Aheaplus Bar Cabinet with Power Outlet - Instruction Manual

Model: S3, White

Brand: Aheaplus

1. INTRODUCTION

Thank you for choosing the Aheaplus Bar Cabinet. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and optimal use of your new cabinet. Please read this manual thoroughly before beginning assembly or operation and retain it for future reference.

Safety Information

- Ensure all parts are present and undamaged before assembly.
- Assemble on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly.
- Keep small parts away from children.
- Do not exceed the weight capacity of shelves.
- Always unplug the power outlet when not in use or during cleaning.

2. PACKAGE CONTENTS

Before starting assembly, verify that all components listed below are included in your package. Refer to the diagram for visual identification of parts.

3. ASSEMBLY INSTRUCTIONS

Assembly is required for this product. All necessary hardware and tools are included, and parts are clearly labeled. Follow the step-by-step instructions provided in the included assembly guide (separate from this manual) for detailed visual guidance. Ensure you have ample space and a clean, soft surface for assembly.

1. **Unpack and Identify:** Carefully unpack all components and compare them with the package contents list and diagram (Figure 2.1).
2. **Assemble Base Structure:** Begin by assembling the main frame of the cabinet according to the numbered steps in the assembly guide.
3. **Install Shelves and Racks:** Insert the adjustable shelves, wine racks, and glass holders into their designated positions. Note that shelves have 3 adjustable heights.
4. **Attach Doors:** Securely attach the cabinet doors using the provided hinges.
5. **Integrate Power Outlet:** Install the power outlet unit into the designated slot on the top tier.
6. **Install LED Lights:** Adhere the LED light strip to the interior of the cabinet as indicated in the assembly guide.
7. **Final Checks:** Ensure all connections are secure and the cabinet is stable before placing items on it.

4. PRODUCT FEATURES

4.1 Integrated Charging Station

Liquor Cabinet with Power Outlets

Figure 4.1: The bar cabinet features a convenient built-in charging station with AC outlets and USB ports.

The Aheaplus Bar Cabinet is equipped with a built-in charging station, featuring 3 standard AC outlets and 2 USB ports. This allows for convenient charging of various electronic devices such as coffee makers, juicers, bar accessories, or mobile phones directly from the cabinet. The power cable extends 6.56 feet, providing flexibility for placement.

4.2 RGB LED Lighting System

Figure 4.2: The bar cabinet's interior is illuminated by customizable RGB LED lights, creating an inviting ambiance.

