Jaobeem BWL001

Jaobeem Baby Playpen with Mat (50x50 Inch) - Instruction Manual

Model: BWL001

1. Important Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference. Failure to follow these warnings and instructions could result in serious injury or death.

- **Never leave child unattended.** Always keep your child in view when they are in the playpen.
- Ensure all parts are correctly assembled and securely fastened before each use. Regularly check for loose parts, damaged fabric, or sharp edges. Discontinue use if any part is damaged.
- Do not place the playpen near windows where cords from blinds or drapes could strangle a child.
- Do not place the playpen near heat sources, such as heaters, fireplaces, or open flames.
- The playpen is designed for children who cannot climb out and are within the recommended weight limit.
- **Maximum Weight Recommendation:** 80 pounds.
- Use only on a flat, level, and stable surface.
- Keep small objects that could be a choking hazard out of the playpen.
- The fabric is made from soft, non-toxic, BPA-FREE material.
- The playpen features anti-slip suction cups for stability and a sturdy construction with 201 metal tubes.

2. Package Contents

Please check to ensure all components are present before beginning assembly. If any parts are missing or damaged, do not use the product and contact customer support.

Image: Fully assembled Jaobeem Baby Playpen with mat and colorful balls.

This image shows the complete product, including the fabric enclosure, metal frame, play mat, and colorful play balls, as they would appear after assembly.

- Fabric Enclosure (with mesh sides and zipper door)
- Metal Tubes (various lengths for frame construction)
- Plastic Connectors (for joining tubes)
- Waterproof and Anti-slip Play Mat
- Colorful Play Balls
- Instruction Manual (this document)

3. Setup Instructions

Assembly is tool-free and can typically be completed by one person in about 10 minutes. Follow these steps carefully:

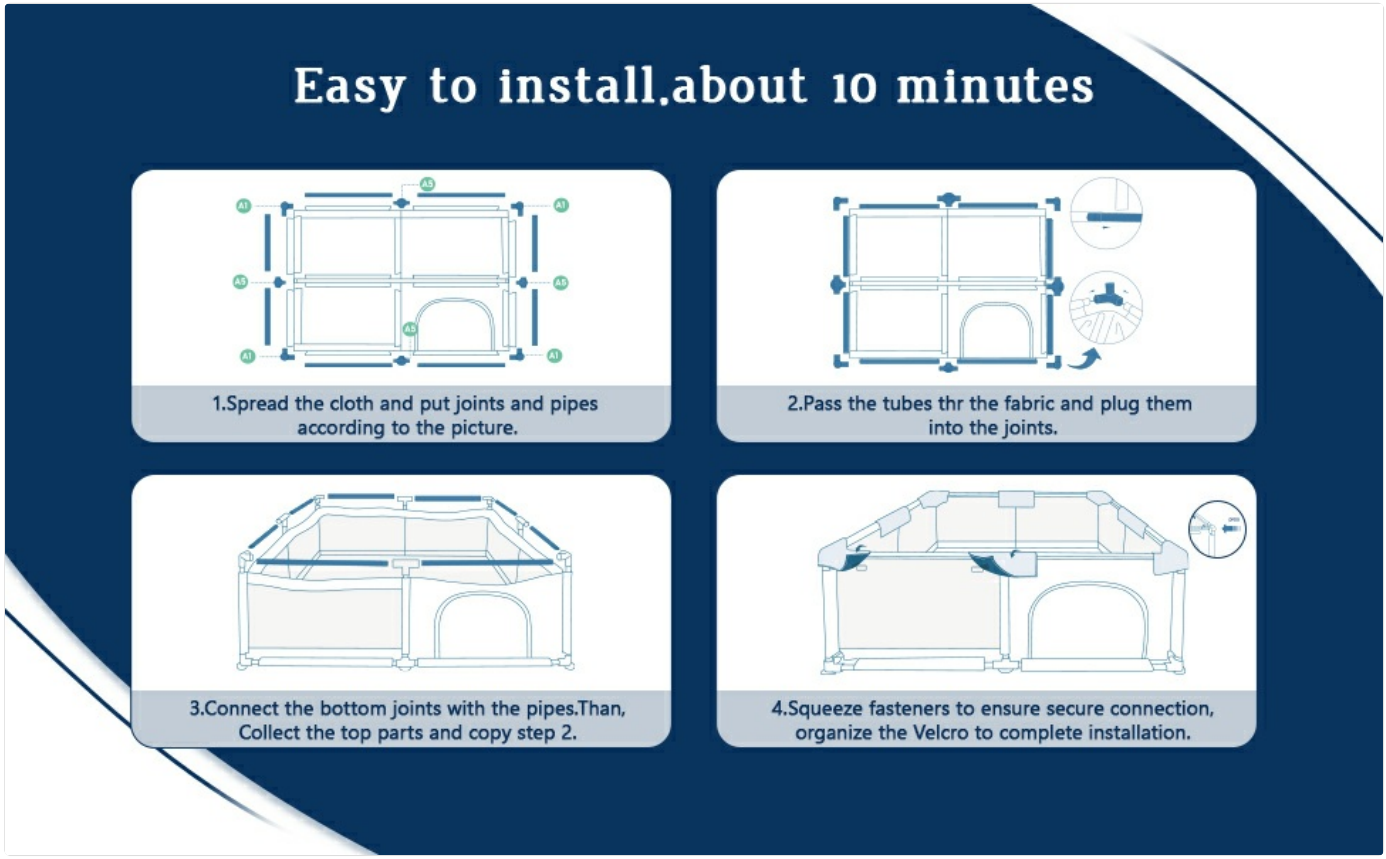

Image: Four-step diagram illustrating the assembly process of the playpen.

This image visually guides you through the assembly, showing how to connect the frame and secure the fabric.

1. **Step 1: Prepare the Fabric and Bottom Frame.** Spread the fabric enclosure on a clean, flat surface. Insert the appropriate metal tubes into the sleeves along the bottom edges of the fabric, connecting them with the plastic joints as shown in the diagram.
2. **Step 2: Assemble Side Supports.** Pass the vertical metal tubes through the fabric loops on the sides and plug them into the plastic joints of the bottom frame.
3. **Step 3: Connect Top Frame.** Assemble the top frame by inserting metal tubes into the remaining plastic joints, creating the upper perimeter of the playpen. Ensure all connections are firm.
4. **Step 4: Secure and Finalize.** Squeeze any fasteners or clips to ensure a secure connection. Organize any Velcro straps or fabric covers to complete the installation. Ensure the anti-slip suction cups on the bottom are properly positioned.

Once assembled, place the waterproof play mat inside the playpen and add the colorful play balls.

4. Operating Instructions

The Jaobeem Baby Playpen provides a safe and spacious area for your child to play.

Image: A baby playing happily inside the Jaobeem playpen while parents relax nearby.

This image demonstrates the playpen in use, providing a secure space for the child while allowing parents to supervise.

- **Supervision:** Always supervise your child when they are in the playpen. The 360° full-view mesh design allows you to keep an eye on your baby at all times, and your baby can see you, promoting a sense of security.
- **Zipper Door:** The playpen features a durable zipper door (not mesh) for easy access. Ensure the zipper is fully closed when your child is inside to prevent them from exiting unsupervised.
- **Play Area:** The included waterproof and anti-slip mat provides a comfortable and safe surface for play. The playpen helps contain toys and creates a dedicated activity center.
- **Placement:** Place the playpen on a flat, stable surface. The anti-slip suction cups will help keep it securely in place.

5. Maintenance and Care

Proper care will extend the life of your Jaobeem Baby Playpen.

- **Fabric Cleaning:** The fabric enclosure can be cleaned with wet wipes for minor spills. For a more thorough cleaning, the fabric is machine washable on a gentle cycle. Air dry completely before reassembling.
- **Mat Cleaning:** The waterproof play mat can be easily wiped clean with a damp cloth and mild soap.
- **Frame Cleaning:** Wipe down metal tubes and plastic connectors with a damp cloth as needed.
- **Inspection:** Regularly inspect all components for wear, tear, or damage. Ensure all connections remain secure.

6. Troubleshooting

If you encounter any issues with your playpen, please refer to the following common solutions:

Problem	Possible Cause	Solution
Playpen feels unstable or wobbly.	Connections are not fully secured; not on a flat surface.	Ensure all metal tubes are fully inserted into plastic connectors. Place the playpen on a flat, level surface. Check that suction cups are making full contact.
Suction cups are not sticking.	Surface is dirty or uneven; suction cups are dirty.	Clean the floor surface and the suction cups. Ensure the playpen is on a smooth, non-textured floor.
Fabric is torn or damaged.	Wear and tear; accidental damage.	Discontinue use immediately to prevent injury. Contact customer support for replacement parts or assistance.
Zipper is stuck or not closing properly.	Fabric caught in zipper; zipper teeth misaligned.	Gently pull fabric away from the zipper path. Try moving the zipper slowly. Do not force it.
