Jaobeem 50x50 Inch

Jaobeem Baby Playpen 50x50 Inch Instruction Manual

Introduction

This manual provides essential information for the safe and proper use of your Jaobeem Baby Playpen. Please read it thoroughly before assembly and use to ensure optimal safety and functionality. The Jaobeem Baby Playpen is designed to create a secure and spacious environment for your child to play, offering parents peace of mind.

The Jaobeem Baby Playpen provides a secure and spacious area for your child to play, allowing parents to attend to other tasks while ensuring the baby's safety.

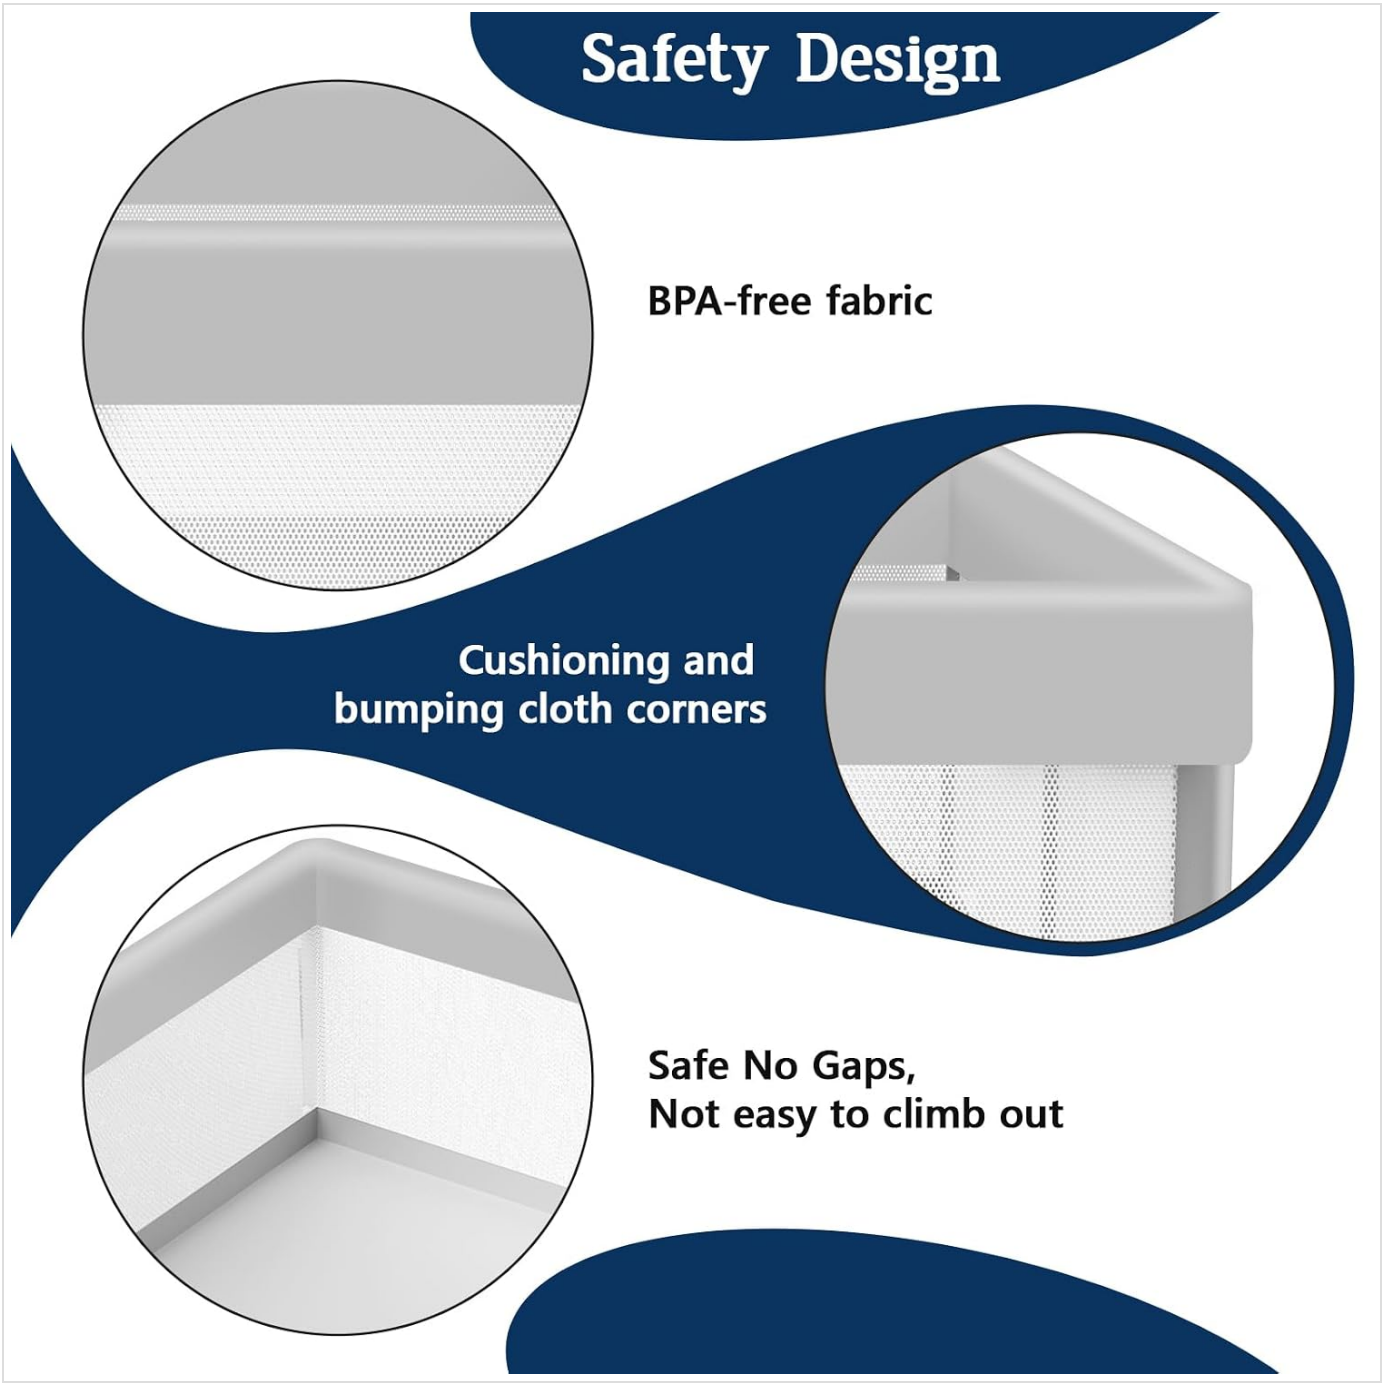

Safety Information

General Safety Guidelines

- Always supervise your child while they are in the playpen.
- Ensure all parts are correctly assembled and securely fastened before each use.
- Do not leave children unattended in the playpen.
- Keep the playpen away from open flames, heaters, and other heat sources.
- Do not place toys with long strings or cords in the playpen to prevent strangulation hazards.
- Discontinue use if any part of the playpen is damaged or missing.
- This playpen is designed for children who cannot climb out and are within the recommended age/weight limits (Toddler age range).

Product Safety Features

- **Height:** The playpen features a height of approximately 27 inches, designed to prevent children from climbing over.
- **Anti-Slip Base:** Equipped with an anti-slip base for enhanced stability.
- **Cushioned Links:** Links are covered with thick fabric to cushion against bumps.
- **BPA-free Fabric:** Constructed with BPA-free fabric for child safety.
- **No Gaps:** Designed to prevent gaps where a child could get trapped.