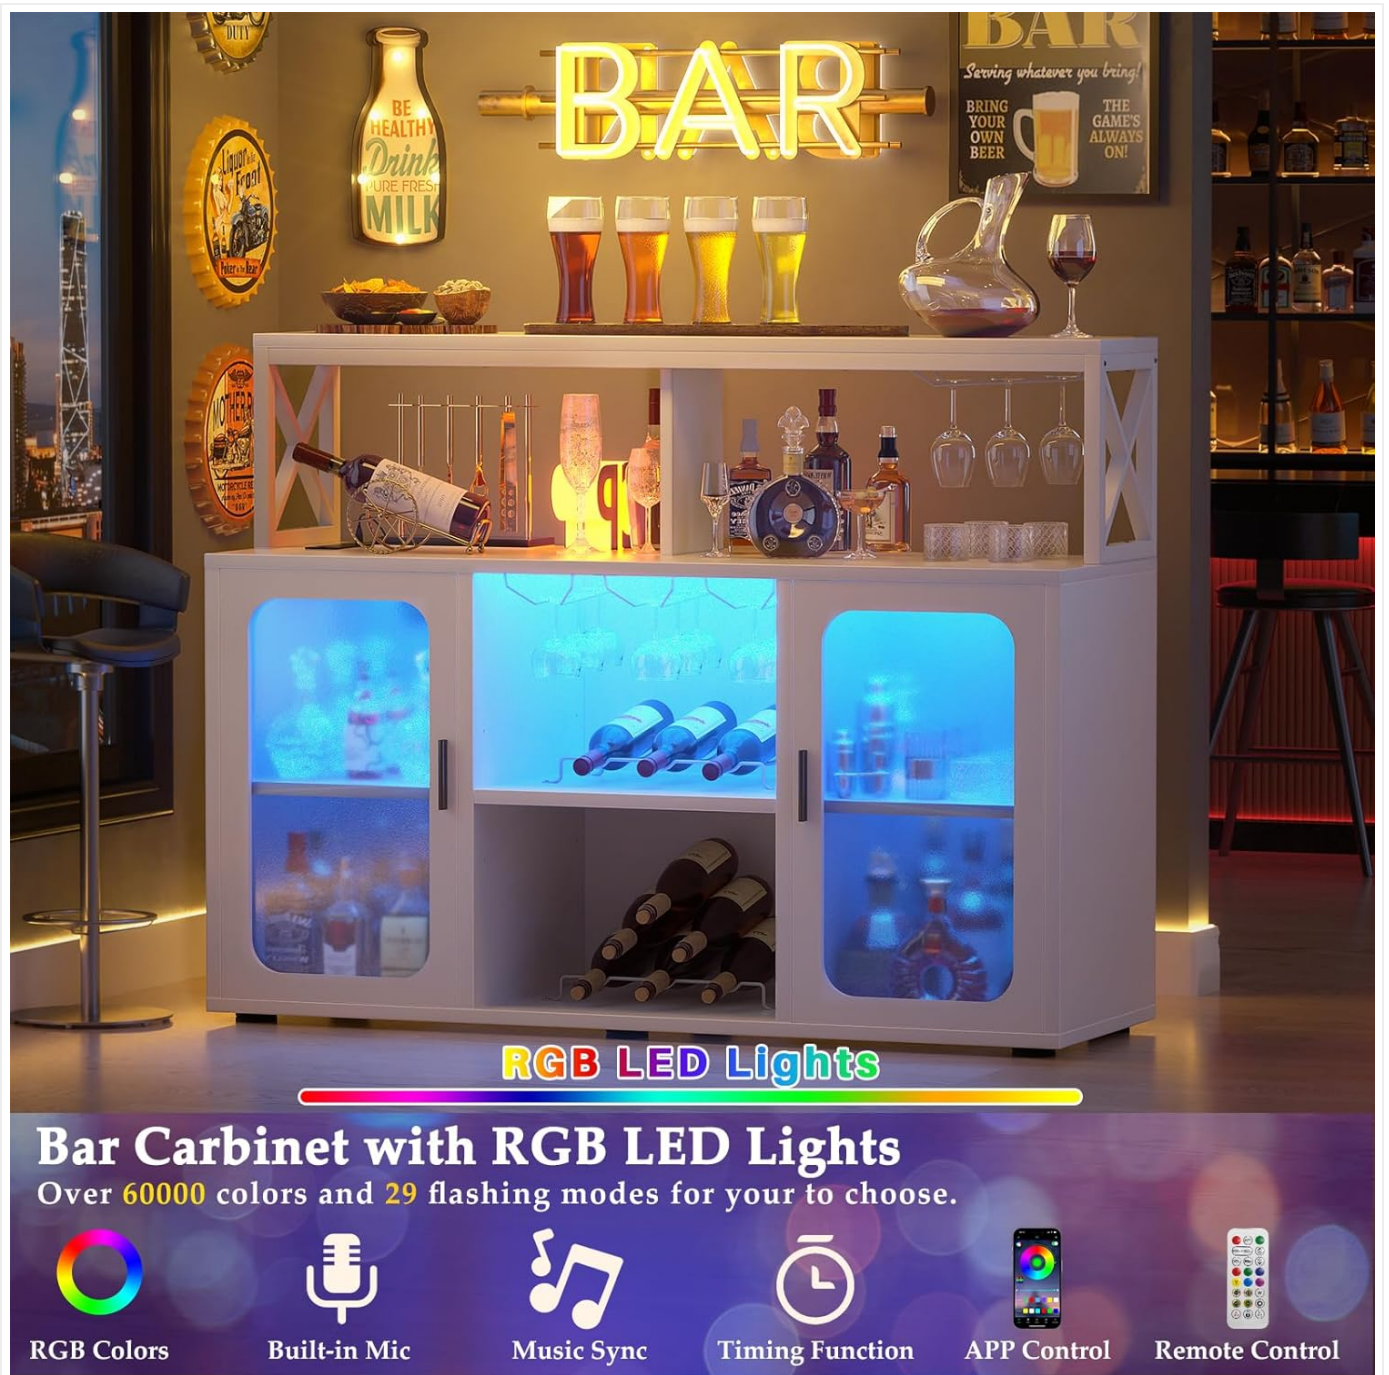

Figure 4.3: Detailed view of the RGB LED light features, including over 60,000 colors, music sync, timing function, app control, and remote control.

