor issues can sometimes arise. Here are common concerns and their solutions:

Issue	Possible Cause	Solution
Tarnishing	Exposure to air, moisture, chemicals, or skin oils.	Clean with a PANDORA polishing cloth or a mild soap and water solution. Store in an airtight container.

Issue	Possible Cause	Solution
Dullness/Lack of Sparkle	Accumulation of dirt, oils, or residue on cubic zirconia.	Gently clean the charm with a soft brush (like a toothbrush) and mild soapy water to remove buildup. Rinse and dry thoroughly.
Charm Not Sliding Smoothly	Buildup on the bracelet or charm's inner core, or incorrect bracelet type.	Ensure the bracelet is clean. Verify it is a PANDORA Moments bracelet, as this charm is designed for that specific collection. Do not force the charm.
