## JIGOO T600

# JIGOO T600 Anti-Mite Mattress Vacuum Cleaner User Manual

Model: T600 | Brand: JIGOO

## 1. INTRODUCTION

---

Thank you for choosing the JIGOO T600 Anti-Mite Mattress Vacuum Cleaner. This manual provides essential information for the safe and effective operation, maintenance, and troubleshooting of your device. Please read it thoroughly before first use and keep it for future reference.

## 2. SAFETY INSTRUCTIONS

---

To ensure safe operation, always adhere to the following precautions:

- Do not immerse the main unit in water or other liquids.
- Keep the appliance away from heat sources and direct sunlight.
- Do not use the vacuum cleaner on wet surfaces or to pick up liquids.
- Ensure the power cord is not damaged and avoid pulling it to unplug the device.
- This appliance is for household use only.
- Keep out of reach of children.
- The UV lamp emits ultraviolet light. Avoid direct exposure to eyes and skin. The UV light automatically turns off when lifted from the surface by more than 15 degrees for safety.

## 800mW UV & automatischer Sicherheitsschutz.

Tipp: Achten Sie auf die Bedingungen und Winkel der Verwendung, um unsere Augen sicher zu schützen.

### 3. PRODUCT FEATURES

The JIGOO T600 is designed for efficient and thorough cleaning of mattresses and upholstered surfaces. Key features include:

- **High Power and Suction:** Equipped with a 700W motor and 15kPa suction power to effectively remove dust mites and bed bugs.
- **UV Sterilization:** Features a 253.7nm UV lamp for deep sterilization, eliminating up to 99.9% of mites and bacteria.
- **60°C Hot Air System:** Rapid heating to 60°C in 5 seconds helps to kill mites and dry surfaces, preventing moisture buildup.
- **Dual Dust Bin Design:** Independent dust bins for optimal filtration and easy disposal, ensuring hygienic cleaning.
- **Silent Operation:** Operates at a low noise level of 72dB for discreet use.

- **LED Display:** Provides real-time dust mite index and operational status for intelligent cleaning.
- **Ultrasonic Sterilization:** High-frequency ultrasonic waves disrupt the dust mite reproductive cycle.

## High Power, Strong Tapping

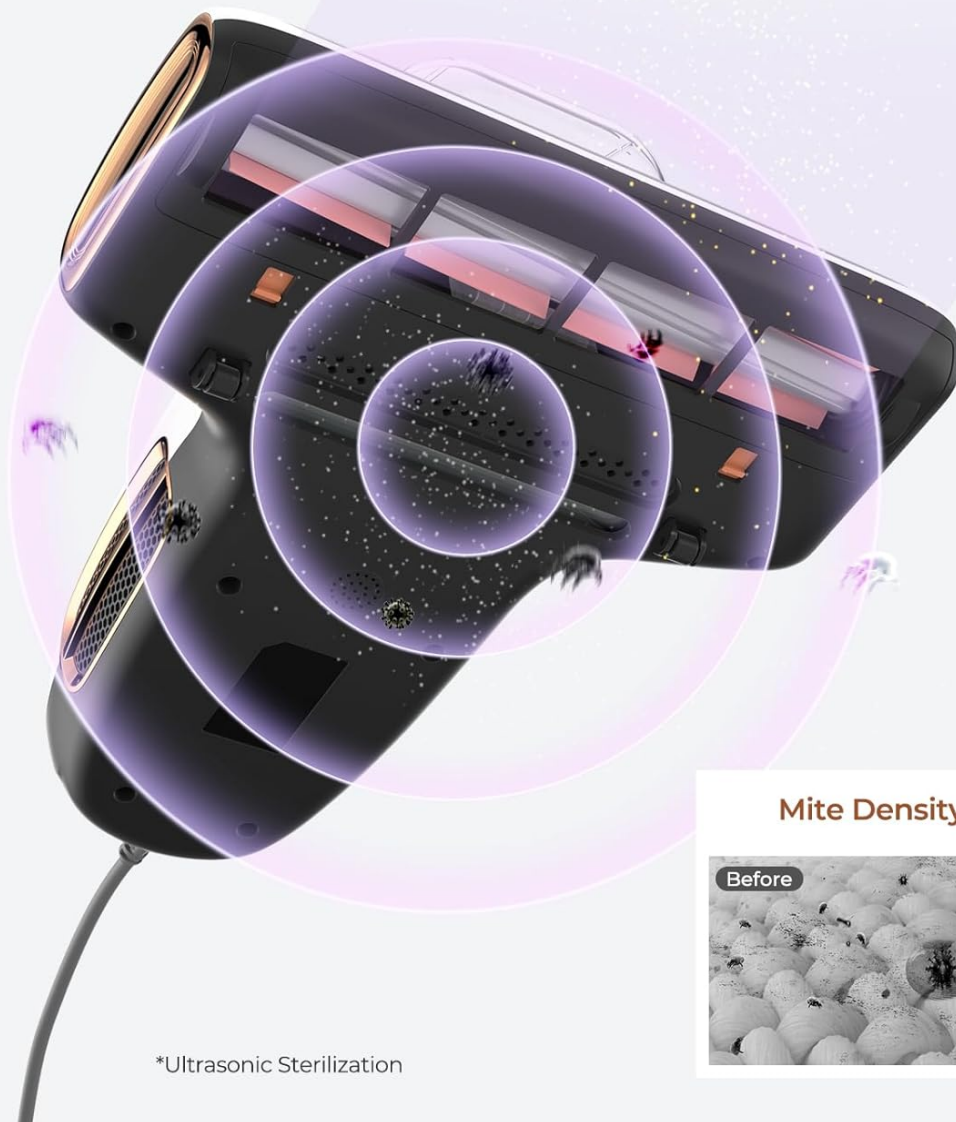

Effectively get rid of dust mites with its **700W** power, strong **15kPa** suction, and unique metal brush roller.