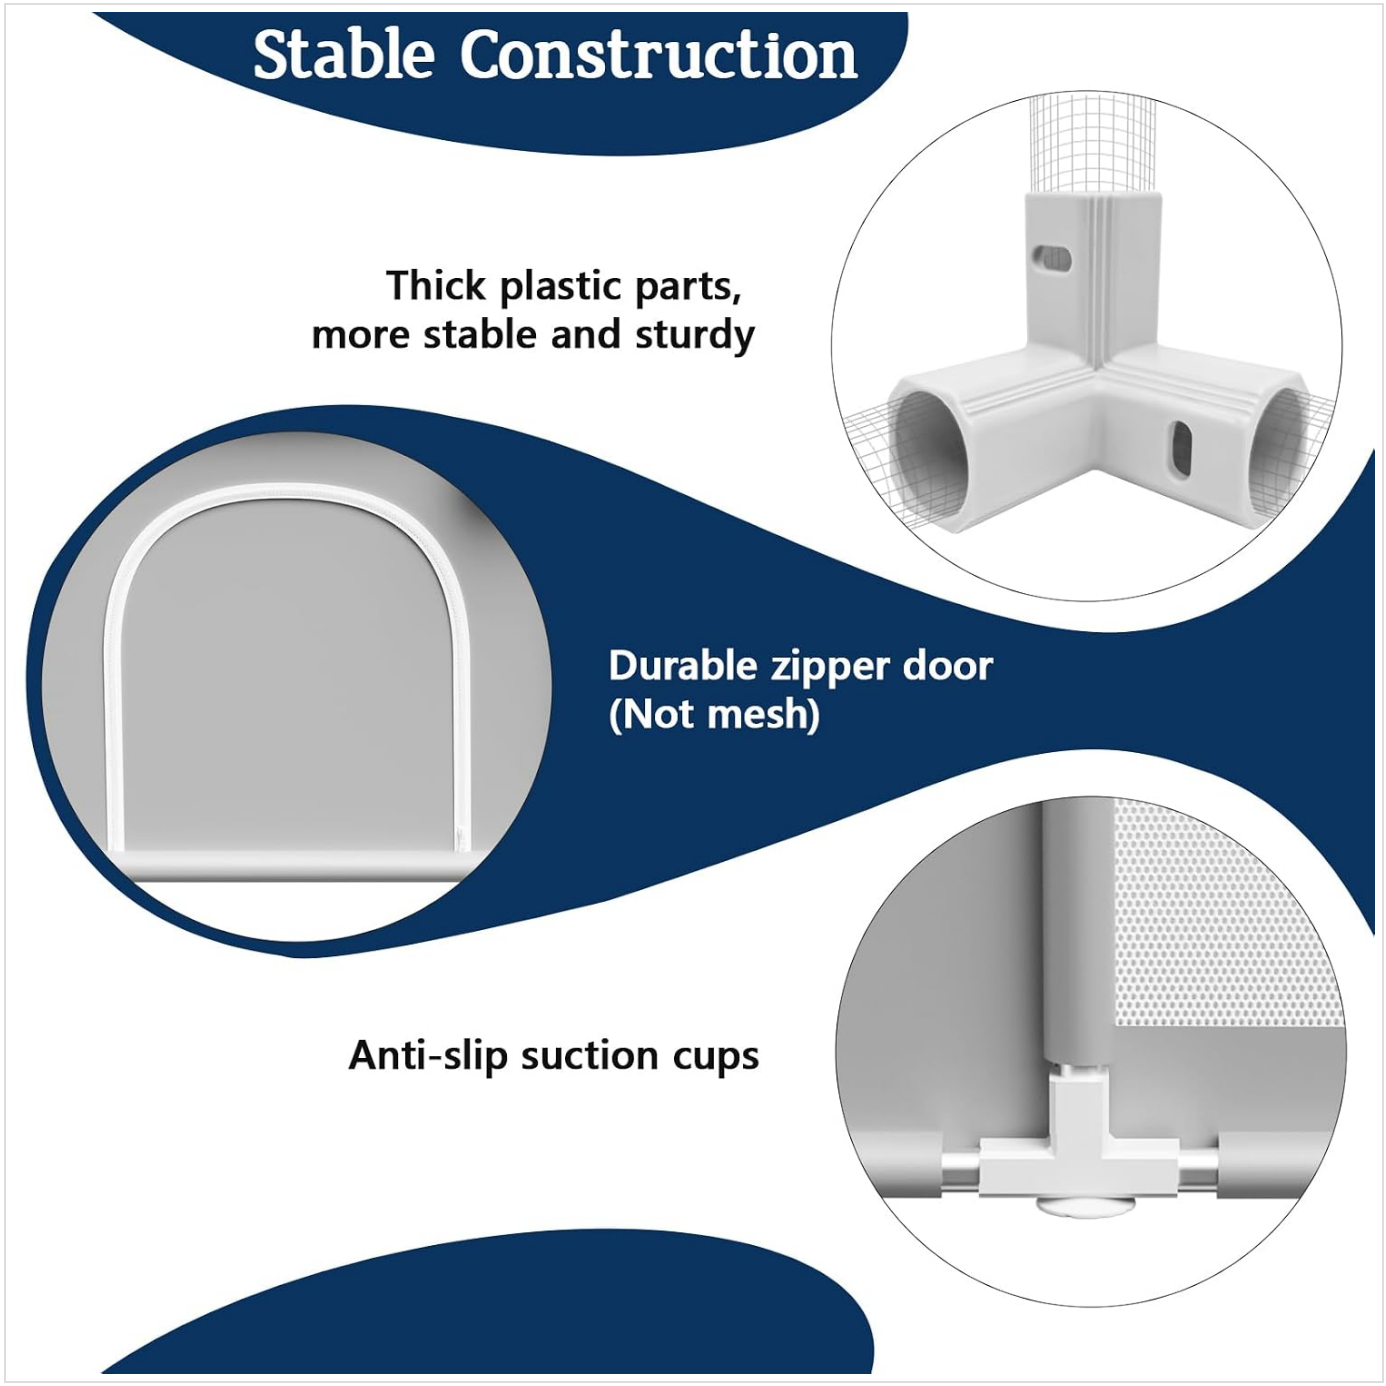

Detailed view of the playpen's safety features, including BPA-free fabric, cushioned corners, and a design that eliminates gaps for enhanced child protection.

Package Contents

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer service.

- Playpen Fabric Enclosure (with integrated zipper door)

- Stainless Steel Pipes (various lengths for frame construction)
- Thick Plastic Joints (connectors for pipes)
- Anti-Slip Suction Cups (integrated into base joints for stability)

Components of the playpen, highlighting the thick plastic joints, stainless steel pipes, and the durable zipper door.

