SETUP GUIDE

1. Initial Charging

Before first use, fully charge your Easyfone DM55 Smart Watch. Connect the provided charging cable to the magnetic charging points on the back of the watch and plug the USB end into a power source (e.g., computer USB port, USB wall adapter). The watch screen will indicate charging status.

2. Power On/Off

- **Power On:** Press and hold the top right button until the Easyfone logo appears.
- **Power Off:** From the watch face, swipe down to access quick settings, then tap the power icon, or press and hold the top right button and select 'Power Off'.

3. Language Selection

Upon first power-on, you will be prompted to select your preferred language. Use the touchscreen to navigate and select 'English'.

4. App Download and Device Pairing

To unlock the full potential of your DM55 Smart Watch, download the 'FitCloudPro' app on your smartphone.

1. Scan the QR code in the user manual or search for 'FitCloudPro' in your smartphone's App Store (iOS) or Google Play Store (Android).
2. Install and open the 'FitCloudPro' app. Follow the on-screen prompts to create an account and grant necessary permissions.
3. In the app, navigate to the 'Device' tab and select 'Add Device' or 'Bind Device'.
4. The app will search for nearby devices. Select 'DM55' from the list.
5. Confirm the pairing request on both your smartphone and the watch.

5. Watch Face Customization

Personalize your watch face through the 'FitCloudPro' app:

- Open the 'FitCloudPro' app and go to the 'Device' page.
- Tap on 'Dial Library' or 'Watch Faces'.

- Browse through the available watch faces. You can also select 'Custom Dial' to use your own image.
- Select your desired watch face and tap 'Download' or 'Apply' to sync it to your watch.

A large number of dials

A variety of exquisite dials, dynamic personality, cool and non-stop, and also supports custom dials, which can be seen in the album by raising your hand, bringing more ways to play.

2. Making and Answering Calls

With your watch paired to your smartphone, you can manage calls directly from your wrist:

- **Answering Calls:** When a call comes in, the watch will display the caller ID. Tap the green phone icon to answer.
- **Making Calls:** Access the dialer from the watch menu. You can dial numbers directly or select contacts from your synced

Figure 5: The DM55 Smart Watch showing an incoming call, allowing the user to answer or decline.

3. Notifications

Receive real-time notifications from your smartphone apps directly on your watch. Ensure notification permissions are enabled in the 'FitCloudPro' app settings.

4. Health Monitoring

The DM55 Smart Watch provides continuous health tracking:

- **Heart Rate:** Access the heart rate monitor from the main menu or by swiping to the heart rate screen. The watch will automatically measure your heart rate.
- **SpO2 Monitor:** Measure your blood oxygen saturation levels. Follow the on-screen instructions for accurate readings.
- **Sleep Monitor:** Wear the watch to bed for automatic sleep tracking. View your sleep data (deep sleep, light sleep, awake time) in the 'FitCloudPro' app.

Figure 6: Health monitoring features on the DM55 Smart Watch, including heart rate, blood oxygen, and sleep tracking.

5. Sports Modes

Choose from over 100 sports modes to track your workouts accurately:

- Navigate to the 'Sports' section on your watch.
- Select your desired activity (e.g., walking, running, cycling, swimming).
- The watch will begin tracking your activity, including duration, distance, calories burned, and heart rate.

Multiple sports modes

Expand your boundaries

Figure 7: The DM55 Smart Watch supports a wide array of sports modes for comprehensive activity tracking.

6. Music Control

Control music playback on your smartphone directly from your watch. Ensure your phone's music app is running in the background.

7. Weather

View daily weather forecasts on your watch. Ensure your phone's location services are enabled and synced with the 'FitCloudPro' app.

MAINTENANCE

1. Water Resistance

The DM55 Smart Watch features an IP68 waterproof rating. This means it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, hand washing, and light rain. However, it is not recommended for hot showers, saunas, or diving, as steam and high water pressure can compromise the seals.

2. Cleaning

Regularly clean your watch and strap to prevent skin irritation and maintain performance. Use a soft, lint-free cloth. If necessary, dampen the cloth with a small amount of water. Avoid harsh chemicals or abrasive materials.

3. Battery Life and Charging Tips

To maximize battery life:

- Reduce screen brightness.
- Limit continuous heart rate or SpO2 monitoring if not needed.
- Turn off unnecessary notifications.

- Charge the watch fully before extended periods of non-use.

400mAh

Big battery and Strong battery life

4 days

TROUBLESHOOTING

Problem	Possible Cause	Solution
Watch won't turn on	Low battery; Power button not pressed long enough.	Charge the watch for at least 30 minutes. Press and hold the power button for 3-5 seconds.
Cannot pair with phone	Bluetooth off; App permissions not granted; Watch not discoverable.	Ensure Bluetooth is on for both devices. Grant all necessary permissions to the 'FitCloudPro' app. Restart both watch and phone.
Notifications not received	App notification permissions off; App not running in background; Watch not connected.	Check 'FitCloudPro' app settings for notification permissions. Ensure the app is running. Verify Bluetooth connection.
Inaccurate health data	Watch too loose/tight; Sensor dirty; Incorrect wearing position.	Ensure the watch is snug but comfortable on your wrist. Clean the sensors on the back of the watch. Wear the watch slightly above your wrist bone.
