## YATINEY BC03DW

# YATINEY Bar Cart Model BC03DW Instruction Manual

Model: BC03DW

## INTRODUCTION

---

This manual provides detailed instructions for the assembly, operation, and maintenance of your YATINEY Bar Cart Model BC03DW. Please read all instructions carefully before beginning assembly or using the product to ensure safe and proper functionality. Keep this manual for future reference.

## SAFETY INFORMATION

---

- **Weight Capacity:** Do not exceed the maximum weight capacity of 33 pounds per tier. Overloading can cause instability, damage to the cart, or personal injury.
- **Stability:** Always engage the brakes on the swivel casters when the cart is stationary, especially on uneven surfaces, to prevent unintended movement or tipping.
- **Assembly:** Follow all assembly steps precisely as outlined in the included paper manual. Do not skip steps or use incorrect parts. Ensure all screws and fasteners are securely tightened before use.
- **Placement:** Place the bar cart on a flat, stable, and level surface. Avoid placing it near heat sources, open flames, or in direct sunlight for prolonged periods to prevent material degradation or discoloration.
- **Children and Pets:** Keep children and pets away from the cart during assembly. Do not allow children to climb on, hang from, or play with the cart. Small parts can be a choking hazard.
- **Movement:** When moving the cart, ensure all items are stable and secure to prevent them from falling. Move slowly and carefully.

## ASSEMBLY INSTRUCTIONS

---

Assembly is required for this bar cart. An Allen key is provided for your convenience. Please follow these steps carefully:

1. **Step 1: Attach Casters.** Secure the four swivel casters to the designated holes on the underside of the bottom shelf. Ensure the two casters equipped with brakes are positioned on the front side of the cart for easy access and locking.
2. **Step 2: Assemble Frame.** Connect the metal frame components using the provided hardware. Refer to the detailed diagrams in the included paper manual for correct orientation. Tighten all screws securely but do not overtighten.
3. **Step 3: Install Shelves.** Carefully place the engineered wood shelves onto the designated tiers of the assembled metal frame. The shelves feature a marble white pattern. Ensure they sit flush and are stable.
4. **Step 4: Attach Cup Holders.** Secure the two metal cup holders to the underside of the top shelf. These holders are designed to securely store up to 6 stemmed goblets.
5. **Step 5: Final Check.** After completing all steps, perform a final check to ensure all connections are tight and the cart is stable. Gently test its movement and stability before placing any items on it.

## OPERATING INSTRUCTIONS

Your YATINEY Bar Cart is designed for convenient storage and serving. Follow these guidelines for optimal use:

- **Moving the Cart:** To move the cart, ensure the brakes on the casters are disengaged. Use the practical handle at the top of the cart to guide it to your desired location.

## Practical Handle

The bar cart can be easily pushed anywhere.

## MAINTENANCE

---

Proper care and maintenance will extend the life and appearance of your bar cart:

- **Cleaning:** Wipe the bar cart with a soft, dry cloth to remove dust and spills. For more stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish of the metal and engineered wood.
- **Inspection:** Periodically check all screws, bolts, and connections to ensure they remain tight. Retighten any loose fasteners as necessary to maintain the cart's structural integrity.
- **Storage:** If storing the cart for an extended period, ensure it is clean and dry. Store in a cool, dry environment away from extreme temperatures and humidity.

## TROUBLESHOOTING

---

If you encounter any issues with your YATINEY Bar Cart, please refer to the following common solutions:

- **Cart feels unstable or wobbly:** Ensure all assembly screws are fully tightened. Check that the cart is placed on a flat, level surface. If the casters have brakes, ensure they are engaged when the cart is stationary.

- **Casters are not rolling smoothly:** Inspect the wheels for any debris (hair, lint, etc.) that may be obstructing their movement. Clean the casters if necessary. Ensure the casters are securely attached to the bottom shelf.
- **Items are falling off the shelves:** Verify that the cart is not overloaded beyond its stated weight capacity of 33 pounds per tier. Utilize the protective fence design on each tier to help contain items, especially during movement.
- **Missing parts or damaged components:** If you discover any missing or damaged parts upon unboxing, do not proceed with assembly. Contact YATINEY customer service immediately for assistance.