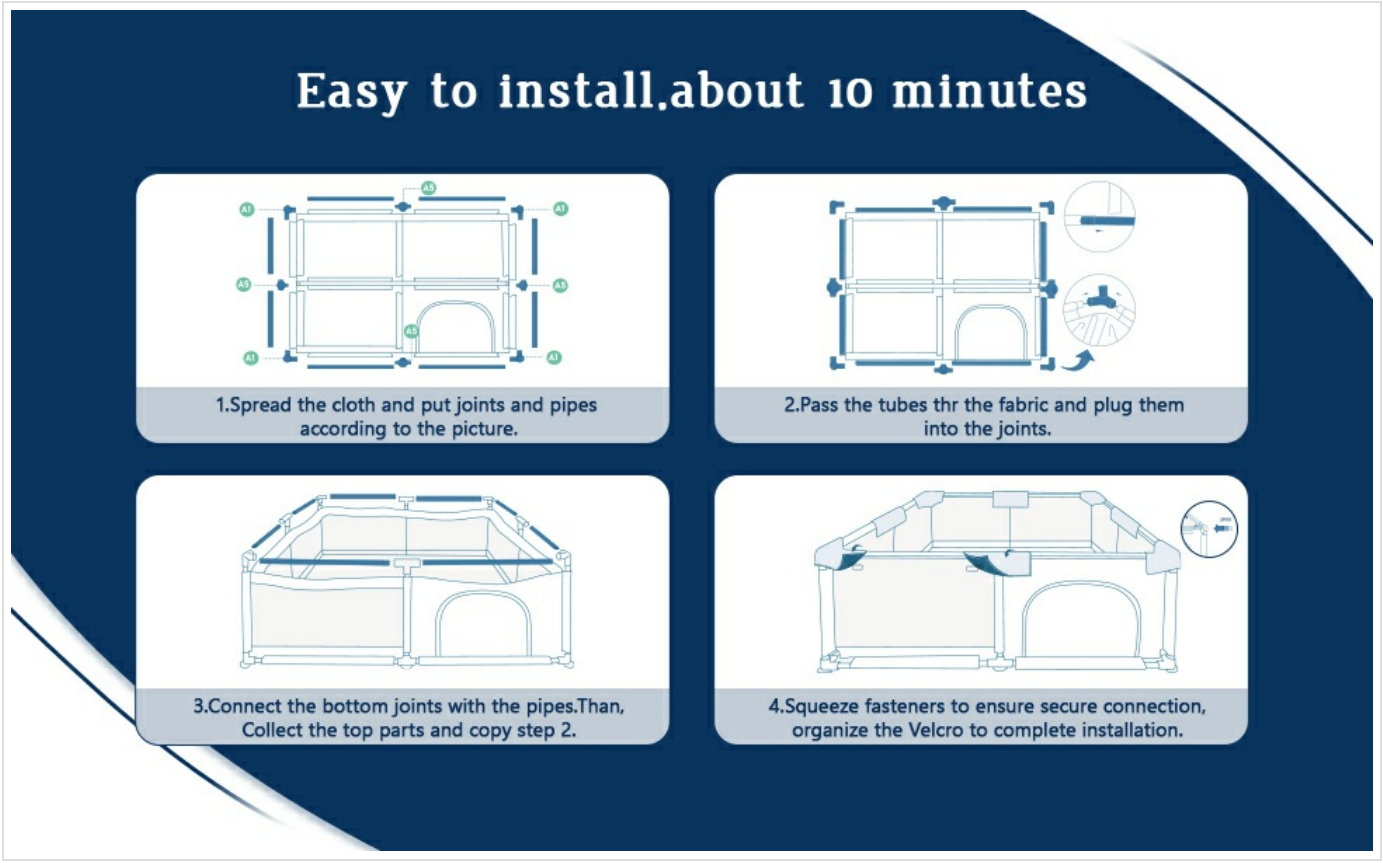

Setup and Assembly

The Jaobeem Baby Playpen is designed for easy assembly, typically taking about 10 minutes without the need for additional tools. Follow these steps carefully:

1. **Step 1: Lay out the Fabric and Pipes.** Spread the fabric enclosure on a clean, flat surface. Arrange the stainless steel pipes and plastic joints according to the diagram provided in the instructions.
2. **Step 2: Connect Pipes to Fabric.** Pass the pipes through the designated sleeves in the fabric. Insert the pipe ends into the plastic joints, ensuring a snug fit.
3. **Step 3: Assemble the Base.** Connect the bottom joints with the corresponding pipes. Ensure all connections are

secure and the anti-slip suction cups are positioned correctly.

4. **Step 4: Complete the Top Structure.** Collect the top parts and repeat Step 2 to form the upper frame. Squeeze fasteners to ensure a secure connection. Organize any Velcro straps to complete the installation and secure the fabric.

Operating Instructions

Using the Playpen

Once assembled, place the playpen on a flat, stable surface. Ensure all connections are secure before placing your child inside. The playpen offers a safe and engaging space for your child.

- The 360° visible mesh fabric allows for constant monitoring of your child while they play, providing clear visibility from all angles.
- The integrated zipper door provides easy access for your child to enter and exit when supervised, promoting independence as they grow.
- The spacious design accommodates various toys and activities, creating a dedicated play area.

A parent observing a child playing inside the playpen through its transparent mesh sides, demonstrating the 360-degree visual design.

