

Jaobeem 50x50x27 Inch

Jaobeem Baby Playpen Instruction Manual

Model: 50x50x27 Inch

1. INTRODUCTION

Thank you for choosing the Jaobeem Baby Playpen. This manual provides essential information for the safe assembly, operation, and maintenance of your playpen. Please read these instructions carefully before use and retain them for future reference. This playpen is designed to provide a secure and spacious area for babies and toddlers aged 6 months to 2 years.

2. SAFETY INFORMATION

Your child's safety is paramount. Always adhere to the following safety guidelines:

- **Adult Supervision:** Never leave your child unattended in the playpen. Constant adult supervision is required.
- **Proper Assembly:** Ensure all parts are correctly assembled and securely fastened before placing your child in the playpen. Refer to the 'Setup' section for detailed instructions.
- **Stable Surface:** Place the playpen on a flat, level, and stable surface. The playpen includes 8 sturdy suction cups at the bottom to prevent movement.
- **No Climbing:** Do not allow children to climb on the playpen frame.
- **Hazard-Free Zone:** Keep toys and objects that could be used for climbing out of the playpen. Remove any cords, strings, or small items that could pose a choking or strangulation hazard.
- **Damage Check:** Regularly inspect the playpen for any signs of wear, damage, or loose parts. Discontinue use if any damage is found.
- **Temperature Control:** Do not place the playpen near heat sources, open flames, or in direct sunlight for extended periods.
- **Age and Weight Limits:** This playpen is suitable for toddlers aged 6 months to 2 years.

All-around Protection Design

Image: The playpen features an all-around protection design with padded top rails and breathable mesh for safety.

Science Height 27 Inch

Image: The playpen's 27-inch height is designed to safely contain toddlers.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- Oxford fabric enclosure with mesh sides
- Rust-proof alloy steel pipes (various lengths for frame)
- ABS joint connectors
- Suction cups (pre-attached to some connectors or separate)
- Instruction Manual

4. SETUP INSTRUCTIONS

Assembly of the Jaobeem Baby Playpen is designed to be straightforward. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Base Frame:** Connect the longest steel pipes using the appropriate ABS joint connectors to form the base square of the playpen. Ensure all connections are firm.

3. **Attach Vertical Pipes:** Insert the vertical steel pipes into the corner and mid-section connectors of the base frame.
4. **Install Fabric Enclosure:** Slide the oxford fabric enclosure over the assembled frame. Ensure the mesh sides are correctly aligned with the frame structure. The fabric should fit snugly around the pipes.
5. **Assemble Top Frame:** Connect the remaining steel pipes to form the top square of the playpen, inserting them into the top ends of the vertical pipes and securing with ABS joint connectors.
6. **Secure All Joints:** Double-check that all steel pipes are fully inserted into the ABS connectors and that all connections are secure.
7. **Position Suction Cups:** Ensure the suction cups on the bottom connectors are pressed firmly against the floor for maximum stability.

The playpen is constructed with rust-proof alloy pipes and ABS joints for durability and ease of assembly/disassembly.

5. OPERATING INSTRUCTIONS

Once assembled, the Jaobeem Baby Playpen provides a safe and engaging environment for your child.

- **Placing Your Child:** Gently place your child inside the playpen. Ensure they have age-appropriate toys for entertainment.
- **Zipper Door:** The playpen features an external zipper door for easy access. To open, locate the zipper on one side of the playpen and pull it down. Ensure the zipper is fully closed when your child is inside to prevent them from exiting unsupervised.
- **360° Full Vision Design:** The transparent, breathable mesh sides allow for full visibility of your child from any angle, providing reassurance for both parent and child. This design also ensures good ventilation.

External Zipper Design

6. MAINTENANCE

To ensure the longevity and hygiene of your playpen:

- **Cleaning:** The oxford fabric and mesh are easy to clean. Simply wipe down with a damp cloth and mild soap if necessary. Allow to air dry completely before folding or storing.
- **Frame Care:** The rust-proof alloy steel pipes can be wiped clean with a damp cloth. Avoid abrasive cleaners.
- **Storage:** If disassembling for storage, ensure all parts are clean and dry. Store in a cool, dry place away from direct sunlight.

7. TROUBLESHOOTING

If you encounter any issues with your Jaobeem Baby Playpen, please refer to the following common solutions:

- **Playpen is unstable:** Ensure all steel pipes are fully inserted into the ABS connectors. Verify that the suction cups on the base are firmly pressed against a clean, flat floor surface.

- **Difficulty with assembly:** Double-check that you are using the correct pipe lengths and connectors as indicated in the assembly steps. Refer to the diagrams (if available in the physical manual) for visual guidance.
- **Zipper not closing smoothly:** Check for any fabric caught in the zipper teeth. Ensure the zipper is aligned correctly before attempting to close.
- **Missing parts:** If you believe parts are missing from your package, please contact customer support immediately.