Image 3.1: The JIGOO T600 demonstrating its 700W power and 15kPa suction, highlighting the metal brush roller for effective dust mite removal.

# Cut Dust Mite Density by 99.99%

High-frequency ultrasonic waves can disrupt the dust mite reproductive cycle.

## Mite Density Comparison

Image 3.2: Visual representation of the JIGOO T600's ability to reduce dust mite density by 99.99% through high-frequency ultrasonic waves, with a "Before" and "After" comparison.

# Mite Removal at a Glance

The display clearly shows you the mite level of your mattress, in real time.

**Before Removal**

Lots of dust mites

**After Removal**

Neat and clean

Image 3.3: The JIGOO T600's LED display showing real-time dust mite index, indicating a high level before cleaning and a low level after cleaning.

## 4. SETUP

The JIGOO T600 is designed for ease of use. Follow these steps for initial setup:

1. **Unpacking:** Carefully remove the vacuum cleaner and all accessories from the packaging. Retain packaging for future storage or transport.
2. **Inspect Components:** Verify that all components are present and undamaged. Refer to the packing list for details.
3. **Power Connection:** Plug the power cord into a suitable electrical outlet (220 Volts).

## 5. OPERATING INSTRUCTIONS

To operate your JIGOO T600, follow these steps:

1. **Power On:** Press the power button to turn on the vacuum cleaner. The LED display will illuminate.
2. **Select Mode (if applicable):** The device automatically adjusts based on the dust mite index. Observe the LED display for real-time feedback.
3. **Cleaning Surfaces:** Gently glide the vacuum cleaner over the mattress, sofa, or other upholstered surfaces. Ensure the UV lamp is in contact with the surface for effective sterilization.
4. **UV Light Safety:** The UV light will automatically turn off if the device is lifted or tilted more than 15 degrees from the surface. This is a safety feature to prevent direct UV exposure.
5. **Power Off:** Press the power button again to turn off the vacuum cleaner after use.

Image 5.1: The JIGOO T600 being used for multiple purposes, including cleaning mattresses, carpets, and sofas, demonstrating its versatility in a household setting.

## 6. MAINTENANCE AND CLEANING

Regular maintenance ensures optimal performance and extends the lifespan of your JIGOO T600. Always unplug the device before cleaning.

### **1. Emptying the Dust Bin:**

The JIGOO T600 features a dual dust bin design for easy disposal. To empty:

- Press the release button to detach the dust bin assembly.
- Separate the two dust bins and empty their contents into a waste receptacle.

### **2. Cleaning Filters:**

The device uses a HEPA filter and a stainless steel filter screen. For thorough cleaning:

- Remove the HEPA filter and stainless steel filter screen from the dust bin assembly.
- Rinse the filters under running water. Ensure they are completely dry before reinserting them into the vacuum cleaner.
- Do not use detergents or abrasive cleaners on the filters.

### **3. Cleaning the Brush Roller:**

Periodically check the metal brush roller for tangled hair or debris. Remove any obstructions to maintain effective tapping and suction.

### **4. Cleaning the Main Unit:**

Wipe the exterior of the vacuum cleaner with a soft, damp cloth. Do not use harsh chemicals.

## Einfach zu demontieren und leicht zu reinigen.

Image 6.1: Step-by-step guide on how to disassemble and clean the JIGOO T600, showing the removal of the dust bin, filters, and brush roller for washing.

## Thorough Filtration, Convenient Disposal

**Detachable Dust Cup** |  
Make disposal easy while keeping  
your hands clean.

## 7. TROUBLESHOOTING

If you encounter issues with your JIGOO T600, refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Vacuum cleaner does not turn on.	No power supply; power cord damaged; power button malfunction.	Check power outlet and cord. Ensure the power button is pressed correctly. Contact customer support if issues persist.
Weak suction power.	Dust bin full; filters clogged; brush roller obstructed.	Empty dust bin. Clean or replace filters. Remove any debris from the brush roller.

Problem	Possible Cause	Solution
UV lamp not illuminating.	Device lifted or tilted; UV lamp faulty.	Ensure the vacuum cleaner is flat on the surface. If the problem persists, contact customer support.
Unusual noise during operation.	Obstruction in the brush roller or air ducts; motor issue.	Check for and remove any obstructions. If the noise continues, discontinue use and contact customer support.

## 8. SPECIFICATIONS

Feature	Specification
Brand	JIGOO
Model	T600
Color	Grey
Power	700 Watts
Suction Power	15 kPa
Voltage	220 Volts
Noise Level	72 dB
Product Dimensions (L x W x H)	32.89 x 27.18 x 18.8 cm
Item Weight	2.72 Kilograms (6 Pounds)
Dust Bin Capacity	16.9 Ounces
Special Features	HEPA Filter, UV Light, Lightweight, Animal Brush, LED Display
Filter Type	HEPA Filter
Surface Recommendation	Mattress, Carpet
Power Source	Corded Electric

## 9. WARRANTY AND SUPPORT
