3. OPERATING (WEARING INSTRUCTIONS)

For the best experience and to maximize the benefits of your Hanes X-Temp Cushioned Crew Socks, follow these guidelines:

- **Proper Fit:** Ensure the socks fit snugly but not too tightly. The arch compression should feel supportive.
- **Activity:** These socks are suitable for various activities, including gym workouts, sports, and daily wear. The X-Temp and Cool Comfort technologies will adapt to your activity level.
- **Footwear Compatibility:** Wear with appropriate footwear that allows for comfortable movement and does not compress the socks excessively.

4. MAINTENANCE AND CARE

To maintain the quality, performance, and longevity of your Hanes X-Temp Cushioned Crew Socks, adhere to the following care instructions:

- **Washing:** Machine wash cold with like colors.
- **Bleaching:** Use only non-chlorine bleach when needed.
- **Drying:** Tumble dry low.
- **Ironing:** Do not iron.

Following these instructions will help preserve the fabric's integrity, moisture-wicking properties, and odor protection technology.

5. TROUBLESHOOTING

If you encounter any issues with your Hanes X-Temp Cushioned Crew Socks, consider the following common solutions:

Problem	Possible Cause	Solution
Socks feel too tight or loose.	Incorrect size selected.	Ensure you have selected the correct shoe size range for your feet. Refer to the size guide if available.
Odor persists after washing.	Improper washing or heavy use.	Ensure socks are machine washed cold with appropriate detergent. For persistent odor, consider a pre-soak or a specialized athletic wear detergent.
Socks feel damp or not wicking moisture.	Over-saturation or improper care.	Ensure socks are fully dry before wearing. Avoid using fabric softeners, which can reduce moisture-wicking effectiveness.
