Merax Wood Platform Bed with Headboard - Full Size - Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Merax Wood Platform Bed with Headboard, Full Size. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The Merax Wood Platform Bed is designed to offer a stylish and sturdy foundation for your mattress. It features a solid wood headboard and slat support system, eliminating the need for a box spring.

2. SAFETY INFORMATION

Important Safety Warnings:

- Do not exceed a maximum weight capacity of **400 pounds** on the bed frame.
- Always use caution when assembling with tools. Ensure all hardware is securely tightened before use.
- Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- Periodically check all connections to ensure they remain tight.
- Do not stand on the bed frame or use it as a ladder.

3. PACKAGE CONTENTS

Your Merax Wood Platform Bed is shipped in one efficiently packed box. Carefully unpack all components and verify

against the parts list provided in your separate assembly guide. Ensure all parts are present and undamaged before proceeding with assembly.

Image 3.1: Overview of bed frame components and hardware for assembly.

Typical components include:

- Headboard panels
- Side rails
- Footboard (integrated with side rails or separate)
- Wood slats
- Center support legs
- Hardware pack (screws, bolts, Allen wrench)

4. SETUP AND ASSEMBLY

Assembly of the Merax Wood Platform Bed is designed to be straightforward and typically takes less than an hour with the

help of a friend. Follow the step-by-step instructions provided in the included assembly guide.

General Assembly Steps:

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components and hardware.
2. **Assemble the Headboard:** Attach the headboard panels and supports as per the diagram.
3. **Connect Side Rails:** Securely attach the side rails to the headboard and footboard using the provided hardware.
4. **Install Center Support:** Attach any center support legs or beams to the frame.
5. **Place Slats:** Evenly space and secure the wood slats across the bed frame. Ensure they are firmly attached to provide optimal mattress support.
6. **Final Check:** Double-check all bolts and screws to ensure they are tightened.

5. OPERATING INSTRUCTIONS

The Merax Wood Platform Bed is designed for immediate use once fully assembled. Simply place your full-size mattress directly onto the wood slats. No box spring is required, as the closely spaced slats provide ample support for various mattress types, including latex, memory foam, or spring mattresses.

The integrated headboard provides a comfortable backrest, and the wooden fence design helps prevent pillows and mattresses from shifting.

6. MAINTENANCE

To ensure the longevity and appearance of your Merax Wood Platform Bed, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the wood surfaces with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Inspections:** Periodically check all bolts and screws to ensure they are tight. Re-tighten if necessary to maintain

stability and prevent squeaking.

- **Avoid Moisture:** Protect the bed from excessive moisture and direct sunlight to prevent warping or fading.

7. TROUBLESHOOTING

Most issues with bed frames can be resolved with simple checks.

- **Squeaking Noises:** If you notice any squeaking, first ensure all assembly hardware (bolts, screws) are securely tightened. Loose connections are the most common cause of noise. The Merax platform bed is designed with a noise-free structure due to its solid wood support feet and ribs.
- **Unstable Frame:** If the bed feels wobbly, re-check all connections and ensure they are fully tightened. Verify that all support legs are making firm contact with the floor.
- **Slats Shifting:** Ensure the slats are correctly positioned and secured to the side rails as per the assembly instructions.

8. SPECIFICATIONS

Image 8.1: Product dimensions and material details.

Feature	Detail
Model Number	212812
Size	Full
Material	Pine Wood and MDF
Product Dimensions (L x W x H)	79.5" x 57.2" x 36.1"
Ground to Item Distance (Bottom Height)	10.4 Inches
Weight Capacity	400 Pounds
Recommended Mattress Thickness	8-10 inches

Box Spring Required	No
Included Components	Headboard, Slats
Assembly Time (Approx.)	20 minutes
Color	White

9. WARRANTY INFORMATION

Merax products are manufactured with quality and care. While specific warranty details are not provided in this manual, please refer to your purchase documentation or contact Merax customer support for information regarding warranty coverage and terms.

10. CUSTOMER SUPPORT

If you have any questions, require assistance with assembly, or need to report missing or damaged parts, please contact Merax customer support. Refer to your product packaging or the Merax official website for the most current contact information.