Enhance the ambiance of your space with the integrated RGB LED lighting system. This system offers over 60,000 color options and multiple flashing modes. A built-in music sync function allows the lights to change color in rhythm with sound and music, ideal for parties or creating a dynamic atmosphere. Control is available via remote or a dedicated mobile application.

4.3 Ample and Versatile Storage

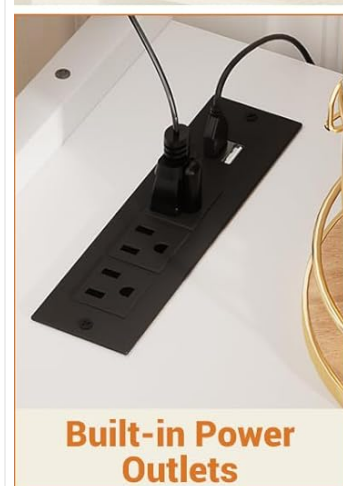

Figure 4.4: Overview of the cabinet's storage capabilities, highlighting the power outlets, wine racks, glass holders, and adjustable shelves.

Figure 4.5: Detailed breakdown of the cabinet's storage zones, including the tabletop, enclosed cabinets, and open shelving with specialized racks.

The cabinet offers extensive storage solutions. It features a spacious 2-tier tabletop, ideal for displaying decorative items or preparing drinks. The main section includes a double-layer storage cabinet with two doors, providing ample space for liquor, wine, and other bar essentials. Adjustable shelves within the cabinet offer three height options to accommodate items of various sizes. Dedicated wine racks can hold up to 10 bottles, and integrated glass holders can store up to 8 upside-down glasses. This versatile design allows the unit to function as a coffee bar, wine cabinet, or sideboard buffet in various rooms.

5. OPERATING INSTRUCTIONS

5.1 Using the Charging Station

To use the charging station, simply plug the cabinet's main power cord into a standard wall outlet. Once connected, you can plug your devices into the 3 AC outlets or the 2 USB ports located on the top tier of the cabinet. Ensure devices are compatible with the provided voltage and current.

5.2 Controlling the LED Lights

The RGB LED lights can be controlled via the included remote control or a dedicated mobile application. Refer to the separate LED light instruction manual (if provided) for detailed pairing and control functions. Generally, you can:

- Turn lights On/Off.
- Select from over 60,000 static colors.
- Choose from various dynamic flashing modes.
- Activate music sync mode, where lights respond to ambient sound.
- Set timers for automatic light operation.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Aheaplus Bar Cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish. For the glass doors, use a glass cleaner.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood finish.
- **Dusting:** Regularly dust with a dry, soft cloth.
- **Power Outlet:** Ensure the power outlet area remains dry. Unplug the unit before cleaning around the outlets.
- **Stability:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources to prevent warping or fading.

7. TROUBLESHOOTING

If you encounter issues with your bar cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cabinet is wobbly/unstable.	Loose screws or uneven floor.	Check and tighten all assembly screws. Adjust floor levelers if present, or place shims under legs.
LED lights not working.	Power not connected, remote battery dead, or light strip disconnected.	Ensure cabinet is plugged in. Check remote battery. Verify LED strip connection to controller and power source.
Power outlets/USB ports not working.	Cabinet not plugged in, or circuit overload.	Ensure the cabinet's main power cord is securely plugged into a working wall outlet. Avoid overloading the outlets with high-power devices.
Doors do not align properly.	Hinges are loose or misaligned.	Adjust the screws on the hinges to align the doors. Refer to the assembly guide for hinge adjustment instructions.

If the problem persists after attempting these solutions, please contact Aheaplus customer support for assistance.
