CARE AND MAINTENANCE

To ensure the longevity and appearance of your MEGA Hot Wheels Audi Avant RS2 model, follow these simple care instructions:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust from the model. For more stubborn dirt, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or solvents, as these can damage the plastic.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic components.
- **Handling:** Handle the model carefully, especially when removing or reattaching components, to avoid accidental breakage.

TROUBLESHOOTING

If you encounter any issues during assembly or with the finished product, consider the following common solutions:

- **Missing Pieces:** Double-check the packaging and surrounding area for any small pieces that may have been overlooked. If pieces are genuinely missing, refer to the customer support section for assistance.
- **Difficulty Connecting Blocks:** Ensure that blocks are correctly aligned before applying pressure. Some connections may require firm, even pressure. Refer to the instruction manual for specific connection diagrams.
