SETUP AND INSTALLATION

The Simple Trending Coffee Pod Holder requires minimal assembly. Follow these steps for quick and easy setup:

1. **Step 1: Attach Side Frames.** Secure the two side frames to the main body of the holder. Ensure they are oriented correctly.
2. **Step 2: Insert Hanging Drawer.** Slide the hanging drawer into the upper slot. Ensure it glides smoothly.
3. **Step 3: Secure Top Panel.** Place the top panel onto the assembled frame and secure it with the provided screws and Allen wrench.
4. **Step 4: Insert Divider Drawer.** Slide the divider drawer into the lower slot.
5. **Step 5: Place Non-Slip Pads.** Attach the 4 non-slip pads to the bottom corners of the holder to prevent movement and protect surfaces.

OPERATION

This coffee pod holder is designed for convenient storage and access to your coffee capsules and accessories.

- **Loading Coffee Pods:**

- The upper hanging drawer can store up to 35 K-Cups or similar-sized coffee capsules.
- The lower dividing drawer can store up to 28 K-Cups or 49 smaller coffee capsules, thanks to its internal dividers.
- Gently slide the drawers out to load or retrieve pods.

- **Using Accessory Baskets:**

- Utilize the mesh baskets on either side of the main unit to store items such as sugar packets, stirrers, tea bags, or small utensils.

- **Placement of Coffee Maker:**

- The sturdy metal top surface is designed to support most standard coffee makers, allowing for a compact and organized coffee station.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your coffee pod holder, follow these simple care instructions:

- **Cleaning:** Wipe the metal surfaces with a soft, damp cloth. For stubborn stains, a mild soap solution can be used, followed by drying thoroughly. Avoid abrasive cleaners or scouring pads, which can damage the finish.
- **Durability:** The holder is constructed from sturdy metal with a baking paint process, making it resistant to corrosion and capable of supporting the weight of a coffee maker.
- **Water Resistance:** The material is designed to be water-resistant, allowing for easy cleanup of spills.

TROUBLESHOOTING

This section addresses common issues you might encounter with your coffee pod holder.

- **Drawers not sliding smoothly:**

- Ensure the drawers are correctly aligned within their tracks.
- Check for any obstructions or debris in the drawer slides.
- Verify that the holder is placed on a flat, stable surface.

- **Holder feels unstable:**

- Confirm that all assembly screws are tightened securely.
- Ensure the 4 non-slip pads are properly attached to the bottom of the unit.
- Relocate the holder to a flat and level surface.

- **Difficulty fitting pods:**

- Refer to the capacity specifications. The hanging drawer is suitable for K-Cups, while the dividing drawer can accommodate K-Cups or smaller capsules.
- Avoid overfilling the drawers, which can impede smooth operation.
