4. MAINTENANCE

Proper care will extend the life and appearance of your Adidas Grand Court Alpha 00s sneakers. The upper is made of synthetic leather and suede, and the sole is rubber.

- **Cleaning:** For synthetic leather, wipe with a damp cloth and mild soap. For suede areas, use a suede brush to remove dirt and restore nap. Avoid harsh chemicals.

- **Drying:** Allow shoes to air dry naturally at room temperature. Do not use direct heat sources like radiators or hairdryers, as this can damage materials.
- **Storage:** Store shoes in a cool, dry place away from direct sunlight. Using shoe trees can help maintain their shape.
- **Lace Care:** Laces can be hand-washed with mild soap and water if they become dirty.

5. TROUBLESHOOTING

If you encounter any issues with your sneakers, consider the following:

- **Discomfort/Pinching:** Ensure you have selected the correct size. If shoes feel too tight, verify sizing against Adidas's official size guide. Adjust lacing to relieve pressure points.
- **Slipping:** If the outsole feels slippery, check for excessive wear on the rubber tread. Clean the outsole to remove any accumulated dirt or debris that might reduce grip.
- **Odor:** Allow shoes to air out after each use. Consider using shoe deodorizers or baking soda to absorb moisture and neutralize odors.
