5. INSTALLATION INSTRUCTIONS

Tools Required: Screwdriver, Wire Strippers, Electrical Tape, Ladder.

- Turn Off Power:** Before starting, ensure the power supply to the junction box is turned off at the circuit breaker.
- Prepare Mounting Bracket:** Attach the mounting bracket to the junction box using the provided screws. Ensure it is securely fastened.
- Wire Connections:**
 - Connect the **black** wire from the fixture to the **black** (live) wire from the junction box.
 - Connect the **white** wire from the fixture to the **white** (neutral) wire from the junction box.
 - Connect the **ground** wire from the fixture to the **ground** wire from the junction box (usually bare copper or green).
 - Secure all connections with wire nuts and electrical tape.
- Mount Fixture:** Carefully lift the fixture and align the holes on the fixture canopy with the screws on the mounting bracket. Secure the fixture to the bracket with the decorative nuts.
- Install Bulbs:** Screw E26 base bulbs (not included) into each of the five sockets. Do not overtighten.
- Restore Power:** Turn the power back on at the circuit breaker and test the light fixture.

6. OPERATING INSTRUCTIONS

The Liudefa 8018-5Black ceiling light operates via a standard wall switch connected to your home's electrical system. There are no additional controls on the fixture itself.

- To turn the light **ON**, flip the connected wall switch to the 'ON' position.
- To turn the light **OFF**, flip the connected wall switch to the 'OFF' position.

Note: If using dimmable E26 bulbs, ensure your wall switch is a compatible dimmer switch for proper functionality.

7. MAINTENANCE

- **Cleaning:** To clean the fixture, ensure the power is off. Use a soft, dry cloth to wipe down the metal and wood surfaces. Do not use abrasive cleaners or solvents, as they may damage the finish.
- **Bulb Replacement:**
 - a. Turn off the power at the circuit breaker.
 - b. Allow old bulbs to cool completely before touching.
 - c. Carefully unscrew the old bulb from the E26 socket.
 - d. Screw in a new E26 bulb (max 60W).
 - e. Restore power and test the new bulb.
