4. Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid using liquid cleaners or solvents.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge it regularly, even if not in use for extended periods.
- **Data Backup:** Regularly back up important recordings to your computer to prevent data loss.

5. Troubleshooting

- **Device not turning on:**
  - Ensure the battery is charged. Connect to a power source and try again.
  - Check the power switch is firmly in the "ON" position.
- **Poor recording quality:**

- Ensure the microphone is not obstructed.
- Reduce background noise in the recording environment.
- Check microphone sensitivity settings in the device menu.

- **Cannot transfer files to computer:**
  - Ensure the USB cable is securely connected to both the device and the computer.
  - Try a different USB port or cable.
  - Restart both the recorder and the computer.

- **Device freezes or becomes unresponsive:**
  - Locate the **RESET** button (often a small pinhole) and gently press it with a thin object (e.g., a paperclip) to restart the device.