Various uses of the playpen, including providing a safe space for play, aiding in learning to walk, separating pets from the baby, and containing toys.

Maintenance

Cleaning

- The fabric components can be wiped clean with a damp cloth and mild soap.
- Allow all parts to air dry completely before reassembly or storage.
- Do not use abrasive cleaners, harsh chemicals, or bleach, as these can damage the fabric or plastic components.

Inspection

- Regularly inspect the playpen for any signs of wear, tear, or damage to the fabric, pipes, or joints.
- Ensure all connections remain secure. Tighten any loose fasteners if necessary.
- If any part is significantly damaged or missing, discontinue use and contact customer support for replacement parts.

Troubleshooting

Common Issues and Solutions

- **Issue:** Parts do not fit together easily during assembly.
  Solution: Ensure you are using the correct pipes and joints for each section as per the assembly diagram. Apply gentle, even pressure. If parts are severely misaligned or damaged, contact customer support.
- **Issue:** Playpen feels unstable after assembly.
  Solution: Verify that all pipes are fully inserted into the plastic joints and that all fasteners are securely squeezed. Ensure the playpen is placed on a flat, level surface.
- **Issue:** Zipper door is difficult to operate.
  Solution: Check for any fabric obstruction in the zipper path. Ensure the zipper is aligned correctly. Avoid forcing the zipper, as this can cause damage.

Specifications

Attribute	Value
Brand	Jaobeem
Model	50x50 Inch Baby Playpen
Dimensions	50 x 50 x 26 inches (Length x Width x Height)
Item Weight	8.4 Pounds
