2. INITIAL SETUP AND CARE

Before first use, carefully remove all packaging materials from each item. Wash all knives, scissors, and the sharpener with warm soapy water, rinse thoroughly, and dry immediately. This helps to remove any manufacturing residues and prepares the items for use.

Important: Always handle knives with extreme care due to their sharp edges.

3. OPERATING INSTRUCTIONS

This set is designed for multi-functional use in the kitchen. Each knife is crafted from high carbon stainless steel for durability and sharpness.

Knife Types and Usage:

- **8-inch Chef Knife:** Ideal for chopping, mincing, slicing, and dicing various ingredients.
- **8-inch Slicing Knife:** Best for thin slicing of meats, poultry, and larger vegetables.
- **8-inch Bread Knife:** Features a serrated edge for effortlessly cutting through bread crusts without crushing the soft interior.
- **3.5-inch Fruit Knife:** Suitable for peeling, trimming, and segmenting small fruits and vegetables.

- **All-Purpose Scissors:** For general kitchen tasks such as cutting herbs, opening packages, or trimming poultry.

4. MAINTENANCE

Cleaning:

All items in this set are dishwasher safe. For optimal longevity and to maintain the sharpness and finish, hand washing with mild detergent and immediate drying is recommended. Avoid abrasive cleaners or scouring pads that could damage the surface.

Sharpening:

Regular sharpening is crucial to maintain the performance of your knives. Use the provided knife sharpener as needed to keep the blades keen. Follow standard knife sharpening techniques, drawing the blade across the sharpener at a consistent angle.

SHARPENET

Keeping your quality knives in excellent condition will enhance your chef capabilities

Storage:

Store knives safely to prevent accidental injury and to protect the blades. Consider a knife block, magnetic strip, or individual blade guards.

5. TROUBLESHOOTING

Most issues with kitchen knives relate to dullness or improper cleaning. If your knives are not cutting effectively, they likely need sharpening. If you notice any discoloration or rust, ensure they are dried immediately after washing and stored in a dry environment. The high carbon stainless steel is designed to be rust and corrosion-resistant, but proper care is still essential.
