## HGCYCF Large-4 in 1

# HGCYCF Christmas Micro Building Blocks Set 4-in-1 Instruction Manual

Model: Large-4 in 1

## 1. INTRODUCTION

This instruction manual provides detailed guidance for assembling and caring for your HGCYCF Christmas Micro Building Blocks Set. This 4-in-1 set includes models of a Snowman, Santa Claus, Reindeer, and a Christmas Tree, designed to offer an engaging building experience.

## 2. SAFETY INFORMATION

- **Small Parts Warning:** This product contains micro-sized building blocks. Keep these blocks away from very young children to prevent accidental ingestion or choking hazards.
- **Adult Supervision:** It is recommended that children play with adults, especially during assembly, to ensure safety and assist with complex steps.
- **Material Safety:** The blocks are made from non-toxic, non-hazardous ABS material, ensuring a safe play environment.

## 3. PACKAGE CONTENTS

Your HGCYCF Christmas Micro Building Blocks Set (Large-4 in 1) includes the following components:

- Individual sets for four Christmas-themed models:
  - Snowman (approximately 757 pieces)
  - Santa Claus (approximately 724 pieces)
  - Reindeer (approximately 664 pieces)
  - Christmas Tree (approximately 658 pieces)
- Detailed instruction manuals for each model.

## 4. ASSEMBLY INSTRUCTIONS

Follow these general steps for assembling each micro building block model. Refer to the specific instruction booklet included with each individual model for detailed, step-by-step diagrams.

1. **Unpack:** Carefully open the packaging for the model you wish to assemble. Organize the micro blocks by color or shape if desired, but be mindful of their small size.
2. **Review Instructions:** Before starting, thoroughly review the instruction booklet provided for the specific model. Pay attention to the sequence of steps and the types of blocks used in each stage.
3. **Assemble Layer by Layer:** Micro blocks are typically assembled layer by layer. Connect the blocks firmly using the interlocking teeth and protrusions. Ensure each block is securely attached to prevent the model from falling apart.
4. **Precision:** Due to the small size of the blocks, precision is key. Take your time to align each piece correctly. If a piece is difficult to place, double-check the instructions.
5. **Completion:** Once all steps are followed, you will have a complete Christmas-themed micro block model.

Figure 4.2: Illustration of the strong connection mechanism of the micro blocks and confirmation of non-toxic ABS material.

## 5. DISPLAY AND USE

Once assembled, your Christmas micro building block models can be used for various decorative purposes:

- **Desk Decoration:** The completed models are stable and can be proudly displayed on desks, shelves, or windowsills as festive decorations.
- **Holiday Decor:** Integrate the models into your existing Christmas decorations to add a unique, handcrafted touch.
- **Educational Play:** While primarily decorative after assembly, the building process itself enhances fine motor skills, spatial reasoning, and patience.

## Exercise child's hands-on brain skills

## 6. CARE AND MAINTENANCE

To ensure the longevity and appearance of your micro building block models:

- **Cleaning:** Dust the models gently with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss. Store assembled models in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or material degradation.
- **Handling:** Handle assembled models carefully to avoid accidental breakage, especially with delicate parts.

## 7. TROUBLESHOOTING

- **Missing Pieces:** If you find any pieces missing from your set, please contact customer support with details of the missing part and the specific model.
- **Difficulty Assembling:** Micro blocks require careful attention. If you encounter difficulty, re-examine

the instruction diagrams closely. Sometimes, a slight adjustment in angle or pressure is needed. Ensure you are using the correct piece for the step.

- **Loose Connections:** If parts feel loose, ensure they are fully pressed together. The design is intended for a strong connection.

## 8. SPECIFICATIONS

Feature	Detail
Brand	HGCYCF
Model	Large-4 in 1 (B0CKNBZXNF)
Package Dimensions	12.68 x 6.93 x 4.72 inches
Item Weight	1.74 pounds
