User Manual for Best Choice Products 12V Kids Ride-On Electric ATV

MODEL: SKY6754

Introduction

This manual provides essential information for the safe and proper operation, maintenance, and troubleshooting of your Best Choice Products 12V Kids Ride-On Electric ATV. Please read this manual thoroughly before assembly and first use to ensure a safe and enjoyable experience for your child.

Safety Information

Always use common sense and safe practices when operating this vehicle. Adult supervision is required at all times. Ensure the child wears appropriate safety gear, including a helmet. Do not operate the ATV near streets, motor vehicles, steep inclines, swimming pools, or other bodies of water. Only operate on flat, dry surfaces. Keep hands, hair, and clothing away from moving parts.

What's in the Box

Upon opening the package, please verify that all components are present:

- 12V Kids Ride-On Electric ATV main body
- Handlebars
- Wheels (4)
- Seat rest
- 12V Rechargeable Battery
- Battery Charger
- Assembly Guide
- Necessary screws and fasteners

Setup and Assembly

Assembly of the Best Choice Products 12V Kids Ride-On Electric ATV is straightforward. For detailed, step-by-step instructions, please refer to the included [Instructions for Use \(IFU\) PDF](#). Key assembly steps include:

1. Carefully unpack all components and verify against the parts list.
2. Attach the rear wheels by sliding them onto the axle rod and securing them with the provided fasteners.

3. Install the front wheels and secure them.
4. Attach the handlebars to the steering column.
5. Secure the plastic seat rest to the rear of the ATV.
6. Connect the 12V battery and ensure it is fully charged before first use (approximately 8-12 hours for initial charge).

Operating Instructions

Familiarize yourself with the controls located on the dashboard:

- **Power Button:** Press to turn the ATV on or off.
- **Forward/Reverse Switch:** Select desired driving direction.
- **High/Low Speed Switch:** Choose between two speed settings. The maximum speed is 3.7 mph.
- **Foot Pedal Accelerator:** Press down to move the ATV. Release to slow down and stop. The ATV does not have a separate brake pedal; releasing the accelerator acts as the brake.
- **Horn Button:** Activates the horn sound.
- **Music Player:** The dashboard features a music player with Bluetooth connectivity. Connect your media device wirelessly to play music. Additional buttons allow for radio tuning and track selection.
- **LED Headlights:** The ATV is equipped with functional LED headlights for enhanced visibility and realism.

Bluetooth Connection

Kids can wirelessly connect media devices to jam to while they cruise

Maintenance

Regular maintenance ensures the longevity and optimal performance of your ATV:

- **Battery Care:** The 12V rechargeable battery provides approximately 1.5 hours of run time per charge. Always charge the battery fully after each use and before long-term storage. Disconnect the battery when not in use for extended periods.
- **Cleaning:** Wipe down the ATV with a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Tires:** The large, treaded wheels are made of durable plastic and do not require air. They are designed to conquer various terrains like grass, dirt, driveways, and sidewalks.
- **Storage:** Store the ATV in a dry, cool place away from direct sunlight and moisture.

Large Treaded Wheels

Troubleshooting

If you encounter issues with your ATV, consider the following common solutions:

- **ATV Not Moving:**

- Check if the power button is pressed.
- Ensure the battery is fully charged and properly connected.
- Verify the Forward/Reverse switch is in the correct position.
- Confirm the foot pedal accelerator is fully depressed.

- **Short Run Time:**

- The battery may not be fully charged. Ensure it charges for the recommended duration.

- Battery may be old and losing capacity. Consider replacing the battery if it's consistently underperforming.
- **Music Player Not Connecting:**
 - Ensure Bluetooth is enabled on your media device and the ATV's music player is in Bluetooth mode.
 - Try restarting both the ATV and your media device.

For more detailed troubleshooting steps, please refer to the complete [Instructions for Use \(IFU\) PDF](#).

Specifications

Feature	Detail
Brand	Best Choice Products
Model Number	SKY6754
Product Dimensions (L x W x H)	39.5" x 26" x 29.5"
